  Cathy Truesdell  
  estrutner@carmelunified.org  
  ssetliff@carmelunified.org  
  ptaylor@carmelunified.org  
  sgonzalez@carmelunified.org  

Colleagues,
I would like to invite you to a meeting next Friday, May 6, 2022 from 1:00 - 3:00 at Carmel Middle School Library so that we can discuss the district-wide special education program. In a nutshell, I want to hear what is working and what is not working, from our practitioners. I will also be meeting with individuals or teams at a later date if any staff want to meet. I have received permission from your principals to use this time from the minimum day, but please do not feel that you have to attend if you have other plans or do not feel comfortable meeting in this setting. Have a great weekend and I look forward to talking soon.

Ted

Colleagues,

I would like to invite you to a meeting next Friday, May 6, 2022 from 1:00 - 3:00 at Carmel Middle School Library so that we can discuss the district-wide special education program. In a nutshell, I want to hear what is working and what is not working, from our practitioners. I will also be meeting with individuals or teams at a later date if any staff want to meet. I have received permission from your principals to use this time from the minimum day, but please do not feel that you have to attend if you have other plans or do not feel comfortable meeting in this setting. Have a great weekend and I look forward to talking soon.

Ted

Re: Presentation shared with you: "Special Education Services for Students with Disabilities Future Directions"

From: Ted Knight <tknight@carmelunified.org>  
To: Steve Gonzalez <sgonzalez@carmelunified.org>

Steve, this looks great. I will take a look this evening. Appreciate your work on this.

On Sat, May 21, 2022 at 6:06 PM Steve Gonzalez (via Google Slides) <drive-shares-dm-noreply@google.com> wrote:

sgonzalez@carmelunified.org has invited you to edit the following presentation:

Hi Ted, putting together a more concise ppt. Feel free to add or let me know if it should be changed in anyway. I like more simple slides and I'll explain the context of the slide in the meeting. S
E. Ted Knight, EdD

Fwd: Invitation: Meet with Mimi @ Tue May 31, 2022 3pm - 3:30pm (PDT) (yahoo.com)

From: Steve Gonzalez <sgonzalez@carmelunified.org>  
To: Ted Knight <tknight@carmelunified.org>

Tue, May 31, 2022 at 3:21 PM PDT (GMT-07:00)

Just keeping you apprised of the student who I said needed to go to a closed session. The agreement was actually a stipulated suspended expulsion and he didn't have any infractions that required the expulsion to be triggered. So, this doesn't have to go to the board after all. The student can begin the year on a positive note.

Steve

- Care Solace Impact in Carmel Unified (1).pdf
<table>
<thead>
<tr>
<th><strong>USAGE DATA</strong></th>
</tr>
</thead>
<tbody>
<tr>
<td>Partnership start September 2020</td>
</tr>
</tbody>
</table>

**Usage 20-21 School Year, 10 months:**
- Inbound interactions 408
- Communications saved 2152
- Warm Handoffs® 27
- Family-initiated cases 14
- Total appointments into care 12
- Anonymous searches 106

**Usage 21-22 School Year, 10 months:**
- Inbound interactions 150
- Communications saved 2149
- Warm Handoffs® 15
- Family-initiated cases 8
- Total appointments into care 3
- Anonymous searches 31

**Definitions**
- **Inbound interactions** - All inbound communications (text, phone, video, email) Questions the district did not have to answer
- **Communications Saved** - Outbound calls to providers and families coordinating appointments for families and staff
- **Warm Handoffs** - Direct Referrals from your users
- **Family-initiated Cases** - Families we assisted with finding a provider and wanted us involved in booking an appointment
- **Total appointments** - confirmed enrollments with a provider
- **Anonymous Searches** - Families who used our link to find a provider on their own

**RECENT ENHANCEMENTS**
- Expanded team to manage the rise in mental health needs and continued to quickly connect your community to care amidst a nationwide shortage.
- Improved safety measures by implementing imminent threat notifications and continuing to provide CWS/CPS reports.
- Launched the Share a Case feature in Care Loop to support school staff collaboration.
- Launched the leadership-exclusive User Management tool to manage your database of Care Loop users.
- Launched the confidential Warm Handoff for Staff functionality in Care Loop to easily connect staff in need to care providers.
- Launched user satisfaction surveys (NPS) to quickly identify and resolve any issues within your community.
- Launched a Resource Center with shareable community messaging, customized materials, translations, and graphics.
- Launched a Help Center with video tutorials and introductory training emails for your staff users.

**UPDATED FEBRUARY 2022**
CARE SOLACE RETURN ON INVESTMENT

While we recognize there is opportunity for increased utilization, below we wanted to break down our usage in terms of ROI. We looked at your student enrollment, total revenue per pupil, and our expected appointments for this year based on current data.

<table>
<thead>

</tbody>
</table>

Even with limited usage, and only considering the appointments we have confirmed (not the 31 families who searched on their own or 150 who contacted us for assistance), we see that a prevention of drop out for 4 students would have a significant return on investment for Carmel Unified School District.
FAMILY STORY

“I reached out for help for my son who is experiencing mental and substance abuse. I was contacted via email and text. Care Solace help find us a counselor within a few day’s meanwhile still contacting me periodically to ask how things were going. I would highly recommend Care Solace.”
Hi Ted and Jessica,

Would you have time to meet with a Panorama Ed Rep on Tuesday (7th) from 11-12:30p? They have data integration and streamline surveys with the LCAP (example) and a family component that I thought may be helpful for efficiency. Reduce duplication and build alignment.

Jessica from Panorama can go over the system and share what a timeline and proposal would look like. We would have to bring the Deputy and Director of SS along for whichever data system (screener) we would choose.

With a timeline, if we hold off, we would be able to begin looking at the implementation phase until later in the 22-23 year period.

Thanks,

Steve

Steve, I love the idea and am a huge fan of Panorama. However, we have deputy supt interviews until 12. I can join at 12 though

Steve,

there is a question from the board on why this is coming to them. Do they need to approve this or something?

Thanks, Ted

Hi Yvonne,

There are some students in regional ESY programs that are being transported. Dan notes three drivers. I can confirm if there is an additional classified staff as a rider, tomorrow.

Information only.

Per the CSEA contract holiday work is compensated at two and one-half times the regular rate of pay.

Steve, you have shared in the past that ESY for SPED needs to be 20 days. Will you be running ESY on June 20th?

Hi Ted and Craig,

This would be good for Sharon to be familiar with. Does Tular have a TOSA, too? Or, only River? Before the teacher reaches out to the vendor, I want to make sure it is aligned and one site isn’t using an assessment that varies from the other.

Thanks,

Steve

---------- Forwarded message ----------
From: Elizabeth Marsh <emarsh@carmelunified.org>
Date: Tue, Jun 21, 2022 at 3:05 PM
Subject: Testing Question
To: Sharon Setliff <ssetliff@carmelunified.org>, Steve Gonzalez <sgonzalez@carmelunified.org>

Hello Sharon and Steve,

I hope you are doing well.

Next year, in my TOSA role at River School, I am responsible for the Advanced Learners Program. I would like to reinstitute the use of a cognitive test. Jay approved of exploring this idea.

In looking at tests, the CogAt (Cognitive Abilities Test) is widely used by other school districts. I see that the Woodcock Johnson, which I believe CUSD uses, is offered by the same service as the CogAt. Before I reach out for information, I want to see if we have a relationship with a testing service.

Can you please let me know, via email or phone ( ) what information you have about the testing service we use? Or please refer me to someone who can answer my questions?

I appreciate your time and assistance!

Mrs. Elizabeth Marsh
Fifth Grade Teacher
Carmel River School

Hi Veronica,

Steve will still be leading our counseling and mental health departments. I think it would be a great idea to get everyone together. I have copied Steve on here to see if he can get anything together.

Let me know if I can support in any way, Ted

On Tue, Aug 2, 2022 at 5:05 PM Veronica Craft <vcraft@carmelunified.org> wrote:

Hi Ted,
In speaking with a few school counselors and social workers today during breakfast, we are wondering who is overseeing the mental health staff this year.
Is Steve going to continue to oversee both the Sped and Counseling departments?

I would love to connect with them and suggest that they schedule a meeting with everyone in the department, preferably this week. I know it’s last minute, but it would be great to start the year off with a cohesive plan.

Thanks for your time and assistance.

Have a great rest of your week!

Sincerely,
Verónica

Good morning all and happy Wednesday!

I hope you all had a great summer break! First, I am sure you have heard through the grapevine...I will continue to support you as we continue the work of implementing student support! Our last meeting in the Spring was wonderful and I am looking forward to building on the momentum.

A couple of priorities:

I want to welcome Stacey Profeta to the High School Wellness Center as the Coordinator!

Suicide Prevention Training: As you know, we are mandated to offer training for staff. While we continue to vet evidence-based training around this, we will need to consider alternatives that provide a consistent process for efficiently training our staff. We will work with Sharon Ofek (Deputy Superintendent) and Cassandra Ziskind (Director of Student Services), as well.

Student outcome data:
We will need to establish consistency for capturing common indicators for students receiving social-emotional/short-term counseling. This needs to be captured in a pre-mid-and/or post way so we can share progress. We didn't move forward with Panorama Ed, as we felt this needs more time to look into and it should not fall on the shoulders of you as one important group. This needs to be a whole school team approach.

Finally, let's look at some dates in the next couple of weeks for us to come together.

Have a great day and look forward to the new year!

Steve

Thank you for reaching out, Cheyenne. I am copying our Deputy Superintendent of Education on this reply. We will be conducting a community wide strategic planning process this year and I would encourage you to engage our staff and community during that process as we will be deciding our path forward.

Thanks, Ted

On Mon, Aug 8, 2022 at 3:03 PM Cheyenne Weston <natureconnecttherapy@gmail.com> wrote:

Hello,
I am addressing this email to y'all because each of you was suggested by either Karl Pallestrini (my old principal) or Lauren Capano at the Wellness Center at Carmel High to direct my idea towards.

Amanda Cheyenne Weston here, class of 2006. I have been putting together an offering for the community for some time now. I went off to grad school after returning to CHS to staff The Desert Trip so many times. I am now a Licensed Professional Clinical Counselor and ready to spread the benefits of that trip.

I've put together a pilot program to better support students through transitions with socioemotional learning. As it stands, it is specifically geared towards the transition from high school to adulthood, but it could also be adapted for the transitions from elementary and middle school as well. I've become quite passionate about reconnecting youth with their environment, themselves, and each other through experiences together, outdoors. I've also been educating myself in Rites of Passage work, a deep void in our culture felt strongly by the youth.

Centering on the theme of belonging, it's a group therapy experience that connects peers with each other on common mental health and phase-of-life struggles. Interventions such as anxiety management, emotional literacy and regulation, communication skills, and identity development are interspersed in a program gearing up for a rites of passage ceremony.

Let me know if you'd be interested in something along these lines. What it could look like is outlined here, and it can also have many other iterations: https://www.natureconnecttherapy.com/pilot-group-itinerary.html

I aim to be at the August 17th Board Meeting to speak my 3 minutes and hope to have your support!

Kindly,

Amanda Cheyenne Weston, MA, LPCC 11654

Hello,

Please hold the following dates for the Hearing regarding ToVa:

November 1, 2, and 3

For Corina, please anticipate obtaining a substitute for one or some of the days. We will know more once we get closer to the dates, but I wanted to give you a heads up.

The virtual hearing will take place at the DO Conference Room unless a different location is identified.

Thank you,

Steve

Hello,

First, I want to send a collective thank you for your support to the students, teachers, and families today. Your work and compassion are valued and recognized. I also want to thank Dan and Jen for their guidance to the staff and the CMS front office for providing the much-needed supplies to assist you as you met with students.

Tomorrow morning, two clinicians from Ohana will be onsite at CMS from 7:45 am to lunchtime to assist where assistance is needed. I have included Dr. Susan Swick in this email and appreciate Ohana's continued support in our community.

Once we obtain a temperature check on the status of the grief in the community, we will make the necessary adjustments for support.

Please take the time to take care of yourself and get some rest.

Steve

Hi Steve,

I have been collecting Sign In sheets from our colleagues who completed one that came to support. I gave the sheets to Farrah to hold so we can input them in Aeries later this week. I will get the sheets from Farrah tomorrow (she is gone for the day) when she is here and can work on inputting the information.

Thank you,

Purpose of this Handbook

Most of the time school site staff handle routine emergencies that have minimal impact upon normal school functioning. In these cases, the Principal consults with the school site staff (Counselor(s) and/or School Psychologist) to determine how to coordinate the functions that would be provided by the District Mental Health Site Service Provider (SSP).

When a significant crisis causes interruption to normal school functioning and a team of professionals is needed to address the crisis, the Principal may elect to consult with District Crisis Team Coordinator to determine whether or not to mobilize the District Crisis Team. Whenever it is necessary to mobilize the District Crisis Team, staff from several school sites may be recruited to fill crisis team assignments at the school (Crisis Response Team- CRT).

Crisis response is best conducted immediately following the event. While most students or staff will experience symptoms only temporarily, others may experience delayed reactions to the crisis event.

**District Crisis Team (DCT)** includes District Crisis Team Coordinator, School Site Administrator, and district appointed Lead Counselor, Lead Psychologist, and District Mental Health Site Service Provider (MH SSP).

</tr>
</tbody>
</table>
DISTRICT CRISIS TEAM PROTOCOL

1. Principal will contact District Crisis Team Coordinator
2. District Crisis Team Coordinator will contact leads if needed
3. District Crisis Team convenes Pre-Planning meeting
4. Team leads will send text message to team members (counselors and school psychologists) as follows:
   “Crisis: (school site) (where to meet) (what time)”
   **Example:** “Crisis: WCHS, media center, 7:15 a.m.”
5. District Crisis Team Coordinator emails site Principals and Director of Special Education if needed
RESPONSIBILITIES

| DISTRICT CRISIS TEAM COORDINATOR: Command, knowing who’s in charge |
| DISTRICT CRISIS TEAM: Gathering accurate information and planning for future activities |
| CRISIS RESPONSE TEAM: Personnel responding to emergency, record keeping |
| SITE PRINCIPAL: Provides needed supplies and equipment (logistics) |

DISTRICT OFFICE SUPPORT

The Principal, students, staff and parents should expect that the District Office would provide support for the school site in the following ways:

- Provide consultation and guidance to the Principal
- Collaborate with Principal and District Crisis Team for intervention planning
- Provide additional staffing to assist as needed
- Request additional support from community resources and other school districts through the Los Angeles County Office of Education (LACOE), if needed
DISTRICT CRISIS TEAM
FUNCTIONAL ASSIGNMENTS

DISTRICT CRISIS TEAM COORDINATOR

The District Crisis Team Coordinator mobilizes and commands the District Crisis Team. In the event that the District Crisis Team Coordinator is not available, an alternate would be District Mental Health Coordinator.

District Crisis Team Coordinator Responsibilities:

- Collaborate with Principal to assess impact on school site
- Determine need to mobilize District Crisis Team
- Determine need to contact WCPD to provide logistical support
- Initiate phone tree which consists of designated team leads:
  1. Mental Health Site Service Provider (MH SSP)
  2. School Counselor
  3. School Psychologist
  4. Site Principal
- Set up time and location to meet with District Crisis Team for pre-planning
- Email site Principals and Director of Special Education if additional staff resources are needed
- Remind every school site to update the crisis box periodically
- Maintain Yearly Crisis Log
- Consult with the Principal regarding school closure, re-opening, and parent communication
- Provide Superintendent with status updates

Pre-planning meeting should include the following:

- Gather known facts about the incident to develop scripts for school staff, students, office clerks, and phone blasts
- Determine need to alert other school sites for additional resources
- Determine what documentation is necessary
- Determine school site logistics for triage and assessments as needed
- Review Principal responsibilities (Page 5)
DISTRICT CRISIS TEAM
FUNCTIONAL ASSIGNMENTS, continued

SCHOOL SITE PRINCIPAL:
Responsibilities:

- Pre-Crisis/Ongoing Basis
  - Ensure School Site Personnel Fact Sheet is updated (Page 18)
  - Must ensure that site staff (School Psychologist and School Counselors) are available at all times to respond to crisis
  - Ensure crisis box is updated and maintained periodically
  - Update school site bell schedule, campus map, and class schedules, as needed
  - Ensure Walkie-Talkies are available

- Active Crisis
  - Identify the problem/event and determine the degree of impact on site
  - Determine, with District Crisis Team Coordinator, if assistance of District Crisis Team is needed
  - If District Crisis Team assistance is requested, prepare the school site to receive additional personnel (parking, identification tags, signs to guide staff)
  - Arrange for phone blast across multiple days
  - Arrange for meals, snacks, and drinks throughout the day for Crisis Response Team
  - Coordinate communication with school staff responding to other elements of the school crisis (i.e. security, transportation, communications, building and safety)
  - Collaborate with District Crisis Team Coordinator for the release of public information
  - Assess need for additional clerical support staff
  - Arrange for class coverage or substitutes, as needed
  - Discuss common parent concerns relevant to the crisis during daily debrief
  - Meet periodically with District Mental Health Coordinator to gather information about on-going student and staff needs

- Post Crisis
  - Personally contact parents/relatives of involved students/staff and discuss the impact on the school. Consider their wishes when planning activities such as campus memorials, if appropriate
  - Consult with District Crisis Team Coordinator and District Crisis Team to determine appropriateness of activities, memorials, and vigils to be held on campus
  - Ensure absent staff is updated on status of incident upon return
  - Plan faculty/staff meetings for follow-up communication
  - Email staff regarding support services (i.e. mental health support, guidelines, community resources)
  - Discuss appropriateness of town hall forums and memorial activities
DISTRICT CRISIS TEAM
FUNCTIONAL ASSIGNMENTS, continued

DISTRICT MENTAL HEALTH COORDINATOR

The District Mental Health Coordinator is responsible for emergency and recovery mental health operations to ensure the psychological well-being of students, staff, and Crisis Response Team members.

Responsibilities:

- Assess the needs of students, staff, and parents
- Monitor crisis operations and assess the need for additional mental health resources from nearby schools
- Provide regular reports to the Principal and District Crisis Team Coordinator
- Consult with the Principal regarding staff debriefing, parent meetings, town hall forums, and memorial activities
- Consult with Crisis Response Team regarding follow-up protocol for students and staff
- Collaborate with Principal for scheduling breaks, meals, and back-up assignments
- Review Crisis Response Team assignments and re-assign team members as needed
- Coordinate and assess needs at additional sites
- Monitor the Crisis Response Team for mental health breaks
- Set up and maintain Student Sign-In Sheet (Page 24) for crisis response team members
- Provide copies of class schedule to Crisis Response Team
- Disseminate folder for students who need follow up
INTERVENTION PRACTICES

CRISIS TEAM BRIEFING

It is important that the Principal and the District Mental Health Coordinator meet daily with the Crisis Response Team. Briefing meetings, including all crisis response team members, should be scheduled each morning that the team is engaged.

Team briefing should include the following:

- Status updates
- Distribute scripts for teachers and front office staff
- Discuss activities planned for the day
- Review intervention process and the status of referred students

SPACE CONSIDERATIONS

District Mental Health Coordinator will work with site administrator to locate appropriate space for the following activities:

- Crisis Response Team intervention room
- Individual assessment rooms/areas
- Crisis team break room

CRISIS RESPONSE REFERRALS

It is essential to identify students in need of assistance and to refer those in need of on-going mental support to the appropriate outside community resources.

- Identify students at risk (i.e. self-referrals, school staff referrals, parent referrals)
- School personnel and authorized visitors should be made aware of the referral procedures
- Student Referral form should be disseminated to all teachers, administrators, and school staff
- Ensure that site staff (counselor/psychologist) follow up with referrals
INTERVENTION PRACTICES, continued

CRISIS TEAM DE-BRIEFING

Each crisis response team member should have an opportunity to debrief on an individual or group basis. Debriefing meetings, including all Crisis Response Team members, should be scheduled at the end of each day that the team is engaged.

Team debriefing should include the following:

☐ Discuss strengths and weaknesses of the operations
☐ Discuss any changes in the crisis intervention operations and materials
☐ Review status of referred students
☐ Prioritize needs and personnel for subsequent days
☐ Discuss any plans for follow up operations
☐ Acknowledge when enough is enough. Crisis Response Team members must have permission to request to be excluded from crisis response for personal reasons

FOLLOW UP

Students identified for follow-up will be compiled and disseminated at the end of each day

Primary Level: School Psychologist will follow up with identified students to provide direct services and or referrals as needed.

Secondary Level: General Education Students: Counselor(s) will follow up with identified students to provide direct services and/or referrals as needed.

Special Education Students: School Psychologist(s) will follow up with identified students to provide direct services and/or referrals as needed.
CLASSROOM CHECK-IN

Some students may have limited or non-exposure to the traumatic event or the people impacted by it. Conversely, some students may have been directly impacted by the crisis or intimately involved with those affected.

The check-in is brief and focused solely on the classrooms most impacted by the crisis. It generally takes between 15 and 30 minutes. Responders should use age appropriate language and concepts to make the material meaningful. When visiting classrooms with special populations such as Special Education classes, the check-in should take into account the learning deficits and learning strengths of the students.

Check-in members could include:

1. Site administrator
2. Counselor or School Psychologist
3. Mental Health Team Members

Check-in member roles:

1. Site administrator is to check in with the classroom teacher
2. Counselor or School Psychologist is to deliver scripted message
3. Mental Health Team Members is to observe/scan the classroom to identify potential students who may require crisis intervention

CLASSROOM DISCUSSION

To encourage student discussion, responders may ask the following questions:

- What have you heard about this crisis?
- How are people in the class feeling about this crisis situation?
- Does anyone know the person/people involved in this situation?
- What were you thinking about before the presentation and what are you thinking about now?
IDENTIFYING STUDENTS AT RISK

The following suggestions may help responders to prepare students for possible referral:

- Explain that it is common to want to talk when something bad happens
- Explain that there are people at school available to talk to students one on one
- Hand out and collect completed counseling request forms (2nd Grade+)
- Submit counseling request forms to District Mental Health Site Service Provider
Common Reactions in Crisis Situations

PRESCHOOL AND KINDERGARTEN STUDENTS

Young children impacted by a crisis may have limited awareness of the incident itself. Their understanding of actual events may be distorted. The emotions that are aroused by the event may also be of concern. Sometimes children will respond behaviorally, emotionally, and somatically without understanding the connection to an event. At times, these children will regress to an earlier pattern of behavior that provides comfort.

