2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Captain Cooper Elementary School is a small rural school within the Carmel Unified School District. Nestled among the redwood trees beside the Pacific Ocean coast, Captain Cooper School is committed to providing challenging learning experiences which meet the academic, social, and emotional needs of all students. Captain Cooper School prides itself on the strong connections with students and families. These positive community relationships bolsters student achievement and nurtures students' well-being.

The focus of the 2023-24 school year is supporting learning for all students. It is our goal to continue to expand and facilitate students' experiences academically, socially, emotionally and behaviorally. The teachers and instructional assistants participate in professional development for the i-Ready Math curriculum and Do the Math intervention curriculum. We continue to deepen our knowledge and implementation of the standards for mathematical practices in our classrooms, Guided Language Acquisition Development (GLAD) strategies for English learners, Orton Gillingham Literacy, Heggerty Phonics instruction, and SIPPS for literacy intervention. The Second Step social emotional learning curriculum promotes a school culture that fosters respect and empowers individuals to build positive relationships and social skills.

Our students have weekly opportunities to participate in specialized art, garden, music, Spanish, STEAM (Science, Technology, Engineering, Art and Math), physical education, and library classes. Our school counselor supports social emotional learning through classroom lessons, small group work, and individual work, teaching social skills, emotional regulation skills, conflict management and restorative practices to support healthy social, emotional and behavioral development. Our staff works together to recognize and promote character development of students through recognition of exemplary character and scholarship at weekly assemblies. In addition, the Captain Cooper Parent Club and English Language Advisory Committee (ELAC)/School Site Council (SSC) work to support additional learning opportunities. The Captain Cooper

2023-24 School Description and Mission Statement

Parent Club supports extra-curricular events and schoolwide and community events for all students, staff, and families.

Captain Cooper School's unique outdoor environment provides opportunities for students and staff to connect learning to the natural world and develop knowledge and ability to apply skills outside of the classroom. We are committed to developing responsible environmental stewards. This is done through the incorporation of outdoor learning in the Children's Garden, as well as participation in learning activities and field trips related to supporting our natural environment.

Our afterschool program includes ELA/ELD/math intervention, homework support and opportunities to explore the arts, movement, and outdoor play. The summer program integrates language arts, ELD and math with art and gardening. Both these programs give our students more time to learn and provide our families with the support they need.

Strong community connection is the key to the success of our students. Families, students, staff and local community members are essential in guiding our students to their fullest potential. Community members volunteer many hours during the school year. Local businesses support school events and offer resources to provide and enhance additional opportunities for our students.

Captain Cooper Elementary School develops students who take ownership of their learning, seek challenges, internalize positive character traits, confidently communicate, and collaborate. The educators plan instruction and design learning environments which are safe, fun and engaging. Learning is increased through problem-solving, creativity, and extending learning to the outside world.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Elementary instructional material selection committees include teacher representatives from each grade level and site. Secondary committees include teacher representatives from the department involved in the textbook selection. Site and district administration, as well as instructional coaches, also serve on these committees. For all K-8 instructional materials adoptions, only the most recent State Board of Education approved materials are considered. Publisher representatives from the two top-rated programs make a presentation to the selection committee. Texts are often piloted for a term or full school year as part of the selection process. The selection committee makes a recommendation to our governing board for district approval. All selected instructional materials are aligned with the Curriculum Frameworks adopted by the State Board of Education. Each Fall our governing board holds a public hearing to adopt a resolution of instructional materials sufficiency.

School Facility Conditions and Planned Improvements

Captain Cooper School was built in 1962 and is maintained in good condition. The school underwent renovations in cabinetry, carpeting, lighting, and replacement of water tanks in the 2014-15 school year. The school consists of two permanent buildings and two portables. The portable office building houses the office and one classroom. The other portable building is configured to include a STEAM classroom, library, and two office spaces for counseling, academic intervention, and special education instruction. The permanent buildings house three classrooms, the school's kitchen area, and staff room. Classrooms are equipped with a projector or large monitor and document camera. Students have access to technology through 1:1 laptop computers. The technology program targets research skills, word processing, keyboarding, and online project collaboration. The STEAM teacher supports student technology use weekly. In addition, each classroom enjoys an extensive classroom library with age-appropriate titles. Community donations have helped to support the increase of books in classroom libraries and the main library. Our part-time library assistant maintains our library, purchases new books, and promotes library reading programs.

We ensure the safety of students at all times by maintaining the school's schedule of supervision. We assign staff members supervisory responsibilities to monitor the arrival and departure of students and during recess and lunchtime.

