

<Date>

Anyone ~ Anytime ~ Anywhere

<Parent/Guardian Name>

As part of the Voluntary Random Drug Testing Program, <Student Name> was randomly selected for a drug and alcohol test on <Date>. Unfortunately, we were not able to send a specimen to the lab for testing because <Student Name> had a Shy Bladder (could not urinate in the allotted time) and therefore there is no test report. Sometimes this is the result of truly not being able to urinate at a given time. Other times, donors will use it as an excuse to not be tested.

As outlined in the policy, the Carmel Unified School District does not receive a copy of this letter nor the test report.

If you have any questions, please don't hesitate to contact me via the phone or email which is listed below.

Best Regards

Kevin