Common responses by young children include the following, but not limited to:

- Crying more often
- Difficulty sleeping
- Difficulty separating from parent

ELEMENTARY STUDENTS

Elementary school aged children also have a wide range of responses to a crisis. Some of the symptoms parallel those seen in younger children.

Below are some expected reactions that elementary school aged children may experience:

- Difficulty focusing
- Difficulty sleeping
- Difficulty separating from parents
- Re-enacting the traumatic experience through play
- Anger or defiant behaviors
- Hyperactivity
Common Reactions in Crisis Situations, continued

MIDDLE SCHOOL AND HIGH SCHOOL STUDENTS

Once again, we often see a change in behavior when a trauma is experienced.

Listed below are some common reactions and behaviors:

- Difficulty focusing
- Withdrawal/isolation from usual activities
- Anxiety
- Hyperactivity
- Difficulty sleeping
- Defiance and/or aggression

STUDENTS WITH SPECIAL NEEDS

Children with special needs may have a more difficult time coping with crisis. They may require increased reassurance, explanations, and comfort, especially if they are directly impacted by the crisis event.

- Students with physical disabilities may feel an increased sense of vulnerability
- More pronounced reaction to threatened or actual trauma
- More pronounced response to trauma
- Greater difficulty in understanding the events and may have more extreme emotional reactions
Helping Your Student Recover from a Crisis

ELEMENTARY STUDENTS

Students in this group are vulnerable to changes in their routine and the disruption of the secure environment. They generally lack the verbal skills needed to effectively cope with sudden stress and they depend upon family members for comfort. In some cases, they might be affected as much or more by reactions of parents and family members as by the actual disaster.

Suggestions for Support:

- Give additional verbal assurance and ample physical comfort (e.g. reassuring hug)
- Provide comforting routines
- Permit child to sleep in parents’ room on a temporary basis
- Encourage the expression of emotions through play activities including drawing, dramatizing, and telling stories about the experience
- **IMPORTANT**: Resume normal routine as soon as possible
- If your child’s reactions are extreme or prolonged, seek professional help

Regressive behaviors are especially common. Children may become more withdrawn or aggressive. They might be practically affected by the loss of prized objects or pets.

- Gently insist on taking more responsibility - positively reinforce age-appropriate behavior
- Temporarily relax academic expectations
- Gently reinstate chores and responsibilities
- Encourage physical activity
- Encourage verbal and non-verbal expression of thoughts and feelings (i.e. encourage child to “grieve” the loss of pets or toys)
- Rehearse safety steps for future disasters
- Allow child to pick a favorite object to help them feel secure at school while separated from parents (i.e. toy, blanket, phone)
Helping Your Student Recover from a Crisis, continued

MIDDLE SCHOOL STUDENTS

Peer reactions are important. Children need acceptance from friends and to feel that their emotions and fears are normal. Anxiety and tension are expressed in numerous ways such as aggression, rebellion, withdrawal or attention seeking. “Survivor Guilt” might be present.

Suggestions for Support:

- Give additional attention and consideration
- Reassure that ability to concentrate, etc. will return
- Temporarily relax academic expectations
- Encourage verbal and written expression of feelings
- Provide predictable structure
- Encourage taking part in home and community recovery efforts
- Rehearse safety steps to prepare for future disasters
- Encourage physical activity and contact with friends
- **IMPORTANT:** resume normal routine as soon as possible
- If your child’s reactions are extreme or prolonged, seek professional help

HIGH SCHOOL STUDENTS

Most of the activities and interests are focused on the peer group. Fear that feelings or reactions are unacceptable might push the adolescent toward withdrawal or depression. Psychosomatic reactions are common. There may be resentment over disruption of social activities and frustration over a lack or full adult responsibilities. Frustration, anger and guilt can lead to irresponsible and even delinquent behavior.

Suggestions for Support

- Encourage discussion of crisis experiences with peers and significant others
- Encourage involvement in community rehabilitation and recovery efforts
- Temporarily relax expectations for school and home performance
- Encourage resumption of social activities, athletics, etc.
- **IMPORTANT:** resume normal routine as soon as possible
- If your child’s reactions are extreme or prolonged, seek professional help
Helping Your Student Deal with Grief

The death of a family member of friend can be a painful, confusing and often frightening experience at any point in one’s life. The child’s developmental stage of growth must be considered:

Suggestions for Support:

**PRESCHOOL AND KINDERGARTEN STUDENTS**

- Increase expressions of love (i.e. reassuring hug)
- Accept the child’s reactions
- Reassure them that they are not to blame
- Communicate openly and honestly about the death
- Clarify that death is permanent and not temporary
- If you child’s reactions are extreme or prolonged, seek professional help
- Reassure their safety and the safety of others

**ELEMENTARY STUDENTS**

The understanding of death is becoming clearer. By the time a child is nine years old, he or she usually comes to understand that death is irreversible, though they may still believe it only happens to other people. There is interest in the physical and biological aspects of death. Some believe that thoughts can make things happen, even accidents and death. Children at this stage usually alternatively confront and deny their grief. They are often unprepared for the length of the grieving process.

Suggestions for Support:

- Discuss death openly and honestly given that children need information
- Encourage the expression of anger
- Share your own feelings
- Be supportive, provide physical affection
- Discuss your child’s need with his/her teacher
- If your reactions are extreme or prolonged, seek professional help
Helping Your Student Deal with Grief, continued

MIDDLE AND HIGH SCHOOL STUDENTS

Older children and adolescents have a mature view of death and understanding of its irreversibility and of mortality. Although they understand personal death, adolescents usually view themselves as immortal. Often there is an increased interest in personal purpose in life (“meaning of life”), and in what happens after death. Death may be romanticized. There is concern that repeated exposure to television can distort an adolescent’s concept of finality of death and the reality of the grieving process. A significant death at this age may have profound effects on later adult functioning.

Suggestions for Support:

- Encourage verbal expression of grief
- Discuss death and grief – listen carefully
- Encourage healthy expression of grief (i.e. talk, journal physical activity)
- Validate concerns and feelings
- Establish limits on behavior
- Work with teachers and professional to engage adolescent in peer support groups
- If your child’s reactions are extreme or prolonged seek professional help
CRISIS BOX CHECKLIST

A crisis box consists of materials that are deemed necessary and/or appropriate for crisis intervention services. School sites will house their own crisis box which will be distributed by District Office.

Crisis Box to include the following:

- Tissue Boxes (6)
- Blank Printer Paper (1 Pack)
- Notepads (6)
- Large and Small Envelopes (4 each)
- Clipboards (2)
- Box of Pens
- Paperclips
- Post-It Notes (2)
- Manila Folders (6)
- Crayola Markers (3 Packs)
- Butcher Paper
- Blank I.D. Tags
- Campus map, master schedule, bell schedule, and phone list
- Return Slips/Hall Pass
- School Site Personnel Fact Sheet (Page 18)
- District Crisis Team (DCT) Leads (Page 19)
- Student Referral Form(s) (Page 20 & 21)
- Follow-Up Forms (Page 22)
- Crisis Response Notes (Page 23)
- Student Sign-In Sheet (Page 24)
- Suicide Hotline Cards (Page 25)
- Counseling Referral and Resource List (Page 26)
- Crisis & Suicide Handbook

This Ribbon Is A Lifeline
It carries the message that there are those who care and will help! If you, or a friend, are in need and don’t know how to ask for help, take this card to a counselor, teacher, clergy, doctor, parent or friend and say: “I Need to Use My Yellow Ribbon”

Be a Link! - Save a Life!
If you have received this Card, it is a cry for help

- Stay with this person, you are their lifeline!
- Listen, really listen. Take them seriously!
- Get or call help immediately:

Hello all,

This is a polite request. I have encountered a couple instances so far this year when meetings have been scheduled with high school staff on Thursday afternoons. Please be advised that the time from 2:30-3:30 has been allocated each week for the school to accomplish the goals we have set out. I know we all have our set of priorities and that at times it is necessary to pull people from other commitments but if we can find ways to limit the use of that time for meetings with high school staff that would be great

For your reference here is our CHS Master Meeting Calendar. I would be more than happy to help facilitate meeting scheduling if it is necessary and can provide support to help coordinate the best times for you to meet with staff (prep periods, release time, etc)

Hi Sharon,

Two of the high school counselors met with me this morning. When you have a chance, I want to loop you in so you can have a good dialogue with cabinet regarding the concerns.

Thank you,

Steve

One suggestion I would make - this correspondence really needs to go to our assistants - they are the ones who schedule most of our meetings and will continue to miss this kind of stuff if they are not told. Please forward this to each of your assistants, and adding Cassandra Z versus Cass :)

Introduction

The subject of records is very broad and includes several functions. Records Retention is the holding (period) of records/documents for further use. A record may be any document containing information. Records Management is a broader concept and fixes responsibility for and exercises controls over all records/documents, within an organization, from their creation to their final disposition. Records Storage is a function of Records Management, addressing the retention of original records or copies (whether photographed, micro-photographed, or otherwise reproduced on film or electronic media) and the development of a systemized storage plan and indexing with respect to preservation, easy retrieval for later use, or final destruction and disposal.

This manual is intended for Records Retention purposes only. While suggested procedures and sample forms have been included, this publication is not intended as a Records Management manual. The development of detailed procedures for Records Management must be left to individual districts to meet their own specific needs.

The Records Retention Manual is designed as a quick reference to the retention period of documents. While the lists of documents may not be totally inclusive, most documents used in school districts are represented. Various documents may appear in more than one area of responsibility. Old documents, no longer required, remain listed because they must still be maintained. The retention periods indicated are to assist district personnel in both the retention of permanent records and the timely destruction of documents.

This publication is a compilation of information from the California Education Code, California Code of Regulations – Title 5, Commercial Code, Government Code and many other sources indicating a legal document retention period for specific documents. Please refer to the Table of References for a list of sources.

This document is designed to be distributed to the appropriate departments. It is our recommendation that a copy of the Legal Provisions (beginning on page 107) accompany each section distributed. Please give credit to CASBO if any portion of this document is copied.

Disclaimer

The contents of this manual are appropriate as of the time of publishing the manual. Future administrative decisions, regulations or legislative action could result in major changes. CASBO is not responsible for any legal conflicts resulting from the use of this manual.
Suggested Procedures

Preparatory Steps:

The Legal Provisions provided in this document (beginning on page 107) should be thoroughly reviewed. A preliminary district study should be conducted of existing applicable board policies and administrative procedures, records on hand and probable personnel requirements in order to establish and maintain new or revised procedures, assess physical facilities available for storage or records and establish a schedule for accomplishing the tasks involved.

Records of a continuing nature, i.e. active and useful for administrative, legal, fiscal or other purposes over a period of years, shall not be classified until such usefulness has ceased. A pupil’s cumulative records is a continuing record until the pupil ceases to be enrolled in the district. It is then classified as a Class 1 – Permanent Record.

Classification of Records:

The school district’s chief administrator shall be the person responsible for classifying school district records into the following classifications (California Code of Regulations – Title 5, Sections 16020-16030):

- **Class 1 – Permanent Records** (as listed in Section 16023): The original, or one exact copy, unless microfilmed, shall be retained indefinitely.
- **Class 2 – Optional Records**: Not required by law to be retained permanently but deemed worthy of further preservation as specified in Section 16024.
- **Class 3 – Disposable Records**: required retention periods and procedures for destruction or transfer of records as specified in Section 16025.

While the required retention period for some records is dependent upon the date of the applicable audit, varying audit practices of federal, state and other agencies must also be considered.

Before January 1, the superintendent (or a person designated by the district not employing a superintendent) shall classify and review every record originating during the prior school fiscal year. The retention period for Class 3 records should be designated, and such records should be physically segregated by the fiscal year in which they are scheduled for destruction. In the inventory process, those carbons or other copies which are no longer useful to the district (except one copy of an original required by law to be filed with another agency) may be destroyed without making an inventory record.

Destruction of Records:

All Class 3 records which have been held for the required retention periods and any permanent records which have been classified as Class 3 after having been duly microfilmed and held for the required retention periods may be destroyed as per Title 5, Sections 16026-16027 of the California Code of Regulations.

The governing board should be notified of pending action to dispose of records, and such notification should be recorded in the board minutes. Notification should also be given to the governing board attesting to the fact that the documents have been properly destroyed.
Disposal of records should be accomplished by burning, shredding, pulping or other means to assure complete destruction and to prevent any reconstruction of the records to any degree.

**Microfilm and Other Applications**

The following outlines the various applications of microfilming techniques that may be utilized by all divisions and departments in managing their individual records. Each organization is responsible for determining the applications for microfilm and the microfilm to be used, whether it is microfilm cartridge or microfiche. Microfilm, microfiche-microfilm or microfiche are all micro-photographic images of record material, which may be retained in lieu of the record itself. The following requirements apply to micro-photographic images of any class of records:

- The image must be accurate in detail.
- The film must meet American National Standards Institute (ANSI) standards.
- The film or fiche must incorporate the superintendent’s signed and dated certification of compliance with the provisions of the Evidence Code.
- The image must be conveniently accessible, and provisions must be made for preserving permanently, examining and using the film.

**Optical Disk:**

Please refer to the Commercial Code authorization of recordation on optical disk.

**Electronic Copies:**

Education Code, Section 35254 states that “the governing board of any school district may make photographic, microfilm or electronic copies of any records of the district. The original of any records of which a photographic, microfilm or electronic copy has been made may be destroyed when provision is made for permanently maintaining the photographic, microfilm or electronic copies in the files of the district, except that no original record that is basic to any required audit shall be destroyed prior to the second July 1st succeeding the completion of the audit.”

The following applications should be considered:

- **Space Saving:** Permanent records or records to be kept for a period of ten years or longer should be microfilmed to save storage space. This process applies whether the records are to be kept in the office or sent to the warehouse for storage when they have become inactive. Records which are too active to send to the warehouse for storage, but by volume create a storage problem in office areas, may be microfilmed and effectively save office storage space and cost.

- **Fast Retrieval:** Fast retrieval of records information saves labor costs and provides better customer service. However, to achieve any appreciable savings, the retrieval rate should be fairly high. For example, if retrieval of information took only one hour per day, the savings would be negligible. But, if retrieval time was four or five hours per day, then an attractive labor savings can be realized by implementing a document imaging system.

- **Protection of Records:** Microfilm is the least expensive of all reproduction methods. In the case of very valuable documents, which are referenced frequently, the hard copies
are microfilmed for use in the office, and the hard copies may be stored in a safe place. File integrity is also maintained, since the documents are on a microfilm roll where the images remain on the roll in proper order.

- **Reduced Filing Time:** A great deal of time can be spent in fine sorting of documents and placing them in file folders. Random microfilming using an appropriate indexing method and batch sorting beforehand can eliminate filing and thus provide a savings in clerical costs.

- **Rapid Reproduction:** Microfilm can be used for fast reproduction work in lieu of other copying processes. When documents are microfilmed and the microfilm is used to make paper prints, a savings is realized because of the low cost of the film, the speed of filming and the speed of the automatic printer.

- **Cloud-based and Digital Storage:** School districts may contract with vendors for cloud computing services, digital storage and educational software related to pupil records if they comply with the requirements of Education Code, Section 49073.1. With respect to document retention, the third-party contractor must certify that pupil records shall not be retained or available to the contractor upon completion of the contract. Failure to comply with the requirements in Education Code, Section 49073.1 may void the contract.

- **Collection and Retention of Data from Social Media:** School districts may collect information regarding students from social media sources. To do so, they must comply with several requirements regarding parental notification, public notice, document retention and contracting with third-parties, contained in Education Code, section 49073.6. Unlike other student records, information gathered from social media sources must be destroyed within one year of either a) the student turning 18 or b) the student’s departure from the educational agency, whichever occurs first.
Suggested Forms

Statements
Letters
Records Inventories
Storage Labels
Introduction

Examples of various statements, letters, records inventories and storage labels appear on the following pages. They are not intended as official forms that must be used but are simply provided to assist you in the task of records retention and destruction.
Example: Classification Statements

Class 1
The documents on the attached list are permanent records originating in the school year __/__. The superintendent requests that these records be classified as Class 1 records.

Class 2
The documents on the attached list are permanent records originating in the school year __/__. These records require a retention period longer than three (3) years and the superintendent requests that these records be classified as Class 2 records.

Class 3
The documents on the attached list are permanent records originating in the school year __/__. The superintendent requests that these records be classified as Class 3 records.
Example: Destruction Statements (for Board Approval)

Class 2

The documents on the attached list have been previously classified as Class 2 records. The superintendent requests that these records be classified as Class 3 records.

These records have met the retention period requirements of Article 2, Sections 16023-16028 of Title 5, California Code of Regulations and are of no further use to the district. The superintendent requests permission to destroy the documents listed above.

Class 3

The documents on the attached list have been previously classified as Class 3 records.

These records have been retained for the legal period of time as per Article 2, Sections 16023-16028 of Title 5, California Code of Regulations. There is no further need to retain these records for use in the district. The superintendent requests permission to destroy the documents listed above.
Example: Letter (to the Governing Board) for Reclassification Request

Date

Governing Board
___________ District
___________ California

Board Members:

The attached list of documents is considered to be Class 2. The superintendent hereby requests permission to reclassify this list as Class 3 subsequent to submitting them for destruction.

These records have met the retention period requirements of Article 2, Sections 16023-16028 of Title 5, California Code of Regulations, and are of no further use to the district.

Governing Board

____________ District

____________ California

Board Members:

The attached list of documents is considered to be Class 3. These records have been retained for the legal period of time as per Article 2, Sections 16023-16028 of Title 5, California Code of Regulations.

This list also contains Class 1 documents that have been microfilmed and Class 2 documents that have been reclassified to Class 3 per letter to the Board of Trustees, dated _______.

There is no further need to retain these records for use in the district. The superintendent requests permission to destroy the documents listed.

Box ____ of ____
Documents and Retention Periods

By Areas of Responsibility
Introduction

This section of the Manual has been designed to be distributed to the appropriate departments. It is suggested that a copy of the Legal Provisions beginning on page 107 accompany each section distributed.

Various documents may appear in more than one area of responsibility. Old documents, no longer required, remain listed because they still must be maintained. This manual update reflects new additional documents as well as all previous ones.

In some instances the documents listed have retained the same title but have a new document number. The new number appears in the far left column, and the old number is printed, just below it, in parentheses.

To assist the reader in understanding the Column Headings on the subsequent pages, the following explanations are provided:

- **Form No. (if any):** If the document or form has a number, the number will be listed in the far left column for each document. If there is no form or document number, the space will be blank.
- **Class:** The column contains a 1, 2 or 3. This represents Class 1 – Permanent Records, Class 2 – Optional Records and Class 3 – Disposable Records. If other characters appear, refer to the footnote within each section.
- **Record Title:** The title or heading on the document or form is listed in this column.
- **Required Hard Copy Retention Period:** The required legal retention period as found in Title 5, the Education Code, Civil Code, etc. (refer to the Table of References) is listed in this column. If other characters appear, refer to the footnote within each section.
- **Recommended Retention:** The recommended retention period is the authors’ recommendation. This is usually greater than the legal requirement due to the reasons listed in the next column.
- **Reasons for Recommended Period:** There may be reasons for recommending an extra year over the legal requirement. Where no legal requirements have been found, recommendations have also been provided. Following are some examples:
  - **Audit Purposes:** retain until after completion of the audit.
  - **Audit Resolutions.**
  - **Timing/Fiscal Year End:** legal retention period may not coincide with the fiscal/school year end.
  - **Fiscal Accountability:** maintain for reference purposes for Fiscal Accountability.
  - **Retain until a pertinent document is received.**
  - **Retain in case of dispute.**
  - **Retain for possible litigation.**

If filmed: if the documents have been filmed or copied, the legal retention of the original document is four years, and the copy must be retained permanently. If dashes (--) appear in the column, it refers to the footnote “Feasibility to Microfilm or copy electronically at District Discretion.” The usual rule of thumb is that if a document must be retained from 15-20 years, it may be considered appropriate to copy or microfilm it. Footnotes are provided at the bottom of each page to clarify the information provided.

( -- ) Feasibility to Microfilm at District Discretion
NSD = Nutrition Services Division
FDP = Food Distribution Program
FNS = Food & Nutrition Services (USDA)
Policy

Effective January 1, 1990, Child Nutrition Program shall be retained for a period of three years after the submission of the fiscal year’s final Claim for Reimbursement. In cases where audit findings have not been resolved, records shall be retained beyond the three-year period until the audit issues are resolved. This policy also applies to adult day care food program sponsors.

Background

On July 21, 1989, Assembly Bill 1226 was signed into law as Chapter 194, Statutes of 1989, effective January 1, 1990. This legislation specifies that Child Nutrition Program records shall be retained in accordance with regulations adopted by the United States Department of Agriculture.

**Pupil Records**

A pupil's cumulative record is of a continuing nature as it is active and useful over a period of time, if not transferred, and is not classified until such usefulness has ceased or the pupil ceases to be enrolled in the district. (Title 5, Division 1, Chapter 16, sub-chapter 2, article 1, Section 16022 (b) for K-12 and Title 5, Division 6, Chapter 10, sub-chapter 2.5, article 1, Section 59022 (b) for C.C. of the California Code of Regulations). For further information as to what records make up a pupil's/student's record, the reader should read Title II, Division 4, Part 27, Chapter 6.5 PUPIL RECORDS (K-12) or Title III, Division 7, Part 47, Chapter 1.5 STUDENT RECORDS (C.C.) in the California Education Code. Pertinent portions of the 2 chapters appear in the Legal Provisions section of this document.

