to me

Hello Tricia,

As a follow-up to the attached information you provided me regarding the "sale" of the parcel of land for \$10 to Carmel Unified School District in 1947:

- Can you confirm this paperwork is associated with the current Athletic Field? The Carmel Pine Cone insists these documents do not exist/are not accurate and are not related to the current football field.
- Can you confirm there are no other documents associated with this deed from 1946, 1948, 1949 that outline limitations of use?

You may get an additional request from legal counsel but I thought I'd go direct with this initial inquiry.
