 **The Money War Update: After Day One, CMS has raised \$475.17 for The Food Bank for Monterey County.** It looks like some of the grade levels have some interesting strategies in the works. At the moment, the eighth graders are the only ones with positive points and are in the lead with 1319 points. The sixth graders are in second place with NEGATIVE 12,213 points, and the seventh graders are in third place with NEGATIVE 12,614 points. There were \$100 bills in both the sixth and seventh grade containers. Please remember that coins add points to your grade level and paper money and checks subtract points from your grade level. Also, we cannot accept foreign coins, tokens for games, or fake money. Remember, this Money War is to help our Monterey County residents in need during the holiday season! Please keep the money coming in!