Legal Provisions
Section 16020. Definition of Records

(a) As used in this article, "records" means all records, maps, books, papers, and documents of a school district required by law to be prepared or retained or which are prepared or retained as necessary or convenient to the discharge of official duty.

Section 16022. Classification of Records

(a) Prior Year Records. Before January 1, the district superintendent (or a person designated by the district not employing a superintendent) shall review documents and papers originating during the prior school year and classify them as Class 1 -Permanent, Class 2 -Optional, or Class 3 -Disposable.

(b) Continuing Records. Records of a continuing nature, i.e., active and useful for administrative, legal, fiscal, or other purposes over a period of years, shall not be classified until such usefulness has ceased. A pupil’s cumulative record, if not transferred, is a continuing record until the pupil ceases to be enrolled in the district.

(c) Microfilm Copy. Whenever an original record is photographed, microphotographed, or otherwise reproduced on film, the copy thus made is hereby classified as Class 1 -Permanent. The original record, unless classified as Class 2 -Optional, may be classified as Class 3 -Disposable and may then be destroyed in accordance with this chapter if the following conditions have been met:

   (1) The reproduction was accurate in detail and on film of a type approved for permanent, photographic records by the United States Bureau of Standards.

   (2) The superintendent has attached to or incorporated in the microfilm copy his signed and dated certification of compliance with the provisions of Section 1531 of the Evidence Code.

   (3) The microfilm copy was placed in a conveniently accessible file, and provision was made for preserving permanently, examining and using same.

(d) Any “historical inventory of equipment” shall be a continuing record as provided in subdivision (b) and shall not be subject to classification for retention or destruction until the inventory is superseded or until the equipment is removed from district ownership.

Section 16023. Class 1 – Permanent Records

The original of each of the records listed in this section, or one exact copy thereof when the original is required by law to be filed with another agency, is a Class 1 -Permanent record and shall be retained indefinitely, unless microfilmed in accordance with Section 16022(c).

(a) Annual Reports.
(1) Official budget.
(2) Financial report of all funds, including cafeteria and student body funds.
(3) Audit of all funds.
(4) Average daily attendance, including Period 1 and Period 2 reports.
(5) Other major annual reports, including:
   (A) Those containing information relating to property, activities, financial condition, or transactions.
   (B) Those declared by board minutes to be permanent.
(b) Official Actions.
   (1) Minutes of the Board or Committees Thereof, including the text of a rule, regulation, policy, or resolution not set forth verbatim in the minutes but included therein by reference only.
   (2) Elections, including the call, if any, for and the result (but not including detail documents, such as ballots) of an election called, conducted or canvassed by the governing board for a board member, his recall, issuance of bonds incurring any long-term liability, change in maximum tax rates, reorganization, or any other purpose.
   (3) Records transmitted by another agency that pertain to that agency's action with respect to district reorganization.
(c) Personnel Records.
   (1) Employees.
      (A) All detail records relating to employment, assignment, amounts and dates of service rendered, termination or dismissal of an employee in any position, sick leave record, rate of compensation, salaries or wages paid, deductions or withholdings made and the person or agency to whom such amounts were paid. In lieu of the detail records, a complete proven summary payroll record for every employee of the school district containing the same data may be classified as Class 1 -Permanent, and the detail records may then be classified as Class 3 -Disposable.
      (B) Information of a derogatory nature as defined in Education Code Section 44031 shall be Class 1 -Permanent only after it becomes final. This information becomes final when:
         1. The time for filing a grievance has lapsed, or
         2. The document has been sustained by the grievance process.
      (C) Information of a derogatory nature as defined in Education Code Section 44031 shall be Class 3 -Disposable if prior to the effective date of this section the document was subject of grievance process and was not sustained.
   (2) Pupils.
      (A) The records of enrollment and scholarship for each pupil required by Section 432.
      (B) All records pertaining to any accident or injury involving a minor for which a claim for damages has been filed as required by law, including any policy of liability insurance relating thereto, except that these records cease to be Class 1 -Permanent records one year after the claim has been settled or the statute of limitations has run.
(d) Property Records. All detail records relating to land, buildings, and equipment. In lieu of such detail records, a complete property ledger may be classified as Class 1 -Permanent, and the detail records may then be classified as Class 3 -Disposable, if the property ledger includes:
   (1) All fixed assets.
   (2) An equipment inventory.
   (3) For each unit of property, the date of acquisition or augmentation, the person from whom acquired, an adequate description or identification, and the amount paid, and comparable data if the unit is disposed of by sale, loss, or otherwise.
Section 16024. Class 2 – Optional Records

Any record worthy of temporary preservation but not classified as Class 1-Permanent may be classified as Class 2-Optional and shall then be retained until reclassified as Class 3-Disposable. If the superintendent and governing board agree that classification should not be made by the time specified in section 16022, all records of the prior year may be classified as Class 2-Optional pending further review and classification within one year.

Section 16025. Class 3 – Disposable Records

All records not classified as Class 1-Permanent or Class 2-Optional shall be classified as Class 3-Disposable, including but not limited to detail records relating to:
(a) Records Basic to Audit, including those relating to attendance, average daily attendance, or a business or financial transaction (purchase orders, invoices, warrants, ledger sheets, cancelled checks and stubs, student body and cafeteria fund records, etc.), and detail records used in the preparation of any other report. Teachers’ registers may be classified as Class 3-Disposable only if all information required in Section 432 is retained in other records or if the General Record pages are removed from the register and are classified as Class 1-Permanent.
(b) Periodic Reports, including daily, weekly, and monthly reports, bulletins and instructions.

Section 16026. Retention Period

A Class 3-Disposable record shall not be destroyed until after the third July 1 succeeding the completion of the audit required by Education Code Section 41020 or of any other legally required audit, or after the ending date of any retention period required by any agency other than the State of California, whichever date is later. A continuing record shall not be destroyed until the fourth year after it has been classified as Class 3-Disposable.

Section 16027. Destruction of Records

Unless otherwise specified in this chapter, all Class 3-Disposable records shall be destroyed during the third school year after the school year in which they originated (e.g., 1976-77 records may be destroyed after July 1, 1980).

California Code of Regulation
Title 5. Education
Division 6. California Community Colleges
Chapter 10. Community College Administration
Subchapter 2.5. Retention

Section 59020. Definition of Records

(a) For purposes of this subchapter, “records” means all records, maps, books, papers, data processing output, and electronic documents that a Community College district is required by law to prepare or retain by law or official duty. “Records” includes “student records” as defined in section 76210 of the Education Code.
(b) The following documents are not “records” and may be destroyed at any time:
    (1) Additional copies of documents beyond the original or one copy. (A person receiving a duplicated copy need not retain it.)
(2) Correspondence between district employees that does not pertain to personnel matters or constitute a student record.
(3) Advertisements and other sales material received.
(4) Textbooks used for instruction, and other instructional materials, including library books, pamphlets and magazines.

Section 59021. Scope of Chapter

The provisions of this chapter apply only in the event that the destruction or retention of records by the district is not otherwise authorized or provided for by law.

Section 59022. Classification of Records

(a) The governing board of each Community College district shall establish an annual procedure by which the chief executive officer, or other designee shall review documents and papers received or produced during the prior academic year and classify them as Class 1-Permanent, Class 2-Optional, or Class 3-Disposable.
(b) All records not classified prior to July 1, 1976, are subject to the same review and classification as in (a). If such records are three or more years old and classified as Class 3-Disposable, they may be destroyed without further delay, but in accordance with article 3.
(c) Records originating during a current academic year shall not be classified during that year.
(d) Records of a continuing nature, i.e., active and useful for administrative, legal, fiscal, or other purposes over a period of years, shall not be classified until such usefulness has ceased.
(e) Whenever an original Class 1-Permanent record is photographed, microphotographed, or otherwise reproduced on film or electronically, the copy thus made is hereby classified as Class 1-Permanent. The original record, unless classified as Class 2-Optional, may be classified as Class 3-Disposable, and may then be destroyed in accordance with this chapter if the following conditions have been met:

(1) The reproduction was accurate in detail.
(2) The chief executive officer, or other designee, has attached to or incorporated in the copy or system a signed and dated certification of compliance with the provisions of section 1531 of the Evidence Code, stating in substance that the copy is a correct copy of the original, or a specified part thereof, as the case may be.
(3) The copy was placed in an accessible location and provision was made for preserving permanently, examining and using same.
(4) In addition, if the record is photographed or microfilmed, the reproduction must be on film of a type approved for permanent, photographic records by the United States Bureau of Standards.

California Code of Regulation
Title 5. Education
Division 6. California Community Colleges
Chapter 10. Community College Administration
Subchapter 2.5. Retention
Article 2. Period of Retention

Section 59023. Class 1 – Permanent Records

The original of each of the records listed in this Section, or one exact copy thereof when the original is required by law to be filed with another agency, is a Class 1-Permanent record and
shall be retained indefinitely, unless copied or reproduced in accordance with Subsection (e) of Section 59022.

(a) The following annual reports:
   (1) official budget;
   (2) financial report of all funds, including cafeteria and student body funds;
   (3) audit of all funds;
   (4) full-time equivalent student, including Period 1 and Period 2 reports; and
   (5) other major annual reports, including:
      (A) those containing information relating to property, activities, financial condition, or transactions; and
      (B) those declared by board minutes to be permanent.

(b) The following official actions:
   (1) minutes of the board or committees thereof, including the text of a rule, regulation, policy, or resolution not set forth verbatim in minutes but included therein by reference only;
   (2) elections, including the call, if any, for and the result (but not including detail documents, such as ballots) of an election called, conducted or canvassed by the governing board for a board member, the board member's recall, issuance of bonds, incurring any long-term liability, change in maximum tax rates, reorganization, or any other purpose; and
   (3) records transmitted by another agency that pertain to that agency's action with respect to district reorganization.

(c) The following personnel records of employees. All detail records relating to employment, assignment, employee evaluations, amounts and dates of service rendered, termination or dismissal of an employee in any position, sick leave record, rate of compensation, salaries or wages paid, deductions or withholdings made and the person or agency to whom such amounts were paid. In lieu of the detail records, a complete proven summary payroll record for every employee of the school district containing the same data may be classified as Class 1-Permanent, and the detail records may then be classified as Class 3-Disposable.

(d) The following student records:
   (1) the records of enrollment and scholarship for each student. Such records of enrollment and scholarship may include but need not be limited to:
      (A) name of student;
      (B) date of birth;
      (C) place of birth;
      (D) name and address of a parent having custody or a guardian, if the student is a minor;
      (E) entering and leaving date for each academic year and for any summer session or other extra session;
      (F) subjects taken during each year, half year, summer session or quarter; and
      (G) if grades or credits are given, the grades and number of credits toward graduation allowed for work taken.
   (2) All records pertaining to any accident or injury involving a student for which a claim for damages has been filed as required by law, including any policy of liability insurance relating thereto, except that these records cease to be Class 1-Permanent records, one year after the claim has been settled or after the applicable statute of limitations has run.

(e) Property Records. All detail records relating to land, buildings, and equipment. In lieu of such detail records, a complete property ledger may be classified as Class 1-Permanent, and the detail records may then be classified as Class 3-Disposable, if the property ledger includes:
   (1) all fixed assets;
   (2) an equipment inventory; and
(3) for each unit of property, the date of acquisition or augmentation, the person from whom acquired, an adequate description or identification, and the amount paid, and comparable data if the unit is disposed of by sale, loss, or otherwise.

Section 59024. Class 2 – Optional Records

Any record worthy of further preservation but not classified as Class 1-Permanent may be classified as Class 2-Optional and shall then be retained until reclassified as Class 3-Disposable. If the chief executive officer, or other designee, determines that classification should not be made by the time specified in section 59022, all records of the prior year may be classified as Class 2-Optional, pending further review and classification within one year.

Section 59025. Class 3 – Disposable Records

All records, other than Continuing Records, not classified as Class 1-Permanent or Class 2-Optional, shall be classified as Class 3-Disposable, including, but not limited to, detail records relating to:

(a) records basic to audit, including those relating to attendance, full-time equivalent student, or a business or financial transaction (purchase orders, invoices, warrants, ledger sheets, canceled checks and stubs, student body and cafeteria fund records, etc.), and detail records used in the preparation of any other report; and

(b) periodic reports, such as daily, weekly, and monthly reports, bulletins, and instructions.

Section 59026. Retention Period

(a) Generally, a Class 3 – Disposable record, unless otherwise specified in this Subchapter, should be destroyed during the third college year after the college year in which it originated (e.g., 1993-94 plus 3 = 1996-97). Federal programs, including various student aid programs, may require longer retention periods and such program requirements shall take precedence over the requirements contained herein.

(b) With respect to records basic to an audit, a Class 3 – Disposable record shall not be destroyed until after the third July 1 succeeding the completion of the audit required by Education Code Section 84040 or of any other legally required audit, or that period specified by Section 59118, or after the ending date of any retention period required by any agency other than the State of California, whichever date is later.

(c) With respect to continuing records, a continuing record shall not be destroyed until the third year after it has been classified as Class 3 – Disposable.

California Code of Regulation
Title 5. Education
Division 6. California Community Colleges
Chapter 10. Community College Administration
Subchapter 2.5. Retention
Article 3. Procedures for Destruction

Section 59027. Chief Administrative Officer Actions

(a) The chief administrative officer, or the designee of that officer, shall:

(1) Personally supervise the classification of records.
(2) Mark each file or other container as to classification and the school year in which the records originated. If the records are classified as Class 3-Disposable, the chief administrative officer shall also mark the school year in which such records are to be destroyed.

(3) Supervise the destruction of records.

(b) The chief administrative officer or designee shall submit to the governing board a list of records recommended for destruction, and shall certify that no records are included in the list in conflict with these regulations.

Section 59028. Board Action

The governing board shall:
(a) Approve or disapprove the recommendation of its designee.
(b) Order a reclassification when necessary or desirable.
(c) Order by action recorded in the minutes (with lists attached) the destruction of records in accordance with these regulations.

Section 59029. Manner of Destruction

Upon the order of the governing board that specified records shall be destroyed, such records shall be permanently destroyed by such foolproof methods as shredding, burning, or pulping; and such destruction shall be supervised by the chief executive officer or other designee.

Section 59030. Certification as to Content of Records Destroyed by Calamity

Whenever in any college year the community college register of any instructor, or other records of any district are destroyed by conflagration or public calamity, preventing the instructor and college officers from making their annual reports in the usual manner and with accuracy, affidavits of the instructor, the president, or other officers of the district, certifying as to the contents of the destroyed register or other records, shall be accepted by all college authorities for all purposes pertaining to the district, except that of calculations of full-time equivalent students (FTES).

Section 59031. Full-time Equivalent Student Records Where Area Hit by Calamity

Whenever the full-time equivalent student of a community college district has been materially affected in any college year by conflagration, public calamity, or epidemic of unusual duration and prevalence, the regular annual reports of the instructor, the president, or officers of the district, shall be accepted by all college officers for all matters pertaining to the district, except that of full-time equivalent student.

Section 59033. Attendance Accounting for Lost or Destroyed Records

Whenever any attendance records have been lost or destroyed by conflagration or public calamity, attendance accounting related to such records shall be made in accordance with section 58031.
Section 35250

The governing board of every school district shall:
(a) Certify or attest to actions taken by the governing board whenever such certification or attestation is required for any purpose.
(b) Keep an accurate account of the receipts and expenditures of school moneys.
(c) Make an annual report, on or before the first day of July, to the county superintendent of schools in the manner and form and on the blanks prescribed by the Superintendent of Public Instruction.
(d) Make or maintain such other records or reports as are required by law.

Section 35251

Whenever in any school year the school register of any teacher, or other records of any school district are destroyed by conflagration or public calamity, preventing the teacher and school officers from making their annual reports in the usual manner and with accuracy, affidavits of the teacher, the school principals, or other officers of the school district, certifying as to the contents of the destroyed register or other records, shall be accepted by all school authorities for all school purposes appertaining to the school district, except that of average daily attendance.

Section 35252

Whenever the average daily attendance of any school district has been materially affected in any school year by conflagration, public calamity, or epidemic of unusual duration and prevalence, the regular annual reports of the teacher, the school principal, or officers of the school district, shall be accepted by all school officers for all school matters appertaining to the school district, except that of average daily attendance.

Section 35253

Whenever the destruction of records of a district is not otherwise authorized or provided for by law, the governing board of the district may destroy such records of the district in accordance with regulations of the Superintendent of Public Instruction which he is herewith authorized to adopt.

Section 35254

The governing board of any school district may make photographic, microfilm, or electronic copies of any records of the district. The original of any records of which a photographic, microfilm, or electronic copy has been made may be destroyed when provision is made for permanently maintaining the photographic, microfilm or electronic copies in the files of the district, except that no original record that is basic to any required audit shall be destroyed prior to the second July 1st succeeding the completion of the audit.
Section 35255

In any joint school district, all returns, reports, certificates, estimates, petitions, and other papers of any kind relating to schools and school districts, required by law to be filed with or presented to the board of supervisors or county superintendent of schools, shall be filed with or presented to the supervisors or superintendent of schools of each county in which any portion of the district is situated.

California Education Code
Division 3. Local Administration
Part 21. Local Educational Agencies
Article 7. Disposition of Records, Funds, Property, and Obligations When Reorganized

Section 35562

If all the territory of any school district becomes part of two or more districts of any type, and the inclusion in the two or more new school districts of the several portions of territory comprising the whole of the original district is effective for all purposes on the same date, the records of the original district shall be disposed of as follows:
(a) All records of the original district which are required by law to be kept on file shall be deposited with the governing board of the district which, after the reorganization has become effective for all purposes, has located within its boundaries the former office of the superintendent of the original district.
(b) Records of employees shall be transferred to the district thereafter employing the personnel or thereafter maintaining the last place of employment.
(c) Records of pupils shall be transferred to the district which, after the date on which the reorganization becomes effective for all purposes, maintains the school in which a pupil was last enrolled.

California Education Code
Division 4. Instruction and Services
Part 27. Pupils
Chapter 6.5. Pupil Records
Article 2. Definitions

Section 49061

As used in this chapter:
(a) "Parent" means a natural parent, an adopted parent, or legal guardian. If the parents are divorced or legally separated, only a parent having legal custody of the pupil may challenge the content of a record pursuant to Section 49070, offer a written response to a record pursuant to Section 49072, or consent to release records to others pursuant to Section 49075. Either parent may grant consent if both parents have notified, in writing, the school or school district that an agreement has been made. If a pupil has attained the age of 18 years or is attending an institution of postsecondary education, the permission or consent required of, and the rights accorded to, the parents or guardian of the pupil shall thereafter only be required of, and accorded to, the pupil.
(b) "Pupil record" means any item of information directly related to an identifiable pupil, other than directory information, that is maintained by a school district or required to be maintained by an employee in the performance of his or her duties whether recorded by handwriting, print,
School districts shall establish, maintain, and destroy pupil records according to regulations adopted by the State Board of Education. Pupil records shall include a pupil's health record. Such regulations shall establish state policy as to what items of information shall be placed into pupil records and what information is appropriate to be compiled by individual school officers or employees under the exception to pupil records provided in subdivision (b) of Section 49061. No pupil records shall be destroyed except pursuant to such regulations or as provided in subdivisions (b) and (c) of Section 49070.

(a) The Legislature finds and declares that the academic record of a transferring pupil is essential to the pupil's placement, academic success, and timely graduation. The Legislature further finds and declares that an accurate, updated pupil record enhances school safety, academic achievement, and pupil welfare when the record of a transferring pupil includes transcripts, immunization records, and, when applicable, suspension notices, expulsion records, and individualized education programs.

(b) If a pupil transfers from one public school to another or to a private school, or transfers from a private school to a public school within the state, the pupil's permanent record or a copy of it shall be transferred by the former public school or private school no later than 10 schooldays following the date the request is received from the public school or private school where the pupil intends to enroll.
(c) As used in this section, "schoolday" means a day upon which the school is in session or nonholiday weekdays during the summer break.

(d) A public school requesting a transfer of a record pursuant to this section shall notify the parent of his or her right to receive a copy of the record and a right to a hearing to challenge the content of the record.

(e) The state board may adopt rules and regulations concerning the transfer of records.

(f) Nothing in this section shall supersede any other state or federal law governing the transfer of pupil records for specific pupil populations, including, but not limited to, Sections 49069.5 and 56043.

Section 49066

(a) When grades are given for any course of instruction taught in a school district, the grade given to each pupil shall be the grade determined by the teacher of the course and the determination of the pupil's grade by the teacher, in the absence of clerical or mechanical mistake, fraud, bad faith, or incompetency, shall be final.

(b) The governing board of the school district and the superintendent of such district shall not order a pupil's grade to be changed unless the teacher who determined such grade is, to the extent practicable, given an opportunity to state orally, in writing, or both, the reasons for which such grade was given and is, to the extent practicable, included in all discussions relating to the changing of such grade.

(c) No grade of a pupil participating in a physical education class, however, may be adversely affected due to the fact that the pupil does not wear standardized physical education apparel where the failure to wear such apparel arises from circumstances beyond the control of the pupil.

California Education Code
Division 4. Instruction and Services
Part 27. Pupils
Chapter 6.5. Pupil Records
Article 4 Rights of Parents

Section 49070

Following an inspection and review of a pupil's records, the parent or guardian of a pupil or former pupil of a school district may challenge the content of any pupil record.

