Submit a California Public Records Act Request to Carmel USD

The Carmel Unified School District (CUSD) is committed to transparency and providing easy access to public records pursuant to the California Public Records Act (CPRA). The California Public Records Act gives the public the right to access records created and maintained by public agencies in the course of their normal business.

Pursuant to Government Code Section 6252(e), a public record is defined as "any writing containing information relating to the conduct of the public's business prepared, owned, used, or retained by any state or local agency regardless of physical form or characteristics." Public records requests may be used to obtain "records," which include a wide variety of documents and other materials (including print, photographic, and electronic formats) that were created or obtained by the organization and are, at the time the request is filed, in the organization’s possession and control.

Records subject to disclosure under the CPRA may include email or other communications from members of the public or which reference them. While the District reviews all responsive records to determine if this information should be disclosed, in many cases references to members of the public, or the content of their communications to the District are subject to disclosure. Permissible exemptions from disclosure include documents that invade an individual's right to privacy (e.g., privacy in certain personnel, medical, or student records) or hinder the government's need to perform its assigned functions in a reasonably efficient manner (e.g., maintaining confidentiality of investigative records, official information, records related to pending litigation, and preliminary notes or memoranda).

All requests will be posted to the District's CPRA webpage.

Focus Groups 20...
Participation

The focus groups, interviews, and forums were conducted between April 18 and 26, 2023. The online stakeholder survey timeline was April 17 to April 26, 2023. All discussions were respectful, insightful, and helpful. The HYA associates conducting the focus groups and interviews would like to thank the participants for giving so freely of their time and for the depth of the discussions regarding the CHS principal search.

HYA consultants met with approximately 60 stakeholders in interviews, focus groups, and forums, all highly interactive. Regarding quantitative data, 472 stakeholders responded to the survey and 421 of these had a 95+% completion rate.

By group, the tally of completed surveys was:
- 188 students
- 168 parents
- 53 teachers and certificated staff members
- 7 classified staff members
- 5 administrators

Respondents made 914 individual written comments.
