Today's Geo-Bee question of the day is: **Which Island in the Indian Ocean is renowned for its exclusive plant and animal species, notably lemurs, that cannot be found anywhere else on Earth?**

The GeoBee Preliminary Competition is this Thursday at LUNCH! Sign-ups for this competition have closed. For those students who signed up for the Prelim Competition, please see your room assignment posted in all social studies classes, in the library, and in the office as of today.

Tomorrow is the last day to stop by the library and place your guess on how many HiChews are in the jar! Closest answer wins the entire jar for their Advisory class.

Girls Soccer Update from Coach: Last week our girls soccer team started out by playing San Benancio at home. Mia Cobb led the girls to victory by putting two goals in the back of the net and ending the game with a 2-1 victory. **On Tuesday** they traveled to Buena Vista for a battle with the league's first place team. The girls played well but unfortunately were not able to bring home a win. **Then on Thursday** the girl's team was tasked with protecting our home turf for a second time this week. They had a lot to prove after Tuesday's defeat and they rose to the occasion. They crushed PG Middle School with a score of 9-0. Leading goal scorers were Storey Smith with a hat trick and Ashley Graham also with a hat trick. Alexis Ghio, Vivian Lander, and Julia Reeves were also able to find the back of the net and scored a goal each. Please cheer on the CMS girls as they prepare for next week's games here at home!

The Knitting Club meets today at lunch in Mrs. Clarke's Room C11