(a) The parent or guardian of a pupil may file a written request with the superintendent of the district to correct or remove any information recorded in the written records concerning his or her child which the parent or guardian alleges to be any of the following:

1. Inaccurate.
2. An unsubstantiated personal conclusion or inference.
3. A conclusion or inference outside of the observer's area of competence.
4. Not based on the personal observation of a named person with the time and place of the observation noted.
5. Misleading.
6. In violation of the privacy or other rights of the pupil.

(b) Within 30 days of receipt of a request pursuant to subdivision (a), the superintendent or the superintendent's designee shall meet with the parent or guardian and the certificated employee who recorded the information in question, if any, and if the employee is presently employed by the school district. The superintendent shall then sustain or deny the allegations. If the superintendent sustains any or all of the allegations, he or she shall order the correction or the removal and destruction of the information. However, in accordance with Section 49066, the superintendent shall not order a pupil's grade to be changed unless the teacher who determined
the grade is, to the extent practicable, given an opportunity to state orally, in writing, or both, the
reasons for which the grade was given and is, to the extent practicable, included in all
discussions relating to the changing of the grade. If the superintendent denies any or all of the
allegations and refuses to order the correction or the removal of the information, the parent or
guardian may, within 30 days of the refusal, appeal the decision in writing to the governing
board of the school district.
(c) Within 30 days of receipt of an appeal pursuant to subdivision (b), the governing board shall,
in closed session with the parent or guardian and the certificated employee who recorded the
information in question, if any, and if the employee is presently employed by the school district,
determine whether or not to sustain or deny the allegations. If the governing board sustains any
or all of the allegations, it shall order the superintendent to immediately correct or remove and
destroy the information from the written records of the pupil, and so inform the parent or
guardian in writing. However, in accordance with Section 49066, the governing board shall not
order a pupil's grade to be changed unless the teacher who determined the grade is, to the
extent practicable, given an opportunity to state orally, in writing, or both, the reasons for which
the grade was given and is, to the extent practicable, included in all discussions relating to the
changing of the grade. The decision of the governing board shall be final. Records of these
administrative proceedings shall be maintained in a confidential manner and shall be destroyed
one year after the decision of the governing board, unless the parent or guardian initiates legal
proceedings relative to the disputed information within the prescribed period.
(d) If the final decision of the governing board is unfavorable to the parent or guardian, or if the
parent or guardian accepts an unfavorable decision by the district superintendent, the parent or
guardian shall be informed and shall have the right to submit a written statement of his or her
objections to the information. This statement shall become a part of the pupil's school record
until the information objected to is corrected or removed.

Section 49072

Whenever there is included in any pupil record information concerning any disciplinary action
taken by school district personnel in connection with the pupil, the school district maintaining
such record or records shall allow the pupil's parent to include in such pupil record a written
statement or response concerning the disciplinary action.

California Education Code
Division 4. Instruction and Services
Part 27. Pupils
Chapter 6.5. Pupil Records
Article 5. Privacy of Pupil Records

Section 49073.1

(a) A local educational agency may, pursuant to a policy adopted by its governing board or, in
the case of a charter school, its governing body, enter into a contract with a third party for either
or both of the following purposes:

(1) To provide services, including cloud-based services, for the digital storage,
management, and retrieval of pupil records.

(2) To provide digital educational software that authorizes a third-party provider of digital
educational software to access, store, and use pupil records in accordance with the contractual
provisions listed in subdivision (b).

(b) A local educational agency that enters into a contract with a third party for purposes of
subdivision (a) shall ensure the contract contains all of the following:
(1) A statement that pupil records continue to be the property of and under the control of the local educational agency.

(2) Notwithstanding paragraph (1), a description of the means by which pupils may retain possession and control of their own pupil-generated content, if applicable, including options by which a pupil may transfer pupil-generated content to a personal account.

(3) A prohibition against the third party using any information in the pupil record for any purpose other than those required or specifically permitted by the contract.

(4) A description of the procedures by which a parent, legal guardian, or eligible pupil may review personally identifiable information in the pupil's records and correct erroneous information.

(5) A description of the actions the third party will take, including the designation and training of responsible individuals, to ensure the security and confidentiality of pupil records. Compliance with this requirement shall not, in itself, absolve the third party of liability in the event of an unauthorized disclosure of pupil records.

(6) A description of the procedures for notifying the affected parent, legal guardian, or eligible pupil in the event of an unauthorized disclosure of the pupil's records.

(7) (A) A certification that a pupil's records shall not be retained or available to the third party upon completion of the terms of the contract and a description of how that certification will be enforced.

(B) The requirements provided in subparagraph (A) shall not apply to pupil-generated content if the pupil chooses to establish or maintain an account with the third party for the purpose of storing that content pursuant to paragraph (2).

(8) A description of how the local educational agency and the third party will jointly ensure compliance with the federal Family Educational Rights and Privacy Act (20 U.S.C. Sec. 1232g).

(9) A prohibition against the third party using personally identifiable information in pupil records to engage in targeted advertising.

(c) In addition to any other penalties, a contract that fails to comply with the requirements of this section shall be rendered void if, upon notice and a reasonable opportunity to cure, the noncompliant party fails to come into compliance and cure any defect. Written notice of noncompliance may be provided by any party to the contract. All parties subject to a contract voided under this subdivision shall return all pupil records in their possession to the local educational agency.

(d) For purposes of this section, the following terms have the following meanings:

(1) "Deidentified information" means information that cannot be used to identify an individual pupil.

(2) "Eligible pupil" means a pupil who has reached 18 years of age.

(3) "Local educational agency" includes school districts, county offices of education, and charter schools.

(4) "Pupil-generated content" means materials created by a pupil, including, but not limited to, essays, research reports, portfolios, creative writing, music or other audio files, photographs, and account information that enables ongoing ownership of pupil content. "Pupil-generated content" does not include pupil responses to a standardized assessment where pupil possession and control would jeopardize the validity and reliability of that assessment.

(5) (A) "Pupil records" means both of the following:

(i) Any information directly related to a pupil that is maintained by the local educational agency.
(ii) Any information acquired directly from the pupil through the use of instructional software or applications assigned to the pupil by a teacher or other local educational agency employee.

(B) "Pupil records" does not mean any of the following:

(i) Deidentified information, including aggregated deidentified information, used by the third party to improve educational products for adaptive learning purposes and for customizing pupil learning.

(ii) Deidentified information, including aggregated deidentified information, used to demonstrate the effectiveness of the operator's products in the marketing of those products.

(iii) Deidentified information, including aggregated deidentified information, used for the development and improvement of educational sites, services, or applications.

(6) "Third party" refers to a provider of digital educational software or services, including cloud-based services, for the digital storage, management, and retrieval of pupil records.

(e) If the provisions of this section are in conflict with the terms of a contract in effect before January 1, 2015, the provisions of this section shall not apply to the local educational agency or the third party subject to that agreement until the expiration, amendment, or renewal of the agreement.

(f) Nothing in this section shall be construed to impose liability on a third party for content provided by any other third party.

Section 49073.6

(a) For purposes of this section, the following terms have the following meanings:

(1) "Educational purposes" means for purposes that aid in instruction in the classroom or at home, or in classroom administration.

(2)

(A) "Social media" means an electronic service or account, or electronic content, including, but not limited to, videos, still photographs, blogs, video blogs, podcasts, instant and text messages, email, online services or accounts, or Internet Web site profiles or locations.

(B) "Social media" shall not include an electronic service or account used exclusively for educational purposes or primarily to facilitate creation of school-sponsored publications, such as a yearbook or pupil newspaper, under the direction or control of a school, teacher, or yearbook adviser.

(b) Notwithstanding any other law or regulation, a school district, county office of education, or charter school that considers a program to gather or maintain in its records any information obtained from social media of any enrolled pupil shall notify pupils and their parents or guardians about the proposed program and provide an opportunity for public comment at a regularly scheduled public meeting of the governing board of the school district or county office of education, or governing body of the charter school, as applicable, before the adoption of the program. The notification required by this subdivision may be provided as part of the notification required pursuant to Section 48980.

(c) Notwithstanding Section 49062, a school district, county office of education, or charter school that adopts a program pursuant to subdivision (b) shall do all of the following:

(1) Gather or maintain only information that pertains directly to school safety or to pupil safety.

(2) Provide a pupil with access to any information about the pupil gathered or maintained by the school district, county office of education, or charter school that was obtained from social media, and an opportunity to correct or delete such information.
(3)

(A) Destroy information gathered from social media and maintained in its records within one year after a pupil turns 18 years of age or within one year after the pupil is no longer enrolled in the school district, county office of education, or charter school, whichever occurs first.

(B) Notify each parent or guardian of a pupil subject to the program that the pupil's information is being gathered from social media and that any information subject to this section maintained in the school district's, county office of education's, or charter school's records with regard to the pupil shall be destroyed in accordance with subparagraph (A). The notification required by this subparagraph may be provided as part of the notification required pursuant to Section 48980. The notification shall include, but is not limited to, all of the following:

(i) An explanation of the process by which a pupil or a pupil's parent or guardian may access the pupil's records for examination of the information gathered or maintained pursuant to this section.

(ii) An explanation of the process by which a pupil or a pupil's parent or guardian may request the removal of information or make corrections to information gathered or maintained pursuant to this section.

(C) If the school district, county office of education, or charter school contracts with a third party to gather information from social media on an enrolled pupil, require the contract to do all of the following:

(i) Prohibit the third party from using the information for purposes other than to satisfy the terms of the contract.

(ii) Prohibit the third party from selling or sharing the information with any person or entity other than the school district, county office of education, charter school, or the pupil or his or her parent or guardian.

(iii) Require the third party to destroy the information immediately upon satisfying the terms of the contract.

(iv) Require the third party, upon notice and a reasonable opportunity to act, to destroy information pertaining to a pupil when the pupil turns 18 years of age or is no longer enrolled in the school district, county office of education, or charter school, whichever occurs first. The school district, county office of education, or charter school shall provide notice to the third party when a pupil turns 18 years of age or is no longer enrolled in the school district, county office of education, or charter school. Notice provided pursuant to this clause shall not be used for any other purpose.

Section 49075

(a) A school district may permit access to pupil records to any person for whom a parent of the pupil has executed written consent specifying the records to be released and identifying the party or class of parties to whom the records may be released. The recipient must be notified that the transmission of the information to others without the written consent of the parent is prohibited. The consent notice shall be permanently kept with the record file.

(b) Notwithstanding subdivision (a), school lunch applications and information shared pursuant to Section 49557.2 shall be retained by any school district in the manner most useful to the administration of the school lunch program.
Section 76210

As used in this chapter, the following definitions shall apply:

(a) "Student record" means any item of information directly related to an identifiable student, other than directory information, which is maintained by a community college or required to be maintained by any employee in the performance of his or her duties, whether recorded by handwriting, print, tapes, film, microfilm or other means.

(1) "Student record" does not include (A) confidential letters and statements of recommendations maintained by a community college on or before January 1, 1975, if these letters or statements are not used for purposes other than those for which they were specifically intended, (B) information provided by a student's parents relating to applications for financial aid or scholarships, or (C) information related to a student compiled by a community college officer or employee that remains in the sole possession of the maker and is not accessible or revealed to any other person except a substitute. For purposes of this paragraph, "substitute" means a person who performs, on a temporary basis, the duties of the individual who made the notes and does not refer to a person who permanently succeeds the maker of the notes in his or her position.

(2) "Student record" also does not include information related to a student created or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in his or her professional or paraprofessional capacity, or assisting in that capacity, and that is created, maintained, or used only in connection with the provision of treatment to the student and is not available to anyone other than persons providing that treatment. However, that record may be personally reviewed by a physician or other appropriate professional of the student's choice.

(3) "Student record" does not include information maintained by a community college law enforcement unit, if the personnel of the unit do not have access to student records pursuant to Section 76243, the information maintained by the unit is kept apart from information maintained pursuant to subdivision (a), the information is maintained solely for law enforcement purposes, and the information is not made available to persons other than law enforcement officials of the same jurisdiction. "Student record" does not include information maintained in the normal course of business pertaining to persons who are employed by a community college, if the information relates exclusively to the person in that person's capacity as an employee and is not available for use for any other purpose.

(b) "Directory information" means one or more of the following items: a student's name, address, telephone number, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, the most recent previous public or private school attended by the student, and any other information authorized in writing by the student.

(c) "Access" means a personal inspection and review of a record or an accurate copy of a record, or an oral description or communication of a record or an accurate copy of a record, and a request to release a copy of any record.
Section 76220

Community college districts shall establish, maintain, and destroy student records according to regulations adopted by the Board of Governors of the California Community Colleges. Such regulations shall establish state policy as to what items of information shall be placed into student records and what information is appropriate to be compiled by individual community college officers or employees under the exception to student records provided in subdivisions (a) and (b) of Section 76210. No student records shall be destroyed except pursuant to such regulations or as provided in subdivisions (b) and (c) of Section 76232.

Section 76225

Whenever a student transfers from one community college or public or private institution of postsecondary education to another within the state, appropriate records or a copy thereof shall be transferred by the former community college, or college or university upon a request from the student. However, the community college, college, or university from which the student is transferring may notify the student that the student's records will be transferred upon payment by the student of all fees and charges due the community college, college, or university. Any community college, college, or university making a transfer of these records shall notify the student of his or her right to receive a copy of the record and his or her right to a hearing to challenge the content of the record. The board of governors may adopt rules and regulations concerning transfer of these records to, from, or between colleges under its jurisdiction.

Section 76232

(a) Any student may file a written request with the chief administrative officer of a community college district to correct or remove information recorded in his or her student records which the student alleges to be: (1) inaccurate; (2) an unsubstantiated personal conclusion or inference; (3) a conclusion or inference outside of the observer's area of competence; or (4) not based on the personal observation of a named person with the time and place of the observation noted.
(b) Within 30 days of receipt of the request, the chief administrative officer, or his or her designee, shall meet with the student and the employee who recorded the information in question, if any, if the employee is presently employed by the community college district. The chief administrative officer or his or her designee shall then sustain or deny the allegations. If the chief administrative officer, or his or her designee, sustains any or all of the allegations, he or she shall order the correction or removal and destruction of the information. If the chief administrative officer, or his or her designee, denies any or all of the allegations and refuses to order the correction or removal of the information, the student, within 30 days of the refusal, may appeal the decision in writing to the governing board of the community college district.
Within 30 days of receipt of an appeal, the governing board shall, in closed session with the student and the employee who recorded the information in question, if any, and if that employee is presently employed by the community college district, determine whether to sustain or deny the allegations. If the governing board sustains any or all of the allegations, it shall order the chief administrative officer, or his or her designee, to immediately correct or remove and destroy the information. The decision of the governing board shall be final. Records of these administrative proceedings shall be maintained in a confidential manner and shall be destroyed one year after the decision of the governing board unless the student initiates legal proceedings relative to the disputed information within the prescribed period.

If the final decision of the governing board is unfavorable to the student or if the student accepts an unfavorable decision by the chief administrative officer, the student shall have the right to submit a written statement of his or her objections to the information. This statement shall become a part of the student's record until the information objected to is corrected or removed.

Section 76233

Whenever there is included in any student record information concerning any disciplinary action taken by community college personnel in connection with the student, the student shall be allowed to include in such record a written statement or response concerning the disciplinary action.

Section 76242

A community college district may permit access to student records to any person for whom the student has executed written consent specifying the records to be released and identifying the party or class of parties to whom the records may be released. The recipient must be notified that the transmission of the information to others without the written consent of the student is prohibited. The consent notice shall be permanently kept with the record file.

Section 76243

(a) A community college or community college district is not authorized to permit access to student records to any person without the written consent of the student or unless pursuant to judicial order, except that access may be permitted to the following:

(1) Officials and employees of the community college, if they have a legitimate educational interest to inspect a record.

(2) Authorized representatives of the Comptroller General of the United States, the Secretary of Health, Education, and Welfare, an administrative head of an education agency, state education officials, or their respective designees or the United States Office of Civil Rights, where that information is necessary to audit or evaluate a state or federally supported education program or pursuant to a federal or state law, except that when the collection of personally identifiable information is specifically authorized by federal law, any data collected by those officials shall be protected in a manner that will not permit the personal identification of students or their parents by other than those officials, and any personally identifiable data shall be destroyed when no longer needed for that audit, evaluation, and enforcement of federal legal requirements.

(3) Other state and local officials or authorities to the extent that information is specifically required to be reported pursuant to state law adopted prior to November 19, 1974.

(4) Officials of other public or private schools or school systems, including local, county, or state correctional facilities where educational programs are provided, where the student
seeks or intends to enroll, or is directed to enroll, subject to the rights of students as provided in Section 76225.

(5) Agencies or organizations in connection with a student's application for, or receipt of, financial aid, provided that information permitting the personal identification of students may be disclosed only as may be necessary for those purposes as to determine the eligibility of the student for financial aid, to determine the amount of the financial aid, to determine the conditions that will be imposed regarding the financial aid, or to enforce the terms or conditions of the financial aid.

(6) Accrediting organizations in order to carry out their accrediting functions.

(7) Organizations conducting studies for, or on behalf of, educational agencies or institutions for the purpose of developing, validating, or administering predictive tests, administering student aid programs, and improving instruction, if those studies are conducted in such a manner as will not permit the personal identification of students or their parents by persons other than representatives of those organizations and the information will be destroyed when no longer needed for the purpose for which it is conducted.

(8) 

(A) Appropriate persons in connection with an emergency if the knowledge of that information is necessary to protect the health or safety of a student or other persons, or subject to any regulations issued by the Secretary of Health, Education, and Welfare.

(B) A person, persons, agency, or organization permitted access to student records pursuant to this section shall not permit access to any information obtained from those records by any other person, persons, agency, or organization, except to the extent permitted under the federal Family Educational Rights and Privacy Act (20 U.S.C. Sec. 1232g) and state law, without the written consent of the student, provided that this subparagraph shall not require prior student consent when information obtained pursuant to this section is shared with other persons within the educational institution, agency or organization obtaining access, so long as those persons have a legitimate educational interest in the information.

(b) The alleged victim of any sexual assault or physical abuse, including rape, forced sodomy, forced oral copulation, rape by a foreign object, sexual battery, or threat or assault, or any conduct that threatens the health and safety of the alleged victim, which is the basis of any disciplinary action taken by a community college, shall be permitted access to that information. For the purposes of this subdivision, access to student record information shall be in the form of notice of the results of any disciplinary action by the community college and the results of any appeal, which shall be provided to the alleged victim within three days following that disciplinary action or appeal. The alleged victim shall keep the results of that disciplinary action and appeal confidential.
Policy Memorandum No. 85-306, February 1990

Policy

Effective January 1, 1990, Child Nutrition Program records shall be retained for a period of three years after the submission of the fiscal year’s final Claim for Reimbursement. In cases where audit findings have not been resolved, records shall be retained beyond the three-year period until the audit issues are resolved. This policy also applies to adult day care food program sponsors.

Background

Federal regulations governing Child Nutrition Programs stipulate a three-year record retention period; however, based on requirements of the California Education Code, Section 33421, a five-year record retention for Child Nutrition Program records has been in effect.

On July 21, 1989, Assembly Bill 1226 was signed into law as Chapter 194, Statutes of 1989, effective January 1, 1990. This legislation specifies that Child Nutrition Program records shall be retained in accordance with regulations adopted by the United States Department of Agriculture. The enactment of this legislation establishes consistency between state law and federal regulation with regards to the retention of Child Nutrition Program records.

My Name Is...

A Legal and Practical Framework for Affirming Students’ Identities in their Records and in the School Setting
Introduction

■ Collection of laws intended to support transgender and gender diverse students.
  - Student-centered, intended to honor student’s self-identification

■ Navigating these legal requirements can be logistically challenging, as schools strive to both comply with record-keeping requirements and protect and support transgender and gender diverse students

■ With this presentation, we hope to guide you through legal requirements and practical considerations for supporting students
Roadmap

- What are student records?
- When may transgender and gender diverse students use their chosen name, identified gender, and preferred pronouns in the school setting and in their student records?
- Considerations for changing a student's records:
  - Current students
    - Is parent consent required?
    - Existing records
    - Prospective records
  - Former students
Roadmap

- Supporting transgender and gender diverse students on campus
  - Schoolwide support for students and staff
  - Access to facilities
  - Talking to the school community
  - Dress code
  - Curriculum
  - Bullying and harassment
  - Special education
A NOTE ABOUT LANGUAGE
Key Terms

- **“Gender”** means sex, and includes a person's gender identity and gender expression. (Education Code Section 210.7)

- **“Gender expression”** refers to external cues that one uses to represent or communicate one’s gender to others, such as behavior, clothing, hairstyles, activities, voice, mannerisms, or body characteristics.

- **“Gender identity”** is a person's deeply held sense or psychological knowledge of their own gender, regardless of the gender they were assigned at birth. Everyone has a gender identity.

https://www.cde.ca.gov/re/di/ed/faq.asp

Fagen Friedman & Fulfrost LLP
Key Terms

- LGBT, LGBTQ, and LGBTQ+
- “Deadname” and “Deadnaming”
- Words We Use to Discuss Gender Identity
  - Transgender
  - Nonbinary
  - Gender Non-Conforming
  - Genderfluid
  - Genderqueer
  - Agender
  - Cisgender
  - AMAB (assigned male at birth)
  - AFAB (assigned female at birth)
  - ...and more!
Personal Pronouns

- The words you use in place of someone’s proper name
  - she/her, they/them, they/he, ze/zir, etc.

- If you don’t know someone’s personal pronouns, ask!
  - Ask in a manner that is respectful and mindful of the person’s privacy

- Teachers may give students a “Get To Know You” form at the start of the school year. Consider adding a question about the student’s pronouns to the form.
Using Gender-Inclusive Language

- Singular “they” is already a gender-neutral pronoun in standard English.
  - E.g., “Someone left their notebook here.”
  - Where appropriate, use “they” instead of “he or she,” and “their” instead of “his or hers”

- Beyond pronouns, promote inclusivity by using gender-neutral terms other communications.
  - E.g., instead of saying “mom and dad,” say “parents”
WHAT ARE STUDENT RECORDS?
First, a note about FERPA...

