Re: Carmel Unified School District: Response to California Public Records Act Request #2122-39 Our File No. 1885.210001

Dear Carmel Residents:

On behalf of our client, Carmel Unified School District ("District"), this letter supplements the District's correspondence, dated April 28, 2022, in to your recent request for records under the California Public Records Act ("CPRA"). Please be advised that the objections raised in our April 28, 2022 correspondence also apply to this supplemental response and are fully incorporated herein.

In accordance with California Government Code section 6253.1, the District understands your April 18, 2022 request as follows:

- CPRA Request Category 1: Please provide Carmel Unified School District's standard to determine school capacity at Carmel High School, Carmel Middle School and Carmel River School. How might this be different than the State Education Code standard? Please provide a current breakdown of each school - what is the current students to capacity ratio as of 2022.
CPRA Request Category 2: In addition, please provide and CUSD inputs into local CEQA projects including but limited to Rancho Cañada Village Subdivision since the first Draft EIR. The window would be from 2016 to current April 2022.

As previously stated, the District understands your request as seeking the District's class sizes as of the 2021-22 SY, and any public comments previously submitted by the District between 2016-2022 concerning any local proposed Draft Environmental Impact Reports ("EIR"), in accordance with the California Environmental Quality Act ("CEQA"). Please notify us if we have misunderstood the scope of your request.
