Thank you for your interest in Team 2035, the Carmel High Robotics team. Our "season" starts in January, so right now, we're in our "pre-season". We are working in the shop twice a week. Tuesday afternoons and Saturday mornings. These sessions are to train students to use equipment safely and correctly so that when we get to the build season, students will be able effective and valuable members of our team. We have gone to pre-season competitions in prior years, but in this case, we have decided to focus on our team and the skills that they need to possess. If you would like to come to the shop to see what we do, or interview anyone, please stop by. Thanks again for your interest in the robotics team.

The Our Voice Club is designed to engage club members of all genders as leaders in preventing sexual violence and intervening as bystanders to create a positive peer culture of respect and equity. The primary activities of MCRCC’s proposed violence prevention program include:

- Listening circles based in restorative practices to address unmet needs of the administration and survivors impacted by violence;
- Club recruitment activities, where students can connect with the club facilitator and sign up for the club;
- Our Voice Club curriculum implementation, approximately 25-30 meetings throughout the year;
- Two campus-wide events, organized by club members, to raise awareness of sexual violence;
- Ongoing consultation with school administration and teachers on emerging challenges, trauma informed practices, and disclosure procedures that support survivors of sexual harassment, abuse and assault;
- An end-of-year report for school administration detailing club member involvement, data from student participants, impact of the teacher training, and outreach provided during school-wide events.

Hey,

Always down to give interviews for the sandpiper, but in this case I’m not sure I’m the best person to interview since I wasn’t a key person involved. Actually the counselor in charge of ordering the PSAT is Mrs Von Ruden (I’m in charge of AP Testing). Think you’ll probably want interview her OR Principal Lyons since he’s the administrator who had ultimate say in whether it was offered this year.

Make sense?

I’d recommend a slightly lighter approach to make clear that this isn’t a gotcha story: “The tables look great and are being used already, and I’m just wondering how many more…” etc.

Make sense?

I was wondering if you could provide me some information on the matter. I’m curious to know how many tables were set up at CHS and how much the process costed? I’m also curious to know if this is just the beginning of adding tables, and will there be more additions to come?

Thank you and I look forward to hearing from you!

I think you can send Dan Paul an email that asks how much new outdoor seating and how many tables have been installed at CHS this fall and whether there are plans for more—shouldn’t need a face to face interview.

I’d wait to hear back from him before asking if it’s cool to just get a quick comment from the guys who installed them about the immediately positive student response.

Dear Raw Connection,

I am a student writer for the Sandpiper, the school newspaper of Carmel High School, and I am writing an article for this issue on the health benefits of pets, going beyond bringing happiness and joy to households. This includes new studies that say that pets can lower risk of death from cardiovascular disease or other causes, boost immune systems, decrease depression and anxiety, and more.

If there is someone at the Raw Connection that is able and available to take a short interview with me about this, it would be great to schedule an interview at their earliest convenience.

Thank you.

That's incredible, and from what I know, well-deserved.

Unless another one of my classmates has reached out to you already, I would love to write a feature about your award for the Sandpiper! I'm a writer for the class this year, and I'd love to interview you and the person(s) who nominated you for this award.

Would that be of any interest to you? If so, I would love to schedule a meeting as soon as possible!

Thank you!

Hi [REDACTED],

Thanks for checking in. I think I can speak for the group when I say we would all love to see you write an article on the new group in *The Sandpiper*. After a few scheduling bumps in the road, the group finally came to fruition two weeks ago. *The Social Justice Student Advisory Board* consists of members from 3 clubs (The Feminist Club; Be Yourself Club; Ethnic Awareness Club) and 2 task force committees (The Sexual Harrassment/Awareness Task Force and The Anti-Hate Speech Task Force). We are also reaching out to students in a couple of other groups to see if they would also be interested in joining. At present, we have only had one meeting, but we are planning to meet every two weeks.

The purpose of the advisory board is two-fold: 1) to bring together representatives from like-minded groups to become aware of what each group is planning, what their goals are, and to avoid overlapping the same activities/events between groups; and 2) to bring together the concerns of each group and to prioritize the feedback and concerns they want to bring to Administration’s attention.

Let me know if you have any other questions,
Mr. Crawford

Hi, hope you are doing well. Not much has changed. We are holding a board work session next Wednesday at 10 am to discuss late start and there should be some conversation about the stadium lights. The goal of the meeting is to have a transparent conversation about all of the decisions regarding late start. I am not sure when your deadline is but there will be a lot of information coming out of that meeting. You are more than welcome to attend and it will be in the HS auditorium. Let me know if you want to talk more.

Good morning Mr. Knight,

I’m running a story for the Carmel Pine Cone about student response to the postponement of stadium lights. Has anything changed in terms of the timeline for late start and lights since our last conversation? I know we spoke back then for the Sandpiper, but before I ran any of the material from February, I wanted to check back in with you to see if anything has shifted since then.

Thank you for your time.
Excellent, see you soon.

I do not want to speak on their behalf. Can you make an ASB meeting?

Mrs. Powers

Good morning Mrs. Powers,

I am writing an article for the Carmel Pine Cone about the postponement of the stadium lights project and the student reaction to the decision at CHS. I was wondering if we could arrange a time for a brief interview just so I could get a greater sense of how students feel about this decision now that lights will likely not be installed until at least the 2023-24 school year.

Please let me know if there's a time at the beginning of the week that works for you. Thank you!

Hi, Mr. Lyons,

Could you please let parents know in your Friday email that the newest issue of the Sandpiper is out now, as well as remind them that they can subscribe for updates at thesandpiper.org? Thank you so much.

Sure. You don't need to make an appointment, come by anytime other than those listed for my club meetings. I am usually in my room.

Hi Mr. Freitas,

I am writing an article for the Sandpiper on Hannah Shu and was wondering if I could get your take on her involvement in the school? Let me know if you are available sometime this week.

Thank you,

Would after the club meeting on Thursday be the most ideal for you? If not, I'm free either tomorrow at break or after school as well as Thursday and Friday.

Thanks