- Family Educational Rights and Privacy Act
- Federal law that protects the privacy of student records
- In CA, LEA’s obligation regarding whether and when to change a student’s name and/or gender in their records depends on the type of record it is under state law, not federal law.
  - So here, we will focus on the categories of records described in state law, not FERPA
Pupil Records, Defined

- Any item of information
- Directly related to an identifiable pupil
- Maintained by a school district or required to be maintained by an employee in the performance of their duties

See Ed. Code §49061
Pupil Records, Defined

“Pupil record” does NOT include:

- Directory information: one or more of the following items: pupil’s name, address, telephone number, date of birth, email address, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous public or private school attended by the pupil.

- Informal notes related to a pupil compiled by a school officer or employee that remain in the sole possession of the maker and are not accessible or revealed to any other person except a substitute.

See Ed. Code §49061
Three Types of Pupil Records

1. Mandatory Permanent Pupil Records
2. Mandatory Interim Pupil Records
3. Permitted Pupil Records

- Law describes characteristics of each record type
- Law does NOT say what specific records fall into each category
  - Depends on each district’s board policies
  - Category of a specific record may vary from district to district
Three Types of Pupil Records

- A student’s name will appear in every type of record.
- A student’s gender may not appear in all records
  - But gendered pronouns (he/him, she/her) may appear!
- For transgender and gender diverse students, do you use the student’s:
  - Legal name or chosen name?
  - Assigned gender or identified gender? Assigned or preferred pronouns?
Three Types of Pupil Records

- Use legal name or chosen name?
- Mandatory permanent pupil records include/require a student's **legal** name. Other types do not.
  - For mandatory permanent pupil records ONLY: Need legal documentation of name change to update student’s legal name
  - All other types of records: Upon request, use student’s chosen name, whether or not district has received legal documentation
    - But whose request?
Three Types of Pupil Records

- Use assigned gender or identified gender? Assigned or preferred pronouns?
- For mandatory permanent pupil records ONLY
  - We are not aware of any legal authority that requires legal documentation to change a student's gender within their mandatory permanent pupil record
  - We are also not aware of any legal authority that prohibits use of legal documentation to change a student’s gender in mandatory permanent pupil records
Three Types of Pupil Records

- Mandatory permanent pupil records continued:
  - CALPADS guidance: “There is no specific requirement regarding what documents LEAs should review or require, or what specific process LEAs should follow, in determining the gender to be recorded on the mandatory permanent pupil record, or whether and when to update that recorded gender.”
  - Note that you do not need a court ordered recognition of gender change to change your California driver's license, California birth certificate, social security card, or U.S. passport.

- All other types of records: Upon request, use student’s identified gender and preferred pronouns
  - But whose request?

https://www.cde.ca.gov/ds/sp/cl/calpadsupdflash158.asp
https://www.courts.ca.gov/25797.htm
Mandatory Permanent Pupil Records

- Maintained in perpetuity (either original or exact copy).
- Records which schools are required to compile by state law or administrative directive.
- Records (either original or exact copy) are forwarded upon request if the student enrolls or intends to enroll in another public or private school.
- **The only record “type” that requires a student’s LEGAL name!**
- **Need legal verification of a name change in order to change a student’s name in this type of record.**

See 5 CCR § 430(d)(1) and 5 CCR § 432(b)(1).
Mandatory Permanent Pupil Records

Such records shall include:

- Legal name of pupil.
- Date of birth.
- Method of verification of birth date.
- Sex of pupil.
- Place of birth.
- Name and address of parent of minor pupil.
  - Address of minor pupil if different than the above.
  - An annual verification of the name and address of the parent and the residence of the pupil.
- Entering and leaving date of each school year and for any summer session or other extra session.
- Subjects taken during each year, half-year, summer session, or quarter.
- If marks or credit are given, the mark or number of credits toward graduation allows for work taken.
- Verification of or exemption from required immunizations.
- Date of high school graduation or equivalent.

See 5 CCR § 432(b)(1).
Mandatory Permanent Pupil Records

To determine if a record falls into this category:

- Check state statutes and regulations
  - Check list in 5 CCR § 432(b)(1)
- Check District’s board policies and administrative regulations
- Is District required to retain any records in perpetuity?

Depending on board polices, common examples may include:

- Transcript. But consider:
  - Official transcript?
  - Unofficial transcript?
- California School Immunization Record ("CSIR Cards")
- Verification of birth documents (e.g., birth certificate)
Mandatory Interim Pupil Records

- Records which schools are required to maintain for stipulated periods of time and then destroy, as required by state law or administrative directive
- Do not need legal verification to change a student’s name and/or gender on these records

See 5 CCR §430(d)(2) and 5 CCR §432(b)(2).
Mandatory Interim Pupil Records

Such records include:

- A log identifying people or organizations outside the school requesting or receiving information from the record.
- Health information, including Child Health Developmental Disabilities Prevention Program verification or waiver.
- Participation in special education programs including required tests, case studies, authorizations, and actions necessary to establish eligibility for admission or discharge.
- Language training records.
- Progress slips, grade reports, report cards as required by Education Code Sections 49066 and 49067
- Parental restrictions regarding access to directory information or related stipulations.
- Parent or adult pupil responses to challenged records and to disciplinary action.
- Parental authorizations or prohibitions of pupil participation in specific programs.
- Results of standardized tests administered within the preceding three years.

5 CCR §432(b)(2).
Mandatory Interim Pupil Records

- To determine if a record falls into this category:
  - Check state statutes and regulations
  - Check District’s board policies and administrative regulations
  - Is District required to retain any records for X amount of time, and then destroy the record?

- Depending on board policies, common examples may include:
  - Progress reports
  - Report cards
  - Special education assessments
  - IEPs
  - 504 Plans
  - Standardized test scores
  - ELPAC/CELDT scores
  - Disciplinary records: ONLY responses/appeals received from parent or adult student
Permitted Pupil Records

- Important to the current educational process of the student
- May be maintained for appropriate educational purposes
- Do not need legal verification to change a student’s name and/or gender on these records
- Depending on board policies, common examples may include:
  - Objective counselor and/or teacher ratings.
  - Routine discipline data and disciplinary notices.
  - Attendance records

See 5 CCR §430(d)(3) and 5 CCR §432(b)(3).
Other Relevant School Records

- Schools generate lots of other items that may include a student’s name and/or gender. Such items may or may not be pupil records. For example:
  - Student ID cards or badges
  - Classroom and homeroom rosters
  - Sports and other extracurricular team rosters
  - School newspapers or newsletters
  - Yearbooks
  - Certificates or awards
  - Letters home to parents
A Note About Diplomas

- Type of record that diploma falls under may vary from district to district, depending on board policy
- We can locate no legal authority that a diploma must have a student’s legal name on their diploma
- AB 245 (2021): Public colleges in CA must allow use of student’s chosen name on diploma, regardless of legal documentation
CREATING PROSPECTIVE RECORDS OF CURRENT STUDENTS
Is Parent Consent Required?

- To use a student’s chosen name and/or gender in their prospective records
- Two schools of thought:
  1. No, do not require parent consent
     - CDE guidance supports this approach
  2. Yes, require parent consent
     - No specific legal requirement for this
- Disclaimer! Mandatory Permanent Pupil Records
  - Legal documentation is required to change a student’s name in these records
    - As discussed previously, unclear whether legal documentation is required to change student’s gender in these records
  - Discussion of parent consent applies to all other records
Regardless of Option...

- Student has the right to privacy regarding their gender identity and transgender status
- Upon request, staff must use student’s chosen name and preferred pronouns at school
  - Deliberate use of a student’s incorrect name could constitute bullying or harassment and should be dealt with accordingly
- CDE: “If a student so chooses, district personnel shall be required to address the student by a name and the pronouns consistent with the student’s gender identity, without the necessity of legal documentation or a change to the student’s official district record.”

https://www.cde.ca.gov/re/di eo/faqs.asp
Option 1: Parent Consent NOT Required

- Can update student’s name and/or gender in their records (prospectively) without parent consent or knowledge
- However, parents have the right to review their student’s records
Option 1: Parent Consent NOT Required

- If student requests change, talk to them!
  - Explain parents’ right to view their records
    - Is student out to their parents?
    - Is student comfortable with parents seeing their chosen name in student records, in notes home, etc.?
    - The intent is NOT to counsel Student away from coming out or changing records, but to ensure that they understand the impact and prioritize their safety
  - Who can/will be informed of the student’s gender identity?
- Discuss with student what records they are comfortable changing
Option 1: Parent Consent NOT Required

- Do you document the discussion?
  - Gender Support Plan, messages to student’s current teachers, etc.
  - The document may become a pupil record. Parents would have a right to view it.
  - If student does not want parents to know, consider:
    - Maintaining any documentation in personal possession
    - Having verbal conversations with other staff on a “need to know” basis
Option 1: Parent Consent NOT Required

- CDE: “With rare exceptions, schools are required to respect the limitations that a student places on the disclosure of their transgender status, including not sharing that information with the student’s parents.”

- Discuss: Parent notification if necessary to protect the health or safety of student and/or otherwise required by law

https://www.cde.ca.gov/RE/DI/eq/faqs.asp
Option 1: Parent Consent NOT Required

- CDE guidance: Even if district has not received documentation of student’s legal name and/or gender change, district should update all unofficial records to student’s chosen name, identified gender, and preferred pronouns

https://www.cde.ca.gov/RE/DI/eo/faqs.asp
Option 1: Parent Consent NOT Required

- District must protect against inadvertent disclosure of student’s legal name and/or gender
  - Separate records with student’s legal name and/or gender so only authorized staff can access them
    - Authorized staff can be school psychologist, guidance counselor, special education assessors, nurse, etc.
    - Paper records: Place in a separate location, include note in main file that other records separated
    - Electronic records: “Lock” access in student information system

https://www.cde.ca.gov/re/di/eo/faqs.asp
Option 1: Parent Consent NOT Required

- Benefits of this approach
  - Prioritizes privacy of student’s gender identity
  - Allows student more control over disclosure of identity
  - Minimizes risk of student being “deadnamed” or “outed” as transgender, which could subject student to bullying or harassment

- Not a “one size fits all” approach
Option 1: Parent Consent NOT Required

- Student may request that school withhold their chosen name and gender identity from parents.

- How to address letters, other items that go home with student? Suggestions:
  - Some schools issue two ID cards to student, one with legal and one with chosen name, so student can present whichever they feel is safer/more appropriate.
  - Some schools have a list of students whose names are changed temporarily in electronic records before mass mailings.
  - Talk to IT
  - Talk to the student
Option 2: Require Parent Consent

- There appears to be no legal authority that requires districts to obtain parent consent to change a student’s name and/or gender in prospective records
- Some districts still require parent consent
- “One size fits all” approach
Option 2: Require Parent Consent

- **Logistical challenge:** Refer to students by chosen name and preferred pronoun, but use legal name and assigned gender in all records.
- **Privacy challenge:** Risks unintentional disclosure of student’s transgender status
  - E.g., Substitute teacher calls student by legal name, listed on class roster, outing student
- This approach may be based on Ed. Code §49070, challenging the content of a pupil record
  - Ed. Code §49070 was amended in 2020 to allow parents and former students to change name and/or gender of student in existing records
  - In general, Ed. Code §49070 is about correcting records that have already been created, not about how future records will be created
  - Ed. Code §49070 only allows parents of current students to challenge content of pupil record. It does not explicitly allow current student to do so
  - May analogize this process to apply to prospective records too, allowing only parents to define the content (name and/or gender) of prospective records
CHANGING EXISTING RECORDS OF CURRENT STUDENTS
Existing Records of Current Students

- Records that were created before the request came in

- State law provides one option for challenging (changing) existing records of current students: Ed. Code §49070
  - Does not specify what must be done with all existing records
  - Under state law, current students do not have authority to change the content of existing records.
Existing Records of Current Students

- Parents of current students can request that district correct student’s name and/or gender in its records
  - Using process in Ed. Code §49070(c)(5) for challenging content of pupil record
  - Parent must provide a list of records requested to be corrected
  - Law does not prohibit parent from requesting that ALL records be corrected
Existing Records of Current Students

- If district agrees, district must add a new document to the student’s record that includes all of the following information:
  - Date of the request.
  - Date the requested records were corrected.
  - List of the records requested to be corrected.
  - Type of documentation, if any, provided to demonstrate a legal change to the pupil’s or name, gender, or both.
    - Such documentation is NOT required under this process
  - Name of staff that completed the request.
  - Corrected and former names, genders, or both, of the student

- Document must be maintained indefinitely in a confidential manner

See Education Code § 49070(c)(5)
Existing Records of Current Students

- Practice tips for changing existing records of current students. Note that none of these items are required by law. These are simply practical considerations:
  - Check board policies for any rules about segregating records
  - Separate old records with deadname from records with student’s chosen name and identified gender
    - Keep old records in a locked location
    - Allows necessary staff to access vital information about Student’s history for assessments, health reports, etc.

- There appears to be no legal requirement that districts change student’s name and/or gender in all prior records, such as:
  - Records that were created before the student requested that their name be changed
  - Records created by a third party (e.g., medical report, records from old school district, etc.)
Existing Records of Current Students

- If district declines to change some or all of student’s records:
  - Parent may appeal to the school board
    - School board will determine whether to sustain or deny parent’s request to change student’s name and/or gender in their records
      - If school board sustains request, district must add document to student’s records documenting change, as in Ed. Code §49070(c)(5)
      - If school board denies request, parent may submit a written statement of their objections, which will become part of student’s records
  - District may be subjected to complaints of discrimination, harassment, and/or bullying
  - Parent or student may file a complaint with the USDOE OCR

- What happens if a student requests that prospective records use their chosen name and preferred gender, and Parents file a request to change them back? What process would Parents use?
  - Who prevails? Student using chosen name or parents requesting use of birth name?
CHANGING RECORDS OF FORMER STUDENTS
If Legal Documentation IS Provided

- If former student provides district with legal documentation of legal name and/or gender change, district must update former pupil’s records with updated legal name or gender

- Legal documentation includes, but is not limited to:
  - State-issued driver’s license
  - Birth certificate.
  - Passport.
  - Social security card.
  - Court order indicating a name change or a gender change, or both.

See Education Code § 49062.5
If Legal Documentation IS Provided

- District must reissue any documents to former pupil with updated legal name and/or gender, if requested
  - E.g., transcript, a high school diploma, a high school equivalency certificate
- Do not need to modify any documents that former student has not requested be modified or reissued
- See Education Code § 49062.5
If Legal Documentation IS Provided

- After reissuing the records, district must add a new document to the former pupil’s file that includes all of the following:
  - Date of the request.
  - Date the requested records were reissued
  - List of the records that were requested by, and reissued to, the former pupil.
  - Type of documentation provided by the former pupil in order to demonstrate the legal name or gender change.
  - Name of the staff person that completed the request
  - Current and former name or gender of the former pupil.

See Education Code § 49062.5
If Legal Documentation is NOT Provided

- Former student can use the process to challenge a pupil record as described in Education Code §49070
- This process applies to former students and parents of current students
If Legal Documentation is NOT Provided

- Former student can request to change their name and/or gender
- If district agrees, district must add a new document to the student’s record that includes all of the following information:
  - Date of the request.
  - Date the requested records were corrected.
  - List of the records requested to be corrected.
  - Type of documentation, if any, provided to demonstrate a legal change to the pupil’s or name, gender, or both.
    - Such documentation is NOT required under this process
  - Name of staff that completed the request.
  - Corrected and former names, genders, or both, of the student
- Document must be maintained indefinitely in a confidential manner

See Education Code § 49070(c)(5)
Recourse if District Refuses to Change Student’s Records

- What if district denies former student’s request to update records?
  - Student may file a complaint of discrimination or harassment
    - Complaint is filed with District
    - Decision may be appealed to CDE
  - Student may file a complaint with the USDOE OCR
  - District attract unwanted media attention
SUPPORTING TRANSGENDER AND GENDER DIVERSE STUDENTS ON CAMPUS
Statistics

- 9.2% of kids self-identify as gender diverse (Pediatrics, June 2021)
- .7% of individuals ages 13-17 identify as transgender (UCLA School of Law Williams Institute, January 2017)
- 20-40% of homeless youth identify as LGBT (youth.gov)
- 13% of youth detained in juvenile justice system identify as LGBT (youth.gov)
- 85% of LGBT youth reported experiencing bullying in school (GLSEN)
- 30% of youth in foster care identify as LGBTQ+ (childwelfare.gov)
- Transgender and gender diverse youth face mental health conditions at higher rates than cisgender youth (Pediatrics, May 2018)
  - Risk of developing a mental health condition was three to 13 times higher
  - Risk of attention deficit disorder was three to seven times greater
  - Risk of depression was four to seven times greater
Communicating with ALL Students

- Affirming students’ identities to create a safer, more inclusive campus
- Reduce stigma and discrimination with respect to LGBT identity
- Make all students aware of counseling, other resources for transgender and gender diverse students
  - Orientation/Welcome packets
  - Ongoing reminders, posters
  - Awareness activities
  - Identifying trusted adults to talk to
Communicating with Transgender and Gender Diverse Students

- If you think a student may be questioning their gender identity and may need support:
  - Who initiates communication?
  - When it appropriate for staff to initiate?
  - What triggers the communication?
  - What should be communicated?
- Communication should be based on student themselves, not on expected gender roles or gender presentation.
  - Exercise caution, don’t presume intervention or support is needed simply because student has changed their appearance or affect
- Documenting your communication?
  - Is the document a pupil record?
- If a student approaches you regarding bullying or harassment, how do you address it?
- Be realistic and transparent with student about privacy. Do your best to protect the student’s privacy, but remind the student that their parents may learn about their gender identity from their records, or even from peers
Staff Training and Support

- Do staff know to use appropriate, inclusive language?
  - Inclusive, gender-neutral terms such as “parent” instead of “mom and dad” or “partner” instead of “girlfriend”
  - Reflecting student’s self-identification (chosen name, preferred pronouns)

- Do staff understand the importance of respecting a student’s privacy related to their gender identity?

- Do staff know what to do if a student comes out to them?
  - Are there resources that staff can share with students questioning their gender identity?
  - Do staff know where they can turn to if they have questions?
  - Do staff understand the fluidity of gender identity, and that a student’s gender identity can change even after they come out?

- Are staff aware of training requirements and legal obligations related to transgender and gender diverse students?

- Staff must understand that they must set aside their personal biases when working with transgender and gender diverse students
Gender Support Plan

- Document to help student and staff understand where and to whom student is “out,” to identify staff members student can go to for support

- Not required for all transgender or gender diverse students
  - Some students may be out and secure in their gender identity
  - Some may request or require support

- Contents can vary. Consider including:
  - Whether parent/guardian is aware, is supportive
  - To whom student is out, among both staff and peers
  - Student’s chosen name and preferred pronouns, and whether student wants everyone or only certain people to use these
  - Student’s preference regarding updating records
  - “Go to” adults if student has a safety issue
  - Which facilities will student use?
  - What sports team will student play on?
Gender Support Plan

- Living document! May change as student’s gender identity evolves
- Who may be informed?
- Who may be involved in creating this?
  - Ask student if they wish for parents to be involved
- Is this a pupil record?
  - Depends on the contents of the plan and who it is shared with
  - Pupil record does not include informal notes related to a pupil compiled by school staff, that remain in the sole possession of the maker and are not accessible or revealed to anyone except a substitute. (Ed. Code 49061)
  - If parents are unaware of student’s gender identity, discuss with the student that parents have access to their student records, and may have access to gender support plan
    - The intent is NOT to counsel student away from coming out or changing records, but to ensure that they understand the impact and prioritize their safety
ACCESS TO FACILITIES
Access to Facilities

“A pupil shall be permitted to participate in sex-segregated school programs and activities, including athletic teams and competitions, and use facilities consistent with his or her gender identity, irrespective of the gender listed on the pupil’s records.”

California Education Code 221.5(f)
Access to Facilities

- Students must be allowed to participate on the sports team that is consistent with their gender identity.

- Student must be allowed to use the locker room/changing room that is consistent with their gender identity.
  - School can offer Student a private changing area or single-stall restroom, but cannot require the student to use it.
Sports Hypotheticals

- AFAB student now identifies as nonbinary, uses he/they. Student wants to continue in female sports. Student currently plays on girls’ basketball team. School has a boys’ basketball team as well.
  - What does school do?
  - What sports team does Student play on?
- Can a student play girls’ basketball and boys’ soccer?
- Can a student play both boys’ and girls’ water polo? (fall and spring seasons, respectively)
Sports Considerations

- Where does the student feel safe?
  - It’s not where district thinks they would feel the safest
  - Student-centered decision-making
- Let student know to check in with staff if uncomfortable
  - Staff should continue to monitor and follow up with student to ensure student remains safe and comfortable
- CIF has bylaws regarding participation of transgender student athletes in sports, they can provide guidance on specific situations that may arise
- If you have questions about CIF participation rules, contact CIF to explain the situation.
TALKING TO THE SCHOOL COMMUNITY
Talking to the School Community

- Do not disclose the identity of a transgender or gender diverse student
- If a parent complains of transgender students’ access to facilities that are consistent with their gender identity:
  - Explain that the school cannot discuss confidential information about a student, including their gender and gender identity.
  - Explain that under state law, students have the right to use the school facilities that are consistent with their gender identity
    - Express support of every student’s right to do so.
  - If a parent/student is not comfortable with the student using facilities alongside a transgender student, the school can offer them the use of a private or single-stall restroom and changing area.
  - Cannot prevent a transgender student from using gendered facilities because other students may be uncomfortable.
- Remind everyone that discrimination and bullying of any student will not be tolerated

See Education Code § 221.5
DRESS CODES
Dress Codes

- Nondiscriminatory gender segregated dress codes may be enforced by a school or school district pursuant to district policy.
  - Students shall have the right to dress in accordance with their gender identity, within the constraints of the dress codes adopted by the school.
  - School staff shall not enforce a school’s dress code more strictly against transgender and gender diverse students than other students.

