Re: Carmel Unified School District  
Response to California Public Records Act Request, received July 8, 2022  
Our file no. 1885.210001

Dear Mr. Kahn:

On behalf of our client, Carmel Unified School District ("District"), this letter responds to your recent request, received July 8, 2022, for records under the California Public Records Act ("CPRA"), Gov. Code, § 6250 et seq.

The District understand you requested the following single category of records:

- 1) Records identifying "the names of the people, organizations and different entities working on the EIR" including "the point person you are using to interpret the data and convert to a usable format consistent with your goals, CEQA and any other rules and regulations that you feel are necessary to be addressed."

To the extent the District understands your request, the District interprets "the EIR" as a reference to a draft Environment Impact Report for the District's proposed Carmel High School Stadium Lights Project. Please notify us if we have misunderstood the scope of your request.

Upon reviewing your request, the District has determined that it must extend the time to respond to the request by fourteen (14) days, such that the District will respond by no later than August 1, 2022. (See Gov. Code, § 6253, subd. (c).) The circumstances warranting this extension include the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records in response to your request. (See *id.*)

Upon completion of the District's search, collection, and examination of records, only those documents that meet the definitions contained in the CPRA and are not otherwise exempt from disclosure will be produced. The District reserves all objections at this time.

Thank you for your patience while the District prepares its response to your CPRA request. In the meantime, if you have any questions, please contact this office.

Sincerely,

DANNIS WOLIVER KELLEY
