Re: Carmel Unified School District: Response to California Public Records Act Request

Dear Ms. Dillard:

On behalf of our client, Carmel Unified School District ("District"), this letter serves as the District’s response to your recent request for records under the California Public Records Act ("CPRA").

In accordance with California Government Code section 6253.1, the District understands your April 24, 2022 request as follows:

- **CPRA Request Category 1**: “This specific e-mail is regarding CUSD’s proposed contract with HGHB with the project name: Tennis Court Parking.

  Given the continued lack of transparency, accountability and community information that is being proactively provided, please consider this a California Public Records Request for all records (defined as electronic e-mails/text, written/letters) around the project scope of Whitson Engineers, HGHB and employees of CUSD.

This should include[] the time frame of January 2022 through now (April 2022) and should include but not be limited to:

- Records to include Whitson Engineers including Katie Lee, Civil Engineer
- Records to include Yvonne Perez, Ted Knight, Dan Paul
- Records to include HGHB Architects including Kenneth Scates
- Records (e-mails, documents, proposals, concepts, maps) created, generated or referenced that include the name of Keith Higgins, Traffic Engineer”
To the extent that the District correctly understands the scope of your request, the District must extend the time to respond to your request by fourteen (14) days, with the effect being that the District will promptly notify you of its determination relative to your request not later than May 18, 2022. (See Gov. Code, §6253(c) [generally requiring notification of a “determination” or “whether the request ... seeks copies of disclosable public records,” but also allowing an agency to extend this response date by 14 additional days].) The circumstances warranting this extension include the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records that are demanded in your request. (Gov. Code, §6253(c).)

"Public Records" are defined under the CPRA as any writing "containing information relating to the conduct of the public's business" that are prepared, owned, used, or retained by any state or local agency, including the District. (Gov. Code, §6252.) Please be advised that only those public records that meet the definitions set forth in the CPRA, and which are not otherwise exempt from disclosure will be produced. (Gov. Code, §§6252-6255.)

In general, the following records, among others, are exempt from disclosure: (1) Preliminary drafts, notes, or interagency or intra-agency memoranda that are not retained by the public agency in the ordinary course of business (Gov. Code, §6254(a)); (2) Records, the disclosure of which is exempted or prohibited pursuant to federal or state law, including, but not limited to, provisions of the Evidence Code relating to the official information privilege, as well as trade secrets or other confidential or proprietary information (Gov. Code, §6254(k); Evid. Code, §§1040 & 1060); (3) Records exempt from disclosure under the deliberative process privilege, work product or attorney-client privilege, or the public interest exemption (Gov. Code, §§6254.25 & 6255; Evid. Code, §950, et seq.; Citizens for Open Gov. v. City of Lodi (2012) 205 Cal.App.4th 296, 305; City of San Jose v. Superior Court (1999) 74 Cal.App.4th 1008, 1019); (4) Records pertaining to pending litigation or claims (Gov. Code, §§6254(b) & 6254.25); (5) The contents of real estate appraisals or engineering or feasibility estimates and evaluations relative to the acquisition of property, or to prospective public supply and construction contracts, until all of the property has been acquired or all of the contract agreement obtained; and (6) Any other public records exempt from disclosure under Government Code section 6254, et seq., or other applicable law. Furthermore, the CPRA only requires production of records which exist at the time of the request, and the District is not required to create records in order to respond to requests. (Govt. Code, §§6252 & 6253; Haynie v. Sup. Ct. (2001) 26 Cal.4th 1061). To the extent your request seeks any of the foregoing, such records are exempt from disclosure, and the District is unable to produce such exempt and non-disclosable records, except as otherwise set forth above.

If you have any questions, please do not hesitate to contact me.

Very truly yours,

DANNIS WOLIVER KELLEY