- Some districts are adopting gender-neutral dress codes
  - Revise school clothing rules to be more equitable, to apply to all students equally.
    - Example: Rules about tank tops/shoulder-baring tops apply to all students, instead of girls only
  - Prioritize comfort and safety over gendered expectations of students’ attire
    - Example: “Secured clothing that protects and covers personal body parts”

- Enforcement
  - Staff are trained to avoid body shaming students for violating the dress code
  - Staff do not correct a dress code violation during instructional time or in front of other students

https://www.cde.ca.gov/re/di/eo/faqs.asp
Turlock Unified School District: BP/AR 5132; Student Handbook
CURRICULUM
California Healthy Youth Act (AB 329, 2015)

- LGBTQ-inclusive comprehensive sexual health and HIV prevention education
- Opt out: Parents can opt out of comprehensive sexual health curriculum
  - Opt out does not apply outside of comprehensive sexual health education

Ed. Code§ 51930-51939
https://www.cde.ca.gov/ci/he/cf/cahealthfaq.asp
FAIR Education Act (SB 48, 2011)

- FAIR: Fair, Accurate, Inclusive, and Respectful
- Regarding inclusion of contributions of various groups in CA and US history
- Updated to include various ethnic groups, people with disabilities, and LGBT Americans
- Instruction in history–social science, grades 1-12 should include the contributions of listed groups
  - Up to each district how to include the content
- Parents have the right to review curriculum, meet with teacher and principal
  - No opt-out provision

https://www.cde.ca.gov/ci/cr/cf/senatebill48faq.asp
BULLYING AND HARASSMENT
Bullying and Harassment

- Bullying and harassment **based on** student’s gender, gender identity, or gender expression MUST be investigated under Uniform Complaint Procedures, not usual bullying investigation practices.

- Deliberate use of a student’s incorrect name and/or pronouns could constitute bullying or harassment and should be dealt with accordingly.

- District may have adopted BP/AR 5145.3 regarding nondiscrimination and harassment
  - Includes harassment based on gender, gender identity, and gender expression

Ed. Code §33315
SPECIAL EDUCATION
Special Education Eligibility

- IDEA provides 13 eligibility categories:
  - Autism
  - Deaf-blindness
  - Deafness
  - Emotional disturbance
  - Hard of hearing
  - Intellectual disabilities
  - Multiple disabilities
  - Orthopedic impairment
  - Other health impairment
  - Specific learning disability
  - Speech or language impairment
  - Traumatic brain injury
  - Visual impairment

34 CFR § 300.8, 5 CCR § 3003
Special Education Eligibility

- Transgender or gender diverse gender identity is not itself a qualifying condition for special education services under Section 504 or IDEA.
- BUT consider if Student has or demonstrates other conditions related to their gender identity (e.g., gender dysphoria, depression, anxiety, psychosis)
  - Conditions may not be caused by their gender identity, but by society’s treatment of it
  - Could this lead to eligibility under ED, other categories?
  - This is an IEP team discussion!
Special Education Assessments

- For all students, including transgender and gender diverse students, district must assess in all areas of suspected disability to identify all areas of need
  - Identified areas of need drive development of goals
  - Development of goals drive placement and services

- When assessing a transgender or gender diverse student using a standardized instrument, what norm group should be use if there is no “combined sex” group?
  - Contact the publisher for test-specific instructions
  - Consider doing both norms, depending on age of child, recency of student’s transition, duration of transgender identity, etc.
Special Education Assessments

*Many of the rating scales through MHS can be scored online and combined genders can be chosen. The automatically generated reports do use pronouns associated with the gender the examiner chose on the “Add New Client” screen.*
Special Education Assessments

- **Assessment reports**
  - Assessment reports will likely need to have a cautionary statement explaining deviations from available comparative norms, or explanation that highlights the students' identity and reasons for assessing in the manner that the professional determines is appropriate based on the whole child.
  - How should the student be addressed in the report?
    - If appropriate, can staff talk to student about purpose of report, who will see it?
    - How do they wish to be referred to?

- **Other considerations for assessment reports:**
  - What if student is not out to parents?
  - What if a student comes out as transgender or gender diverse during the assessment process? Shortly after assessment is completed?
Developing IEPs

- **Goal development**
  - If student has identified needs regarding their gender identity, coming out, etc., consider goals related to self-advocacy, coping skills, etc.
  - Do not presume that every transgender or gender diverse student will need such goals. Ensure goals are based on identified needs.

- **Communicating with parents**
  - For students who are not out to parents, ask how they wish to be addressed in IEP documents, IEP team meetings.
  - How do you communicate with parents who have concerns about student’s gender expression, in context of disability? For example:
    - Spending time with peers of one gender over another.
    - “Acting like a girl” or “acting like a boy”

- **If student has experienced bullying**
  - If there is evidence that the bullying has adversely affected a student’s receipt of FAPE, an IEP team should be convened to determine whether, as result of the bullying, student’s needs have changed such that IEP is no longer designed to provide FAPE.

Dear Colleague Letter (OCR 2014) 64 IDELR 115
Putting It Into Practice

- Sometimes a student’s gender identity is relevant to their disabling condition. Sometimes it is not relevant.
- Is being transgender connected to the student’s disability? If so, how? Consider the following examples:
  - A transgender student with a learning disability
  - A nonbinary student with emotional disturbance
  - A transgender student on the autism spectrum
Hypo: SLD and Gender Diversity

- Consider: Transgender student with a specific learning disability (SLD)
- SLD Definition:
  - A disorder in one or more of the basic psychological processes involved in understanding or in using language, spoken or written, that may have manifested itself in the imperfect ability to listen, think, speak, read, write, spell, or do mathematical calculations
  - Does not include learning problems that are primarily the result of visual, hearing, or motor disabilities, of intellectual disability, of emotional disturbance, or of environmental, cultural, or economic disadvantage

5 CCR §3030(b)(10)
Hypo: SLD and Gender Diversity

- How relevant is student’s gender identity to their assessment?
  - Does gender identity impact any of the basic psychological processes involved in understanding or in using spoken or written language?
- How relevant is student’s gender identity to their needs?
  - Needs may not be limited to academic needs, just because student is eligible under SLD
  - Does the student require counseling related to their social-emotional functioning and gender identity? Is it impacting the student educationally?
Hypo: ED and Gender Diversity

- Consider: Nonbinary student being evaluated for emotional disturbance (ED)
- ED definition: A condition exhibiting one or more of the following characteristics over a long period of time and to a marked degree that adversely affects a child's educational performance:
  - An inability to learn that cannot be explained by intellectual, sensory, or health factors.
  - An **inability to build or maintain satisfactory interpersonal relationships** with peers and teachers.
  - Inappropriate types of behavior or feelings under normal circumstances.
  - A general pervasive mood of **unhappiness** or **depression**.
  - A tendency to develop **physical symptoms or fears associated with personal or school problems**.

5 CCR §3030(b)(4)
Hypo: ED and Gender Diversity

- What is assessor looking for?
- How relevant is student’s gender identity to their assessment? How might gender identity interact with ED criteria?
  - Check your biases: Exhibiting transgender or gender diverse identity does not fall under “inappropriate types of behavior or feelings”
  - Could student have “a general pervasive mood of unhappiness or depression?”
    - Not because they are nonbinary, but because of the way their identity is viewed and treated by community, society at large
- How relevant is student’s gender identity to their needs?
- What goals would the IEP team develop?
- What services would the IEP team propose?
Hypo: AUT and Gender Diversity

- Consider: Transgender student with autism (AUT)
- AUT eligibility category definition:
  - A developmental disability significantly affecting **verbal and nonverbal communication** and **social interaction**, generally evident before age three, and adversely affecting a child's educational performance.
  - Other characteristics often associated with autism are engagement in repetitive activities and stereotyped movements, resistance to environmental change or change in daily routines, and unusual responses to sensory experiences.

5 CCR §3030(b)(1)
Hypo: AUT and Gender Diversity

- Youth with ASD were 7.59 times more likely to express gender variance than the control group.
- In general, autistic individuals may struggle with:
  - Social awareness
  - Communication
  - Peer interaction

(Strang et al., *Archives of Sexual Behavior*, 2015)
(Seattle Children’s Autism Center, *Gender Dysphoria and Autism Spectrum Disorder*, 2019)
Hypo: AUT and Gender Diversity

- How might autism interact with gender identity?
  - Individuals with autism may want to present as another gender, but may lack social awareness and so cannot copy behaviors well
  - Individuals with autism may struggle with how to appropriately communicate their gender diversity to others

National Association of School Psychologists and Gender Spectrum, *Gender Inclusive Schools: Counseling and Supporting Students and Families*, 2016
Hypo: AUT and Gender Diversity

■ What is assessor looking for?
■ How relevant is student’s gender identity to their assessment? How might gender identity interact with AUT criteria?
  □ Does the student have difficulty communicating their gender identity to others?
  □ Does the student perseverate on issues related to gender and gender identity?
■ How relevant is student’s gender identity to their needs?
■ What goals would the IEP team develop?
■ What services would the IEP team propose?

### Maintenance of Pupil Records - Special Education & 504

<table>
<thead>
<tr>
<th>File Category</th>
<th>Examples</th>
<th>Maintenance</th>
</tr>
</thead>
</table>
| **Mandatory Permanent** (maintain permanently) | Teachers, service providers, case managers, and 504 coordinators are not responsible for maintaining any mandatory permanent records.  
This is the responsibility of the school/district administration and office staff. | Special education case managers are responsible for ensuring original copies of all IEPs and assessment reports are forwarded to Educational Support Services for the maintenance of permanent records.  
Special education case managers are responsible for uploading a complete copy of the IEP including forms requiring a signature and signed assessment reports to SEIS.  
504 coordinators are responsible for ensuring school office staff receive a copy of all 504 paperwork. |
| **Mandatory Interim** (maintain 3 years after usefulness ceases) | Special Education Teacher and Service Provider Files  
*See the section below related to maintaining records related to Medi-Cal Billing.* | Student moves to a different school within RCSD, including elementary to middle school transitions:  
1. Review teacher/service provider file to ensure only items listed are included, in date order and without duplicate copies  
2. Send file to new school site through district mail  
Student promotes from 8th grade or disenrolls from the district:  
1. Review teacher/service provider file and send any originals or protocols to Educational Support Services office.  
2. Keep remaining documents (data collection, service logs, evidence to support progress, etc.) at the school site for the current year and past 3 years  
3. Shred remaining items in file (see #2) at the school site three years after usefulness. Do NOT send to Educational Support Services (ESS).  
*Example #1:* Student promotes from 8th grade in May 2020. Maintain current year (2019/2020) and past three years: 2018/2019 (Year 1), 2017/2018 (Year 2), and 2016/2017 (Year 3). Maintain file for 3 years after usefulness. At the end of 2022/2023 school year, shred file at school site.  
*Example #2:* Student is a 3rd grader in 2019/2020 school year and disenrolls from the district. Maintain current year (2019/2020) and past three years: 2018/2019 (Year 1), 2017/2018 (Year 2), and 2016/2017 (Year 3). Maintain file for 3 years after usefulness. At the end of 2022/2023 school year, shred file at school site.  
**TIP:** Consider placing a “Shred Date” on the file for easy reference when a student promotes from 8th grade or leaves the district. |
| District Special Education Student Files | District Special Education Student Files  
1. Original Blue Folder will be sent to high school in July | |

*Updated August 2020*
## Maintenance of Pupil Records - Special Education & 504

### Permitted

*maintain 6 months after usefulness ceases*

These are student records that are maintained for appropriate educational purposes and have clear importance only to the student’s current educational process. These may be part of your teacher file and may include:

1. Objective counselor and/or teacher ratings
2. Standardized test results older than three years
3. Routine discipline data
4. Informal classroom-based observations
5. Behavior observation rating scales
6. Reports of behavior difficulties and all disciplinary notices
7. Discipline reports

May be destroyed when no longer useful or 6 months following completion of or withdrawal from school. When a student graduates from 8th grade or moves, these records may be removed from your teacher file and destroyed (at your site)

**Informal Notes:** Informal notes kept solely for personal use are not considered an educational record.
## Maintenance of Pupil Records - Special Education & 504

### Additional Guidance for Current Students

All case managers and service providers should maintain a file for current students.

1. Maintain the current year and 3 years of files, rotating each school year. For example,
   - Year One: 2017-2018 School Year
   - Year Two: 2018-2019 School Year
   - Year Three: 2019-2020 School Year
   - Current Year: 2020-2021 School Year

2. At the end of each school year, the Year One file (more than 3 years old) is destroyed appropriately unless the file is “high profile” and requires maintenance of record.
   - Files can be shredded at the school site, and do not need to be forwarded to Educational Support Services for shredding.
   - “High Profile” files are defined as files that have current or recent (in the last three years) legal involvement and/or due process filing. Forward those files to Educational Support Services Office for file maintenance.

3. SEIS Guidance: If evidence/document can be found in SEIS, then it does not need to be maintained as a paper copy in the teacher/service provider file. For example,
   - Attached assessment reports with signatures
   - Progress Reports
   - IEPs (including all signature pages uploaded as attachments)

### Records Related to Medi-Cal Billing (maintain 5 years after usefulness)

Service providers must maintain records related to billing for the **current year and five previous years**. Record to be maintained include:

1. Service logs
2. Session notes

**Example:** The student is a 7th grader during the 2019/2020 school year.
   - Maintain current year (2019/2020)
   - At the beginning of 2020/2021 school year, shred 2014/2015 file

Records related to Medi-Cal billing must be clearly identified within the service provider’s file in the event of an audit.

If a student moves schools within the district, send the file to the new service provider along with the rest of the teacher/service provider file.

If a student exits services, moves to another district, or promotes to high school, send **only the Medi-Cal related service logs and session notes** to the Educational Support Services office.
What Is A Student Record?

- **Student Records:**
  - Information related to an identifiable student (other than directory information) maintained by the district, or required to be maintained by a school employee in the performance of his duties whether by handwriting, print, tapes, film, microfilm or other means.
  - Should include the student’s health record.
  - Shall not include informal notes about a student which a school employee keeps for private use and are not revealed to any other person except a substitute teacher.

Who Is Considered A “Parent?”

- A natural or adoptive parent or legal guardian.
- If parents are divorced or legally separated, any parent with legal custody may challenge the content of a record, offer written response to disciplinary action, or consent to release records to others.

Which School Employees Have Access To Student Records?

- **School Officials and Employees:**
  - Must have a “legitimate educational interest.”
  - Access permitted only by officials and employees whose duties and responsibilities to the district require that they have access to student records.

NOTICE TO PARENTS/GUARDIANS

- Upon initial enrollment and at the beginning of each year thereafter, the district shall notify parents/guardians in writing that they may inspect and review student records during regular school hours with the help of certificated staff when requested.
- If practicable, the initial notice shall be in student’s home language.
- Notice must notify parents/guardians of availability of the following information:
  - What types of student records are maintained by the district;
  - The position of the official responsible for maintaining each type of record;
  - Location of the log identifying those who request information from the records;
■ District criteria for defining “school officials and employees” and for determining “legitimate educational interest;”
■ District policies for reviewing and expunging student records;
■ Parent’s rights to access student records.
   [NOTE: See definition of “access.”]
■ District procedures for challenging the content of student records;
■ The cost, if any, charged for reproducing copies of records, and
■ The categories of information defined as directory information.
   Ed. Code § 49063.

RELEASE OF DIRECTORY INFORMATION
■ Parental consent is not required when information is shared with other persons within educational institutions, agencies or organizations obtaining access, so long as they have a legitimate interest in the information.
■ District adopts policy identifying categories of directory information;
■ District determines who may receive directory information;
   ■ **EXCEPTION**: no information may be released to a private profit-making entity other than employers, prospective employers and representatives of news media.
■ Names and addresses of students in 12th grade or who have terminated enrollment before graduation may be provided to private schools or colleges (for academic or professional goals of institution only).
■ Directory information as to any current or former student may be released pursuant to local policy.
   ■ However, notice shall be given to parents at least on an annual basis of categories of information and recipients.
■ No directory information shall be released regarding a student if parent notifies district.

ACCESS TO RECORDS
■ Directory Information Defined
   ■ Student’s name, address, phone number, date and place
of birth;
- Student’s major field of study;
- Student’s participation in officially recognized activities and sports;
- Weight and height of members of athletic teams;
- Dates of attendance;
- Degrees and awards received, and
- Most recent public or private school attended by student.

Parent Rights
- Adult Student:
  - A person who is or was enrolled in school and who is at least 18 years of age.
- Eligible Student:
  - A person 16 years or older or who has completed grade 10.
  - A minor student must show legitimate educational interest.

Parent Right to Access
- Parents of current or former students have absolute right to access student records related to their children which are maintained by school districts or private schools within five (5) days of request.
- At age 18, rights are transferred to students. Unless the adult student is a dependent for tax purposes, the adult student can prevent parent access to records.

Parents have the following rights:
- Right to inspect and review records during regular school hours;
- Right to a response from district to requests for explanations and interpretations of records;
- Right to request copies;
- No charge to copy if it prevents parents from the right to receive copies, and
- Right to be notified of location of all student records if not centrally located.
- Right to receive interpretation of record in dominant language or assistance in securing interpreter.
Access to student records and information shall not be denied to a parent because he/she is not the child’s custodial parent.

Those granted access are prohibited from releasing information to another person or agency without written permission from the parent/guardian or adult student.

Certificated personnel will be available to interpret records for parents when requested.

Persons, agencies or organizations not afforded access rights may be granted access only through written permission of the adult student or the parent/guardian with legal custody.

Access must be granted to authorized persons within five (5) days of request.

Persons, agencies or organizations not afforded access rights may be granted access only through written permission of the adult student or the parent/guardian with legal custody.

Access must be granted to authorized persons within five (5) days of request.

Parental consent should include a signed and dated document specifying the records that may be disclosed, the purpose of the disclosure, and the identity of the party or class of parties to whom the disclosure may be made.

Consent notice is a permanent part of the file.

**Student Records Log**

Log of individuals requesting and/or receiving information:

- For each student’s records, the school custodian of records shall keep a log identifying all persons, agencies or organizations requesting or receiving information from the record.

- In every instance of inspection by persons not having assigned educational responsibility, an entry shall be made in the log indicating the name of person(s) granted access, reason access was granted, time and circumstances of inspection and the records inspected.

- The log may be inspected by parent/guardian, school custodian of records and certain state/federal officials.

Exceptions to Log:

- Parents/guardians or adult students;

- Students 16 years or older or students who have completed 10th grade;
- Individuals with written parental consent, and
- School employees with legitimate educational interest.

**PRACTICE POINTER:** Keep track of everyone accessing student records.

**Access Without Parental Consent**

- Particular records relevant to the legitimate educational interests of the requester:
  - Natural or adoptive parents, legal guardians or dependent students age 18 or older;
    - Absolute right of access or legitimate educational interest?
  - Students age 16 or older or who have completed 10th grade;
  - School officials and employees;
  - School attendance and review board members, and involved school officials and employees;
  - Officials or employees of other public schools or school systems, where student is enrolling, where educational programs leading to high school graduation are provided;

- Particular records relevant to the legitimate educational interests of the requester:
  - Federal, state and local officials, as needed for program audits or compliance with law;
  - County Child Welfare Services workers responsible for the case plan of a minor who is being placed in foster care;
  - Any district attorney who is participating in or conducting a truancy mediation program;
  - Prosecuting agency for consideration against a parent/guardian for failure to comply with compulsory education laws;
  - Probation officer or district attorney for conducting criminal investigation, investigation in regard to declaring a person a ward of the court, or involving a violation of probation.

  Education Code § 49076(a).

**Privacy**

- Permitted access without parental consent:
  - The district may release information from student records to the following:
- Appropriate persons in an emergency if health and safety are at stake;
- Agencies or organizations in connection with student's application for financial aid;
- Accrediting associations;
- Organizations conducting studies on behalf of educational institutions or agencies, as limited by Education Code section 49076;
- Officials and employees of private schools or school systems where the student is enrolled or intends to enroll, subject to parent/guardian’s rights in Education Code sections 49068 and 49076.
- County elections officials may have access to information for the purpose of identifying students eligible to register to vote, offering such students an opportunity to register.
- District shall inform teacher if student engaged or reasonably suspected to be engaged in suspendable/expellable act.

- District shall release any information it has specific to a particular pupil’s identity and location that relates to the transfer of that pupil’s records to another school district within this state or any other state, or private school in this state, to a designated peace officer, upon his or her request, when a proper police purpose exists for the use of that information.
  - Proper police purpose – kidnap investigation only.
- PRACTICE POINTER: Have the district attorney request document if you wish to provide to police.

**Subpoenas**

- Information regarding a student shall be provided in compliance with a court order or lawfully issued subpoena.
- District shall make a reasonable effort to notify parent/legal guardian and student before complying with a lawfully issued subpoena.
  - Three (3) days under state law, if possible.

- District shall make reasonable effort to notify parent/legal guardian and student before complying with a court order if lawfully possible within the requirements of the order.
Service of subpoena or court order upon a public school employee:
- Public school employee served with lawfully issued subpoena or a court order for purposes of providing school record regarding a student may comply by submitting to the court, or the person designated in the subpoena, a copy of that record.
- Employee shall include an affidavit certifying that the copy is a true copy of the original record.

