Submit a California Public Records Act Request to Carmel USD

The Carmel Unified School District (CUSD) is committed to transparency and providing easy access to public records pursuant to the California Public Records Act (CPRA). The California Public Records Act gives the public the right to access records created and maintained by public agencies in the course of their normal business.

Pursuant to Government Code Section 6252(e), a public record is defined as "any writing containing information relating to the conduct of the public's business prepared, owned, used, or retained by any state or local agency regardless of physical form or characteristics." Public records requests may be used to obtain "records," which include a wide variety of documents and other materials (including print, photographic, and electronic formats) that were created or obtained by the organization and are, at the time the request is filed, in the organization's possession and control.

Records subject to disclosure under the CPRA may include email or other communications from members of the public or which reference them. While the District reviews all responsive records to determine if this information should be disclosed, in many cases references to members of the public, or the content of their communications to the District are subject to disclosure. Permissible exemptions from disclosure include documents that invade an individual's right to privacy (e.g., privacy in certain personnel, medical, or student records) or hinder the government's need to perform its assigned functions in a reasonably efficient manner (e.g., maintaining confidentiality of investigative records, official information, records related to pending litigation, and preliminary notes or memoranda).

All requests will be posted to the District's CPRA webpage.

Response is not complete or accurate.

CPRA requesting all records (e-mails, texts, etc) BETWEEN members of the the Carmel High School Foundation's Board of Directors to ANY employee or staff of the Carmel unified school district since 2018 - 2022

There were no records that included Lisa Barnett or Mike Kelley. We have several in our possession so we are fully aware your responsive documents are not accurate or complete. Why are you withholding complete correspondence from either of these individuals?

Limited correspondence was provided from Marvin Biasotti to ANY employee or staff of CUSD. This is not complete or accurate. Example, reference the uploaded image. Can we have the attachment that is referenced on May 22nd 2022 in which Biasotti indicates he has sent SEVERAL e-mails to Ted Knight regarding Late Start and designation of rural exemption.

Send all requested records.
If you have attachments or images to add to the request, please do so here.

Thank you Marvin. I am not sure where we are with Chromebooks but Rob Perry may be the most appropriate at this point. Jessica should be able to assist with the distribution lists and yes would love the see the newsletter.

Thanks and hope they aren’t working you too hard, Ted :)

Good afternoon, Ted:

I've attached the resolution I brought to the Gonzales Board concerning designating the district as rural. It's very similar to the others I sent to you, but has a few wrinkles I added for a belt and suspenders approach.

Also, I'm wondering if you are comfortable with me reaching out to your IT person to determine if the district plans to surplus any of its inventory of ChromeBooks? If so, please let me know who I should contact.

Finally, in the past the district has provided Carmel High School Foundation the email addresses of the parents/caregivers of district students. CHSF then includes those emails in the distribution list for its newsletter. We send two newsletters per year that promote not only the activities of CHSF, but also highlight some of the exciting happenings at Carmel High. Please let me know if you would like to see our last newsletter, and/or whether you are okay with continuing that arrangement.

Thanks,

Marvin
