How to create a shared objective list for editing  
\*recurrence - annually

1. Once logged into RenPlace with your teacher password, go to your assignment book. Once your class appears, go to manage objectives

2. Here you will see the options under manage objectives not available. To activate this section for **your class only**, click on select/copy existing list.

3. You are now in the section to make a copy of the standard list from your grade level assigned to you at the beginning of the year. Choose your grade level AM list – Choose make a copy of the list – type in the name of your shared list for the year and select share-yes. Click save.

### Select/Copy Objective List

School: **Carmel River Elementary School**