**TYPES OF STUDENT RECORDS**
- Mandatory permanent student records
- Mandatory interim student records
- Permitted student records

**MANDATORY PERMANENT STUDENT RECORDS**
- What do they consist of?
  - Legal name of student.
  - Date and place of birth.
  - Verification of birth date.
  - Gender of student.
  - Name and address of parent of minor pupil.
    - Address of minor pupil if different.
  - Annual verification of residence of student and name and address of parent.
  - Entering and leaving date of each school year, summer session, other session.
  - Subjects taken during each school year, half year, summer session, quarter.
  - Mark or number of credits towards graduation (if given).
  - Verification of or exemption from required immunizations.
  - Date of high school graduation or equivalent.
- How long must records be kept?
  - School districts must maintain the records indefinitely (a copy is sufficient).

**MANDATORY INTERIM STUDENT RECORDS**
- What do they consist of?
  - Expulsion order and reasons (Ed Code § 48911(j).)
- Log or record identifying persons requesting information from the record (not including school personnel).
- Health information.
- Participation in special education programs including required tests, case studies, authorizations and actions necessary to establish eligibility for admission or discharge.
- Language training records.
- Progress slips and/or notices required by Education Code section 49066 (grades/changes of grades) and section 49067 (regulations regarding pupil’s achievement).
- Parental restrictions regarding access to directory information or related stipulations.
- Parent or adult pupil rejoinders to challenged records and to disciplinary action.
- Parent authorization or prohibitions of pupil participation in specific programs.
- Results of standardized tests within preceding three (3) years.

How long must interim records be kept?
- Unless forwarded to another district, they may be classified as “disposable” after determining that their usefulness has ceased or after the student has left the district.
- Destruction shall be after the third school year in which they were deemed disposable.

**PERMITTED STUDENT RECORDS**

- They may include:
  - Objective counselor/teacher ratings;
  - Disciplinary notices and data;
  - Verified reports of relevant behavior patterns; and
  - Standardized test results older than three (3) years.

- How long must they be kept?
  - They may be maintained for appropriate educational purposes.
  - They may be destroyed when their “usefulness” ceases.
  - Supplementary attendance records.
- They may be destroyed six (6) months after student completes or withdraws from the district.

DESTRUCTION OF RECORDS
MANDATORY INTERIM AND PERMITTED STUDENT RECORDS

- How and When to Destroy Records:
  - After an order by the Governing Board that mandatory interim or permitted pupil records shall be destroyed, such records shall be destroyed in a way that guarantees they will not be viewed by the public, such as shredding, burning or pulping.
  - Mandatory interim pupil records may be destroyed during the third school year following classification as a disposable records.

CHALLENGING STUDENT RECORDS

- After inspection or review, parents may challenge content of any student record.
- Parents may file written requests with the superintendent to correct or remove written records alleged to be:
  - Inaccurate;
  - Unsubstantiated personal conclusions/inferences;
  - Conclusion or inference outside observer’s area of competence;
  - Not based on personal observations with time and place of observation noted;
  - Misleading, and/or
  - Violation of student’s privacy or other rights.
- Superintendent or designee has thirty (30) days from receipt of request to meet with parent and certificated employee who recorded information (if still employed at school).
- Superintendent must sustain or deny allegations.
- Superintendent shall not order change in grade unless teacher given an opportunity to state reasons for the grade.
- Parent has thirty (30) days to appeal to Governing Board of the District.

CHALLENGING STUDENT RECORDS, continued

- Governing Board decision is final.
If decision at either level is not in favor of parent, parent has right to submit written objection as part of student’s record.

Parent entitled to write response regarding any pupil information regarding disciplinary action.

A hearing panel is an option for the Superintendent or Governing Board.

**LOCATION AND SECURITY OF RECORDS**

- Custodian of records is responsible for security and for devising a system for access. The custodian must be a certificated employee.
- Records are maintained in a central file at student’s school. If records are maintained in different locations, a notation should be made.
- No additions except routine updating shall be made to a student’s record after high school graduation or permanent departure without prior consent of the parents/guardians or adult student.

**TRANSFER OF STUDENT RECORDS**

- All student records should be updated before they are transferred.
- Mandatory Permanent Student Records
  - When student transfers to another school district or to a private school, the former district shall send mandatory permanent student records upon request from new district/private school.
  - Original or copy shall be retained permanently by former district.
- Mandatory Interim Student Records
  - When student transfers to another California public school district, mandatory interim pupil records must be sent upon request.
  - When student transfers out of state or to a private school, the mandatory interim pupil records may be forwarded upon request.
- Permitted Student Records:
  - May be sent to any other public school district or private school upon request.
- Parent Notification
  - If student is a within-California transfer, new school shall notify parents of the transfer and the right to review, challenge and receive a copy of the record.
- If student transfers out of state, the former district may notify parents of rights to review, challenge and receive a copy of the record.

- Student records shall not be withheld because of charges or fees owed by student or parent/guardian.

- If the district has withheld transcripts for such reasons, that information shall be forwarded to new school along with student’s record.

- District shall also notify the parent/guardian in writing that its decision to withhold grades and transcript will be enforced by the new school.

- The district shall withhold grades, diploma and transcripts from any student transferring into the district whose misconduct caused a previous district to withhold them.

- When informed by the previous district that lawful compensation has been made, the district shall release these documents.
Thank you, Abbie. I have cc’d relevant DO team members so we can coordinate together.

Steve

Hi Steve,

Elevations in UT, has tentatively accepted student for placement. Their next step is to connect with parent to discuss program.

Elevations RTC | Overview and Tour - YouTube

Elevations RTC - One of the Leading Residential Treatment Centers

I am awaiting response to obtain rate sheet and the contact for contracting. I will respond to your team with that information to support those next steps.

Kindly,

Abbie Ferrera, MS, LMFT

Hi Steve,

We have two centers closely considering. Elevations in UT, has stated an acceptance on the clinical side and are pending review with the academic team. We have not utilized them before, but they are CDE certified and I will send a rate sheet as soon as they provide that.

James has been in close communications with the MV team and I believe the 30-day is not a firm date, as [redacted] has stabilized a bit and is somewhat participating again. Nevertheless, we are continuing our search and I will provide an updated list on status before the end of the week.

Kindly,

Abbie Ferrera, MS, LMFT
Subject: Re: RTC search
Hi Abbie,

I just wanted to check in on the status of the search. I know the timeline is coming up pretty soon.

Thank you,

Steve

Hi Steve,

Yes we can see who will accept before proceeding with next steps. I will send you rate sheets for places as they give those to me.

**Below are list of centers being pursued:**

- Triumph Academy
- Eagle Ranch Academy-Not CDE
- KidLink Treatment Services-some are Not CDE
- Deveraux Florida
- Diamond Ranch Academy
- Elevate
- Discovery Connections
- Southern Peaks- Not CDE

Hi Abbie,

I am informing the cabinet of the situation. DBH in Florida/GA is also not on the list for CDE? If it is possible to get a temperature check as to their willingness to accept him before making any final decisions, that would be great. Also, I would like for them to send me their rates, etc. if they are willing to accept.

Thank you,

Steve

Hi,

MCBH and the SELPA have extended the decision date for the district regarding ERMHS, to January 13th.

Thanks,

Steve

FYI regarding wraparound services if a district is not using MCBH next year. This would mean that we would not need a separate contract with JDT for HART services (wraparound).

Steve

Hi Steve,

We will be discussing this tomorrow. Currently we are thinking that we could include the districts that are not participating in the "direct services" to the district part of the MOU. The RTC and HART services would then be on a fee-for-service basis for everyone included and those who want to take part in only those services through the MOU.

Take care,
Kenyon

Hi Kacey,

This is very helpful for us.

I have additional questions:

1. For residential placements, would we need a separate contract with MCBH to assist the district in searches and audits, or, would this go through a separate set-aside pool within the SELPA for potential reimbursement?

2. If a separate contract is required directly with MCBH to support searches and audits, what might this look like?

Thank you,

Steve

Dear Kent Dunlap,

On behalf of Monterey County Behavioral Health attached is a notification of change in fiscal responsibility for children and youth placements through an Individual Education Plan (IEP).

Please note the County intends to cover FY 23 residential cost until September 30, 2022 for the two IEP youth placements (client JP-M and BH) whose placement continued from FY 22 into FY 23. Effective October 1, 2022, the fiscal responsibility for the provision of mental health treatment and residential board and care for these 2 IEP placements will be transferred to the associated LEA.

Beginning July 1, 2022, LEAs will be responsible for establishing agreements directly with your facility for residential treatment and board and care for any new IEP youth placed on or after July 1, 2022.

Kind regards,

Charise Walters,

- Residential_Notification_Fiscal_Change_to_LEA_StarView_FY22-23_Final_12-14-22.docx.pdf
December 14, 2022

Kent Dunlap, Chief Executive Officer
Star View Behavioral Health, Inc.
1501 Hughes Way, Suite 150
Long Beach, CA 90810

RE: Notification of change in fiscal responsibility of children and youth placements through an Individual Education Plan (IEP)

Dear Mr. Dunlap,

The Monterey County Health Department Behavioral Health Bureau (MCHDBHB) has a strong commitment to the timely provision of mental health treatment and residential services of children and youth who are wards, dependents, or placed as part of their IEP. At present, we have a total of two (2) IEP placements at your facility by two (2) Local Education Agencies (LEA) - Soledad Unified School District and Carmel Unified School District.

This is notification that effective October 1, 2022, the fiscal responsibility for the provision of mental health treatment and residential board and care for IEP placements will be transferred to the associated LEA due to a proposed transition in the SELPA funding stream in California. The 2022-2023 California Governor’s budget proposal changes the special education funding and policy to allocate mental health funding from SELPA directly to the LEAs. Both LEAs are aware of this change.

The MCHDBHB will continue to be fiscally responsible for the provision of mental health treatment and residential board and care cost for school-based placements through September 30, 2022, pursuant to the parties’ existing Mental Health Services Agreement A-15229 (“Agreement”). We will work with you on an amendment to our Agreement with you that, effective October 1, 2022, eliminates the provision of, and payment by the County, for residential IEP services. To the extent that students of the LEA remain in your facility after September 30, 2022, the payment for residential IEP services shall be the subject of an Agreement directly between you and the LEA. There will be no change in the fiscal responsibility for all other Monterey County youth placed on a Presumptive Transfer Waiver and we will continue payment for all other Monterey County youth through our existing Agreement.

We look forward to continuing our partnership with Star View Behavioral Health, Inc. through our Mental Health Services Agreement A-15229 between our two organizations.

Sincerely,

Kathryn Eckert,
Bureau Chief

RE: Notification of change in fiscal responsibility of children and youth placements through an Individual Education Plan (IEP)

Dear Mr. Petrie,

The Monterey County Health Department Behavioral Health Bureau (MCHDBHB) has a strong commitment to the timely provision of mental health treatment and residential services of children and youth who are wards, dependents, or placed as part of their IEP. At present, we have a total of two (2) IEP placements at your facility by two (2) Local Education Agencies (LEA) - Monterey Peninsula Unified School District and Carmel Unified School District.

This is notification that effective October 1, 2022, the fiscal responsibility for the provision of mental health treatment and residential board and care for IEP placements will be transferred to the associated LEA due to a proposed transition in the SELPA funding stream in California. The 2022-2023 California Governor’s budget proposal changes the special education funding and policy to allocate mental health funding from SELPA directly to the LEAs. Both LEAs are aware of this change.

The MCHDBHB will continue to be fiscally responsible for the provision of mental health treatment and residential board and care cost for school-based placements through September 30, 2022, pursuant to the parties’ existing Mental Health Services Agreement A-14884 (“Agreement”). We will work with you on an amendment to our Agreement with you that, effective October 1, 2022, eliminates the provision of, and payment by the County, for residential IEP services. To the extent that students of the LEA remain in your facility after September 30, 2022, the payment for residential IEP services shall be the subject of an Agreement directly between you and the LEA. There will be no change in the fiscal responsibility for all other Monterey County youth placed on a Presumptive Transfer Waiver and we will continue payment for all other Monterey County youth through our existing Agreement.

We look forward to continuing our partnership with Mountain Valley Child and Family Services, Inc. through our Mental Health Services Agreement A-14884 between our two organizations.

Sincerely,

Kathryn Eckert  
Bureau Chief

This is a great article Ted. Thanks for sharing. By the way, have you read Atomic Habits? In the book he shares the importance of systems in comparison in addition to the importance of goals and I was thinking of the strategic plan and implementation, Etc. I thought it was very interesting and applicable.

Steve

Just a notice that one of the residential treatment centers we have used in the past will be increasing their rates by 8.3% in 23-24. We currently do not have a child placed there.

Steve

Steve Gonzalez, Ed.D.
Director II, Department of Special Education
Carmel Unified School District

- 23-24 Rate letter.doc
January 31, 2023

Hello,

Mountain Valley is looking forward to collaborating with you and your students this upcoming 23-24 fiscal and school year. We have celebrated many accomplishments over this last year. We have had many successful graduates from our program, and several students received high school diplomas. We would like to acknowledge students who mastered levels in our horse program which earned them shirts and belt buckles; they completed a beautiful array of ceramics and woodwork, and we had immense success in our garden to kitchen programs teaching students to grow food and prepare meals.

MV is proud to have served our partnering districts by providing a very intensive residential treatment program with high staff to student ratio and robust therapeutic groups and look forward to continuing to do so in the future. The staffing ratio and intensive therapeutic program allows us to provide immediate crisis intervention; the ability to support our students who are experiencing mental health crisis by providing a 1:1 staff to ensure their safety; provide the healthy attention they need when feeling overwhelmed and depressed and provide extra classroom support when needed to ensure they continue to meet their IEP goals.

MV continues to have a very intense clinical program, different than you will find from our competitors. We limit the clinical caseload to six whenever possible and never exceed eight students per full time therapist. This allows for a more focused and clinically rich treatment experience for both the student and their family. Our clinical coverage and on-call capabilities allows for students and families therapeutic support in the evening, weekends, and holidays. Our clinicians work on site and are available to provide support during school hours which has resulted in our students exceeding attendance expectations, increasing their ability to stay within the classroom which has a direct impact their ability to meet their IEP goals.

During the school day, our typical class size is six students and we do not bring in any “day students” into our campus/sites. Students at our residential program attend school only with other residents in our program to ensure that we have a full twenty-four hour a day, seven days a week structured and self-contained program with complete accountability and supervision for our students. MV offers high staff to client ratio; safety; stability; structure; and many enriching programs not found in other RTC’s (horse program, 900 acres of nature, ceramics, mountain biking, wood working, job exploration with firsthand experiences, outdoor sports (full basketball courts, baseball fields fishing ponds). Please be sure to keep these factors in mind when comparing us to other programs. Mountain Valley shared with you and assured you last year that future rate increases would be strictly tied to cost of living and will be based upon a standard such as the California Necessities Index. This 23-24 year's CNI projected increase is 8.3% and will affect the LCFF. We will reflect this in our 23-24 contracting package. We will get our formal rate letter out to you by the first of April with details. In the meantime, please accept this letter as our notice of increase for the 23-24 Fiscal Year rates.
Should you have any questions please do not hesitate to contact me directly.

Sincerely,

Daniel Petrie, CEO

Mountain Valley Child and Family Services

Mountain Valley Academy and School

Hi,

I shared the following with staff and talked with staff on 2/15 about the need to input service logs into the special ed information system according to CDE mandates. A question came up regarding getting paid a prep period for this. I am sharing this because the union got involved in other districts, and I want to ensure that we follow CDE requirements while addressing the questions. I am gathering more information from the SELPA, too. CDE will be conducting a random audit for each LEA near the end of this school year related to logging services.

Thank you,

Steve

Steve Gonzalez, Ed.D.
Director II, Department of Special Education
Carmel Unified School District
sgonzalez@carmelunified.org
(831) 624-1546

If you have a mental health need during after school hours, weekends or school breaks please consider using Care Solace as a resource to identify available mental health support. For emergency concerns, call 911 and ask to speak with a Crisis Intervention Trained Officer or Monterey County Mobile Crisis Unit at 831-687-4379

Subject: Fwd: Important CDE Requirement: Service Logs
To: CUSD SpEd Teachers <cusd-sped-teachers-group@carmelunified.org>, CUSD Sped Itinerant Staff <cusd-itinerant-staff-group@carmelunified.org>, Laura Dunn <ldunn@carmelunified.org>, Elisa Tacconi <etacconi@carmelunified.org>, Jay Marden <jmarden@carmelunified.org>, Ryan Peterson <rpeterson@carmelunified.org>, Daniel Morgan <dmorgan@carmelunified.org>, Tom Parry <tparry@carmelunified.org>
Cc: Steve Gonzalez <sgonzalez@carmelunified.org>

Hello Sped staff & site admin, Please see email from Steve regarding new IEP Service Minute requirements:
Hello,

Due to a state court order, IEP service minutes are required to be documented. Below are ways to document service logs along with some resources. SIRAS also has a video to show how to log services into SIRAS:

IEP Implementation:

- This spring, the CDE will be collecting service data for a random sample of students from each LEA. The service log feature in SIRAS is a great way to document that services have been completed. The service log reports from SIRAS can now show a list of students and the degree to which they have received their services, making it easier for districts to complete the implementation review.

- Service Logs: Improvements to the service log will now allow a provider to make a log note for multiple dates, both for individual students and group sessions. In addition, you are now able to select the number of minutes served in a single click. New Service Log Features Video

- Use the Student Data Overview links on your home page to monitor Upcoming and Overdue meetings.

- Review your open meetings regularly. Finalize IEP meetings as quickly as possible, right after parent consent has been received.

IMPORTANT Information for all users in SIRAS

- IEP Implementation: This spring, the CDE will be collecting service data for a random sample of students from each LEA. Data will be collected from February-April 2023 and due to CDE by June 30, 2023. For the most accurate service log reports, each district will enter all school holidays, including those of any length. Go to the Tools menu/SELPA/District/School Admin/Calendar Events. Service log minutes report can now be generated with a date range, differences, and percentages and exported from SIRAS.

- Correct DRDP errors, if any, posted in SIRAS as quickly as possible. Notify SELPA when all errors have been addressed and if needed, re-submit the DRDP Exception list to your director and SELPA. Access the updated DRDP Help Sheet on the SIRAS4Admins Padlet.

CASE MANAGEMENT- IEP SERVICE MINUTES • IEP service minutes are documented in a number of ways:

- Service Logs • Attendance (Self-Contained classrooms) • Sign in Sheets • Documentation/notes on progress

- Medi-Cal Billing systems

- Each LEA will need to meet with service providers/teachers/case managers to ensure that service logs are being completed.

- SIRAS now can calculate the percent of services received to match the three brackets outlined by CDE when service logs are used.

Subject: Information Sharing from the Data, Evaluation and Analysis Unit of the Special Education Division
Webinar - Introduction to the 2022–23 Individualized Education Program Implementation Data Collection

The California Department of Education (CDE) would like to invite you to participate in a webinar regarding the CDE’s upcoming 2022–23 Individualized Education Program (IEP) Implementation Data Collection. The IEP Implementation Data Collection is a part of CDE’s efforts to help improve local educational agency’s (LEA’s) program efficiency and effectiveness through monitoring of special education services to students across California.

During this introductory Zoom presentation, we will provide you with a quick overview of the purpose, expectations, and projected timeline of the data collection, as well as how to navigate the data collection application. Additionally, we will answer any questions you may have at this time.

Meeting details:

Zoom Webinar Connection Information

Subject: Webinar - Introduction to the 2022–23 Individualized Education Program (IEP) Implementation Data Collection

Date: Thursday, February 16, 2023, 1:00 – 2:00 pm PT

Topic: IEP Implementation Data Collection Webinar

Register in advance for this webinar: https://us02web.zoom.us/webinar/register/WN_jM42s7JaQ9O9LtKbMNAs6w

Tip For Panelists And Attendees

To save time before the meeting, check your system to make sure it is ready to use Zoom.

- Visit the test link at https://zoom.us/test.
- If you experience issues, visit https://support.zoom.us/hc/en-us for assistance.

If you have any questions, please contact the Data, Evaluation and Analysis team by email at iepimplementation@cde.ca.gov.

SELPA Cabinet:

Happy New Year!

I hope that everyone was able to get some rest and relaxation over the holiday break. During the December 16th SELPA Cabinet meeting we discussed the upcoming IEP Implementation Data Collection and the anticipated information coming from the CDE. Below, you will find the first official notice from CDE that outlines the upcoming process. Please note that the records review will begin in May, but the LEA records of services delivered will be from February through April. As discussed in December, we recommend use of the SIRAS Service Logs feature for tracking the services that are implemented during the review period. If your district has not yet begun service tracking please ensure that a plan is in place to have tracking underway by all providers by February 1, 2023.

Take care,

Kenyon

Subject: Official Message from the State Director of Special Education

To meet the monitoring requirements outlined in 34 Code of Federal Regulations (CFR) section 300.600, the California Department of Education (CDE), Special Education Division (SED) will begin collecting aggregate data on individualized education program (IEP) Implementation in Spring 2023 to support LEAs in implementing 34 CFR 300.323 (c)(2).

During the 2021–2022 school year, the SED consulted with Special Education Local Plan Areas and Local Educational Agencies (LEAs) on the data elements and data collection methodology. The CDE also completed a pilot of the data collection with a sample of LEAs to determine the most efficient method to collect the data.

Under this new data collection, LEAs are required to review a sample of student records to determine the rate of IEP Implementation for a specified period of time. The LEA will report to the CDE an aggregated rate of implementation of services prescribed in the affirmed IEP. The number of records an LEA is required to review is based on an LEA’s size and count of students with disabilities (SWD) certified at time of census.

In April, the CDE will provide LEAs with a list of students for whom the LEA must review the student records and determine the IEP Implementation rate for a three-month period, from February 2023 to April 2023. Between May and June of 2023 the LEA will conduct the review of records for the above three month time period. The LEA will summarize and report the following: the number of students who had more or less than 90% of their services implemented during the review period. The data will be due to CDE no later than June 30, 2023.

The CDE does not prescribe the manner in which the LEA annually tracks delivery of IEP-based services. To effectively meet the reporting requirements, LEAs should maintain records, such as service logs, and track service delivery for SWDs' IEPs. The LEA will use these records to analyze the students in the sample identified by the CDE.

