Hi,

I have been listening to the board meetings via zoom and YouTube for the past few years. I appreciate all the hard work and careful considerations our school board has done during these difficult times. Based on the comments of the board members and encouragement to look at the redistricting of the trustee areas, I have been tinkering with the numbers. Here is my suggested trustee area. I have kept Big Sur and Cachagua as separate trustee areas.

Sincerely,

Jennifer Hauser