Shortly, the CDE will hold a number of training webinars for LEAs to describe the data collection tool that will be used to upload the data to CDE and answer LEA questions about the collection in preparation for the reporting period. More information will be made available closer to that time.

The IEP Implementation data collection comes as a part of CDE’s efforts to help improve LEA's program efficiency and effectiveness in providing special education services to students across California. We are hopeful that the inclusion of this data element in monitoring will help CDE support LEAs to uphold our promise to support all students with IEPs to reach their full potential.

If you have any questions, please contact the Data, Evaluation and Analysis team by email at iepimplementation@cde.ca.gov.

---
IEP IMPLEMENTATION MONITORING SUMMARY

*Information shared by CDE circa December 2022*
1) WHY

- CDE was found out of compliance with federal law (Emma C) because it did not adequately collect data regarding the implementation of student with disabilities (SWD) individual education programs (IEPs)

- CDE was ordered to develop an annual data collection that speaks directly to LEAs’ performance in providing all of the services promised to SWD in their annual IEPs
2) ANNUAL PROCESS

• CDE will identify a random/sample of students (10% SWD with a max of 500) over a 60 day period of time for the LEA and SELPA to review IEP service minutes

• LEA will compile all IEP service minutes and calculate total service minutes provided for each student identified

• Superintendent and SELPA will sign and certify report

• Data will be used to identify LEAs in need of monitoring and support in subsequent monitoring years
  • 100-95% of Services Received
  • 94.9-90% of Services Received
  • Less than 90% of Services Received
3) CASE MANAGEMENT- IEP SERVICE MINUTES

• **IEP service minutes are documented in a number of ways:**
  - Service Logs
  - Attendance (Self-Contained classrooms)
  - Sign in Sheets
  - Documentation/notes on progress
  - Medi-Cal Billing systems

• *Each LEA will need to meet with service providers/teachers/case managers to ensure that service logs are being completed.*

• **SIRAS now can calculate the percent of services received to match the three brackets outlined by CDE when service logs are used.**
Good questions...

Mainly the related service providers (OT, SLP, etc.)...have historically uploaded their logs into SIRAS or filled the logs out in SIRAS. The teachers haven't been asked in the past for SAI services since they are typically teaching the majority of the time. The system in SIRAS was recently updated is a new process for them, but not difficult.

Hi,

I shared the following with staff and talked with staff on 2/15 about the need to input service logs into the special ed information system according to CDE mandates. A question came up regarding getting paid a prep period for this. I am sharing this because the union got involved in other districts, and I want to ensure that we follow CDE requirements while addressing the questions. I am gathering more information from the SELPA, too. CDE will be conducting a random audit for each LEA near the end of this school year related to logging services.

Thank you,

Steve

Hello Sped staff & site admin, Please see email from Steve regarding new IEP Service Minute requirements:

---------- Forwarded message ----------
Hello,

Due to a state court order, IEP service minutes are required to be documented. Below are ways to document service logs along with some resources. SIRAS also has a video to show how to log services into SIRAS:

**IEP Implementation:**

- This spring, the CDE will be collecting service data for a random sample of students from each LEA. The service log feature in SIRAS is a great way to document that services have been completed. The service log reports from SIRAS can now show a list of students and the degree to which they have received their services, making it easier for districts to complete the implementation review.

- **Service Logs:** Improvements to the service log will now allow a provider to make a log note for multiple dates, both for individual students and group sessions. In addition, you are now able to select the number of minutes served in a single click. [New Service Log Features Video]

- **Use the Student Data Overview** links on your home page to monitor Upcoming and Overdue meetings.

- Review your open meetings regularly. Finalize IEP meetings as quickly as possible, right after parent consent has been received.

**IMPORTANT Information for all users in SIRAS**

- **IEP Implementation:** This spring, the CDE will be collecting service data for a random sample of students from each LEA. Data will be collected from February-April 2023 and due to CDE by June 30, 2023. For the most accurate service log reports, each district will enter all school holidays, including those of any length. Go to the Tools menu/SELPA/District/School Admin/Calendar Events. Service log minutes report can now be generated with a date range, differences, and percentages and exported from SIRAS.

- **Correct DRDP errors**, if any, posted in SIRAS as quickly as possible. Notify SELPA when all errors have been addressed and if needed, re-submit the DRDP Exception list to your director and SELPA. Access the updated DRDP Help Sheet on the SIRAS4Admins Padlet.

**CASE MANAGEMENT- IEP SERVICE MINUTES**

- IEP service minutes are documented in a number of ways:
  - Service Logs • Attendance (Self-Contained classrooms) • Sign in Sheets • Documentation/notes on progress
  - Medi-Cal Billing systems
  - Each LEA will need to meet with service providers/teachers/case managers to ensure that service logs are being completed.
  - SIRAS now can calculate the percent of services received to match the three brackets outlined by CDE when service logs are used.

Webinar - Introduction to the 2022–23 Individualized Education Program Implementation Data Collection
The California Department of Education (CDE) would like to invite you to participate in a webinar regarding the CDE’s upcoming 2022–23 Individualized Education Program (IEP) Implementation Data Collection. The IEP Implementation Data Collection is a part of CDE’s efforts to help improve local educational agency’s (LEA’s) program efficiency and effectiveness through monitoring of special education services to students across California.

During this introductory Zoom presentation, we will provide you with a quick overview of the purpose, expectations, and projected timeline of the data collection, as well as how to navigate the data collection application. Additionally, we will answer any questions you may have at this time.

Meeting details:

Hello All-
I had a follow up conversation with Erin Tarr regarding certification for Adaptive Physical Education. She is very interested but will need guidance on how to proceed.
As a reminder, Erin already possesses a single subject physical education credential. She has been working as a teacher assistant at CMS in the special education department since 2019. She is an amazing asset to our department and a dream to work with.
How does Erin proceed from here? It would be amazing if we could get this up and going so that the students who require APE can get the services that they need.
Thanks for your help with this!

February 2023

Academic Benefit Least Restrictive Environment Factor
Means Progress on IEP Goals

The Ninth Circuit Court of Appeals has changed the landscape of what constitutes the least restrictive environment ("LRE") for students with individualized education programs ("IEPs") by ruling that a student receives satisfactory academic benefit in a regular education classroom when the student makes progress on academic IEP goals even though a heavily-modified curriculum and the support of a one-to-one aide result in minimal academic participation with typical peers. (D.R. v. Redondo Beach Unified Sch. Dist., 56 F.4th 636 (9th Cir. 2022.)

Existing law requires that students with disabilities are educated in the LRE, which means with their typical peers to the maximum extent appropriate. In addition, students with disabilities shall be removed from the regular classroom only when the nature or severity of the disability prevents the student from being satisfactorily educated even with the use of supplementary aids and services. In analyzing whether a regular classroom is the LRE, an IEP team must determine that the student is making enough academic progress that his education is being achieved satisfactorily even if another setting would be academically superior. Other relevant factors in the LRE analysis are non-academic benefits (e.g., social and communication) the student receives from the regular
classroom, potential negative effects the student’s presence may have on the other students in the classroom (e.g., whether the student has disruptive behaviors or needs an unreasonable amount of the teacher’s time to the detriment of other students), and the cost of educating the student in the regular classroom.

In the Redondo Beach case, the student was placed in a regular classroom with a one-to-one aide for 75% of the day and spent the remainder of the day in a special education classroom. Using heavily-modified curriculum and with one-to-one aide support, the student met four of his six academic IEP goals and made progress on the other two. Nevertheless, the District believed the student would receive more academic benefit if his time in the special education setting was increased, and proposed a blended placement of 56% of the day in regular education with aide support, and 44% of the day in special education. The parents contended that the student was being satisfactorily educated by spending most of his day in the regular education class and filed for due process.

The administrative law judge (“ALJ”) ruled that the District’s proposed placement did not violate the IDEA, so the parents appealed to federal District Court. The District Court agreed with the ALJ that the student’s heavily-modified curriculum and need to spend most of his time working with his aide resulted in minimal academic participation. The District Court observed that the student “was effectively on an island in general education for academic purposes,” so spending most of his day in regular education was not the LRE. The District Court also agreed with the ALJ that the student’s success on his IEP goals did not result from inclusion in the regular education classroom, but from working on the heavily-modified curriculum with his aide and with the time spent in the special education setting.

The Ninth Circuit Court of Appeals reversed, ruling that the District’s proposed blended placement was not the LRE because the student was being educated “satisfactorily” in the regular education classroom. The Ninth Circuit explained that for students whose disabilities prevent them from performing at grade level, the proper measure of academic benefit under Rachel H. is whether the student makes progress toward academic IEP goals. This the student did. The District’s contention that the student could have made more academic progress in the special education setting did not outweigh the substantial non-academic benefits the student received in the regular classroom.

**Key Take Aways**

1. The proper LRE measure of whether a student is receiving satisfactory academic benefit in a regular education class is the amount of progress the student makes on academic IEP goals.
2. Complying with LRE may mean that a student works several years below grade level on heavily-modified curriculum with an aide in a regular classroom.
3. A student who minimally participates in the academic portion of the regular class due to working on heavily-modified curriculum with an aide may be receiving academic benefit.
4. Increased time in special education that would enable the student to attain more academic achievement is not a factor in the LRE analysis.

Subject: Academic Benefit Least Restrictive Environment Factor Means Progress on IEP Goals
To: <tknight@carmelunified.org>
The Ninth Circuit Court of Appeals has changed the landscape of what constitutes the least restrictive environment ("LRE") for students with individualized education programs ("IEPs") by ruling that a student receives satisfactory academic benefit in a regular education classroom when the student makes progress on academic IEP goals even though a heavily-modified curriculum and the support of a one-to-one aide result in minimal academic participation with typical peers. (D.R. v. Redondo Beach Unified Sch. Dist., 56 F.4th 636 (9th Cir. 2022.)

Existing law requires that students with disabilities are educated in the LRE, which means with their typical peers to the maximum extent appropriate. In addition, students with disabilities shall be removed from the regular classroom only when the nature or severity of the disability prevents the student from being satisfactorily educated even with the use of supplementary aids and services. In analyzing whether a regular classroom is the LRE, an IEP team must determine that the student is making enough academic progress that his education is being achieved satisfactorily even if another setting would be academically superior. Other relevant factors in the LRE analysis are non-academic benefits (e.g., social and communication) the student receives from the regular classroom, potential negative effects the student's presence may have on the other students in the classroom (e.g., whether the student has disruptive behaviors or needs an unreasonable amount of the teacher's time to the detriment of other students), and the cost of educating the student in the regular classroom.

In the Redondo Beach case, the student was placed in a regular classroom with a one-to-one aide for 75% of the day and spent the remainder of the day in a special education classroom. Using heavily-modified curriculum and with one-to-one aide support, the student met four of his six academic IEP goals and made progress on the other two. Nevertheless, the District believed the student would receive more academic benefit if his time in the special education setting was increased, and proposed a blended placement of 56% of the day in regular education with aide support, and 44% of the day in special education. The parents contended that the student was being satisfactorily educated by spending most of his day in the regular education class and filed for due process.

The administrative law judge ("ALJ") ruled that the District's proposed placement did not violate the IDEA, so the parents appealed to federal District Court. The District Court
agreed with the ALJ that the student’s heavily-modified curriculum and need to spend most of his time working with his aide resulted in minimal academic participation. The District Court observed that the student “was effectively on an island in general education for academic purposes,” so spending most of his day in regular education was not the LRE. The District Court also agreed with the ALJ that the student’s success on his IEP goals did not result from inclusion in the regular education classroom, but from working on the heavily-modified curriculum with his aide and with the time spent in the special education setting.

The Ninth Circuit Court of Appeals reversed, ruling that the District’s proposed blended placement was not the LRE because the student was being educated “satisfactorily” in the regular education classroom. The Ninth Circuit explained that for students whose disabilities prevent them from performing at grade level, the proper measure of academic benefit under Rachel H. is whether the student makes progress toward academic IEP goals. This the student did. The District’s contention that the student could have made more academic progress in the special education setting did not outweigh the substantial non-academic benefits the student received in the regular classroom.

Key Take Aways

1. The proper LRE measure of whether a student is receiving satisfactory academic benefit in a regular education class is the amount of progress the student makes on academic IEP goals.
2. Complying with LRE may mean that a student works several years below grade level on heavily-modified curriculum with an aide in a regular classroom.
3. A student who minimally participates in the academic portion of the regular class due to working on heavily-modified curriculum with an aide may be receiving academic benefit.
4. Increased time in special education that would enable the student to attain more academic achievement is not a factor in the LRE analysis.

Hello Sharon,

I usually let the Board President respond to all emails directed to the BOE. The personal nature of your response is what troubles me. You do have a point regarding my inappropriate remark at the last meeting of the BOARD. My apology for that...accept it or not...is still an apology. I think Sara was blind-sided by my remark and did the best she could with it. This is on me....not her.

I have concerns about your continued attempts to discredit me...which I understand is your opinion, but I find equally poor form. What you are saying about me is completely opposite of the experience most people have had regarding their experience with Karl. Since you brought up CMS in your statement, Please read the attached documents providing a summary of Faculty and Staff opinion at CMS in a memo sent to Superintendent Biasotti regarding my transfer to CHS in 2001. That memo is signed by EVERY employee at CMS at the time. That includes all faculty, custodial, secretarial, food services etc. Please read it twice. This is not something that you see often in school administration. Could they ALL have missed the issues that you are presenting. How did I get elected as a write-in candidate on my initial election to the Board...the only one to do that running for elected office in Monterey County. I have been re-elected twice since then, the last time 1st out of 9 candidates with 6500 votes. It is safe to say that the community has responded to my career with appreciation in regards to the relationships with their students. That is the single most important thing to every parent in the District. All of my election success is due in a large part to former students helping with my election campaigns.

Regarding the Board leadership election(s). The recent Board President leaving office did exactly the same thing you are talking about. She was insistent that Sara be her Clerk. At the meeting, there was a strong proposal from the ACT leadership President to return Sara to the President position. After working at CHS for a number of years, Anne was not endorsed by the ACT running for office. It is apparent that their position has not changed. You state that Karl and Sara essentially elected each other. It doesn’t work that way. The election was decided by a 3/2 vote. Two BOE members cannot decide anything. It takes 3 to move forward. You left that out of your narrative.

Instead of discrediting anyone on the BOE, I hope, we can find a way to come to a better place in moving forward. I have a lot of respect for Anne Marie as she was my partner at CHS in lobbying for those students who did not fit into that high powered academic culture. The two people who have never let go of the Career Tech Ed curriculum affecting underserved students, are Karl and Anne Marie. Finally, Anne Marie will take the lead in trying to bring balance to a pretty one-sided program at CHS. No question she will take this much farther than I was able to.

Yes, the Central Office staff should have the same access to addressing the Board with their opinions in regards to working with the Superintendent as the school sites. I have not attended any of the school site meetings, but would be happy to do this one. The door is open.

Karl and Sara,
During this sensitive time when there is an investigation regarding student sexual harassment and CHS administration’s failure to report and investigate complaints, I was appalled when at Wednesday night’s board meeting when Karl nominated Sara and said she was a student of his at middle school and, “I didn’t abuse her, and I want you to know that”.

This is yet another example, Karl, of your inability to understand appropriate behavior. It also shows that you have no respect for the seriousness of the current investigation. For you to make a joke about abuse is unacceptable, and Sara, you appeared to laugh instead of telling Karl his comment was inappropriate. You both then went on to nominate each other as President and Clerk, which seemed to be coordinated for mutual benefit. Ann-Marie Rosen’s experience in education, and on other boards, as well as her diplomacy during these tumultuous times, makes her far more qualified for either position. Your decision, Sara, to nominate Karl who is one of the biggest perpetrators of ignoring student harassment over his 20 plus years as principal, forces me to question your judgement and ability to make suitable decisions as a board member.

I feel as though you both say how much you appreciate and listen to everyone’s comments, but your actions show me you don’t take our concerns seriously. This is why staff is hesitant to publicly voice their opinions and their support of Ted Knight. Not only do they face possible criticism from the community, but more importantly they don’t have faith that the board will value their opinion and take serious action.

I used to be proud of working for CUSD, but pride has turned into embarrassment with the way you as board members have put this district in a downward spiral over the last eight years. As board members and locally elected public officials you are “responsible for setting direction, establishing effective and efficient structures, providing support, ensuring accountability, and providing community leadership as advocates for children and the school district”. It is my opinion that during the time you have both been in office, this district has had no direction, no structures, no support, no accountability, and all of these things show me that you have not been leaders or advocates for our students or the district.

I am available to discuss this further and I hope you follow through on your promise to hold listening sessions at the district office.

Sincerely,

Sharon Setliff

From: Carmel Middle School Staff  

Re: Administrative Reassignment  

September 5, 2001  

We the undersigned staff of Carmel Middle School would like to voice our concerns in regard to the high school principal vacancy, and our principal, Karl Pallastrini. On one hand, we can understand the desire of many parents and others for a reassignment of Karl to the high school. He is a wonderful principal. However, we hope that the board and administration will not rush to judgement on this matter and hear our concerns.

We emphatically state that we want Karl Pallastrini to stay at CMS. It would do tremendous harm to our school. Karl is the heart and soul of CMS. His vision and wisdom are critical to our future and past success. In our eyes he is irreplaceable. Our staff moral will, undoubtedly, be affected. Our day-to-day operation would be severely disrupted.

Prior to Karl’s arrival at CMS, the school was in chaos and had a poor reputation in the community. Shortly after Karl’s tenure began, CMS started its transformation into one of the top middle schools in the state. Without our leader, our heart and soul, we are greatly concerned about a significant decline in the quality of our programs. Our staff holds a unique allegiance to Karl; he brings out the best in us. Due to the age and issues of our students, the middle school level may be the toughest level to teach and administrate. Karl is the best, and CUSD’s middle school needs the best.

Lastly, it seems irresponsible and unfair to weaken one program to fix another one. A different, effective principal should be found for the high school while the middle school program stays intact and strong with its beloved principal, Karl Pallastrini.

Sincerely,

Sharon,

Your opening comment at the Board meeting began with your experience at CMS when I was Principal. I thought...OK, that's her opinion. When you start accusing me of "one of the biggest perpetrators of ignoring student harassment over his 20 plus years as Principal" then I have a problem. A remark like that is not reflected anywhere where data is involved. Not in summary faculty reviews at either school, or in election results over 3 BOE elections. How could faculties and the voting public get it so wrong? I agree that the communications I sent have no bearing on the current state of the District. They certainly do have a bearing on the work that I did or didn't do as Principal at CMS, and CHS. It wasn't a popularity contest, it was a statement from staff that clearly stated their view....that your vision of my work with kids isn't theirs. I am happy to provide a similar context from CHS, where many of the teachers that I hired are still there. Let me know if you are interested in hearing that. Clearly, after all of the years of service to the CUSD, what I have left is my reputation. I take that seriously. And, If I didn't respect the seriousness of the current situation at CHS, I wouldn't have voted to support the recommendation of Superintendent Knight to place the CHS Principal on leave. Enough said.

I don't have a problem with your's or anyone's opinion about me or the district. I wouldn't have responded to you at all...until you brought this into the workplace. Same introduction, then stating your concerns. The public forum is the place to express your personal concerns, which you did. The workplace should not include that kind of rhetoric as we are all working together, even though it might not seem like that at times. I have no problem with staying on point with data driven concerns, which you have also stated. I have been a part of major decisions regarding District Leadership that have not been productive. Two of those decisions were made with an entirely different Board membership. Two with some of the members of this one.

I pointed out that the former BOE President nominated Sara as Clerk. More collusion at work? A 3/1 vote, not 3/2, I stand corrected. You continue to ignore the fact that it takes 3 members to make a decision. The vote could have been 2/2.....meaning no action taken.

My offer of having 2 members of the Board meet with Central Office Staff stands. As a result, if approved by Central Office Staff, the summary result of that interaction can be read in public in order to provide perspective from those employees working with him on a daily basis. The Superintendent is entitled to that. You didn't respond to that offer in my last email. Maybe this time.

This will be my last communication regarding this matter.

Karl

On Sun, Mar 12, 2023 at 7:59 PM Sharon Setliff <ssetliff@carmelunified.org> wrote:

Karl,

Your acknowledgment of making an inappropriate joke towards Sara regarding abuse should be extended to everyone who attended the March 8th board meeting.

Directly addressing you at one board meeting, and following up in an email regarding comments you later made in the same board meeting, in no way constitutes "continued attempts to discredit" you. I am entitled to my opinion and to exercise my right of freedom of speech. An effective board member has the ability to be objective, and listen and reflect on perspectives that may not align with their own. Your reaction was to accuse me of trying to discredit you and showing poor form for expressing my opinion. This is exactly why people don't come forward to the board with their concerns.
I found it interesting that the majority of your response was attempting to convince me of your popularity. Your letter from CMS written over 22 years ago is irrelevant because it has no bearing on the current state of the district. You neglected to address what I actually said in my comments at the board meeting and my email. Perhaps you didn’t comprehend my concerns so let me restate them. You have been part of a systemic history of ignoring student harassment, and this board has robbed our district of leadership and crippled our ability to thrive for almost a decade.

The board election for President and Clerk was not determined by a 3/2 vote as only 4 board members were voting. My issue was not with the number of votes, it was the collusion between you and Sara prior to the meeting, which you also failed to address in your reply.

Numerous staff, parents, students, retirees, former administrators, and community members have contacted me with thanks and support for my comments at the board meeting. Some have conveyed they shared the same experiences I had with you while you were principal. I will continue to exercise my right to voice my opinion regarding the performance of the board and the state of our district and I hope others who support my view will come forward and express their opinions as well.

Sharon Setliff

Note: You included “srodriguez@carmelunified.org” in your email, so you may have shared information with someone outside of the intended recipients.