The school campus includes a recreational area for student play. The area includes a play structure to support the physical development of students. The kindergarten play area was enhanced by a new play structure at the beginning of the 2019-20 school year. The blacktop area is organized into basketball courts, four-square courts, hopscotch, and a track for developmental cycles. The field area is maintained with grass to support the safe play of soccer and other field games. Included in the general recreational area is the Frank Pinney Pavilion. The pavilion serves as a shelter for lunchtime eating. A beautiful outdoor amphitheater is utilized as a meeting place for school assemblies, performances, and community gatherings. In addition, the Children's Garden offers the opportunity for hands-on experiential education as students learn about environmental stewardship, horticulture and science concepts. The school site is situated within a redwood forest clearing and California State Parks land.

Our full-time custodian/groundskeeper and district maintenance staff take pride in ensuring the school buildings and outdoor areas are well maintained. The full-time custodian safeguards the cleanliness and maintenance on a daily basis. The grounds are well-kept and free of hazards. The district maintenance crew responds to maintenance needs as necessary. During the school year, district crews worked to maintain safe brush clearance for fire safety, as well as improvement of main drainage areas.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parents are an essential part of Captain Cooper School. Parents are involved in the educational community through participation in the Parent Club, School Site Council (SSC), English Language Advisory Committee (ELAC), and District English Language Advisory Committee (DELAC). The goal of the Parent Club is to support a positive school climate through enrichment activities. The Parent Club seeks parents' input regarding school policies, student activities, fundraisers, and extracurricular activities. The School Site Council is composed of parents and staff members. It plans and monitors the School Plan for Student Achievement (SPSA) and Comprehensive School Safety Plan. The ELAC is a parent committee that convenes to provide input regarding school policy and plans and addresses topics related to children who speak a language other than English as their home language. In addition, the ELAC advises the School Site Council on the SPSA. The District English Language Advisory Committee advises the district on the Local Control Accountability Plan (LCAP), the Parent Engagement Policy and Plan, and the English Learner Master Plan and Handbook. Parents are encouraged to attend School Board meetings and comment directly to the district. For more information on how to become involved, please contact the school at (831) 667-2452.

2023-24 School Safety Plan

Captain Cooper School is committed to providing a safe physical, social, and emotional learning environment for our students. The school safety plan focuses on campus safety, emergency preparedness, character education, anti-bullying, and includes the school discipline plan. We implement a schoolwide social emotional learning (SEL) curriculum called Second Step. Restorative practices are emphasized as a critical component of the school discipline policy which has increased student ownership of behavior expectations. We also have continued our implementation of ALICE (alert, lockdown, inform, counter, evacuate) safety guidelines for school safety in critical incident situations.

Our staff ensures that students are supervised during arrival, departure, recess, and lunch. The principal, school counselor and school teaching staff are trained in Restorative Justice practices to promote positive relationships. Upper grade student volunteers are trained to support peers in conflict resolution. The student and parent handbook is reviewed with students and sent home annually to communicate behavior expectations and school and district behavior policies. The suspension and expulsion policy is included in the handbook and safety plan.

The physical campus is maintained in a safe and beautiful condition by our school custodian. Playground equipment is up to current safety standards and inspected regularly. Our school site safety team, which consists of the custodian/groundskeeper, principal and teachers, makes regular inspections. The district safety team visits the school to make recommendations. The district maintenance department makes repairs as needed.

Our staff reviews the school emergency plan yearly, and each staff member has a crisis-team assignment. We hold staff safety training at the beginning of the school year and regularly throughout the year focusing on specific drills each month. Parents are kept informed of emergency practices and student release procedures. The principal and classroom teachers train students to respond to the possibility of hostile intruders, earthquakes, fires, and floods through scheduled drills throughout the school year. An adequate supply of emergency equipment is located on-site. The school is also equipped with an emergency generator and portable heaters.

Professional Development

Captain Cooper School staff members participate regularly in opportunities for professional development. As lifelong learners, staff members seek to continually develop their understanding of effective practices and further develop their skills and knowledge. Areas of professional learning are identified for individual and group growth, guided by the School Plan for Student Achievement– which is informed by assessment results that help determine student needs and areas for improvement. For the 2023-24 school year, the area of focus is math instruction and learning, using the iReady Math curriculum and Do the Math intervention program.

Professional Development

As we continually strive for excellence, instructional staff participate in professional learning activities including conferences, workshops and coaching sessions in areas of school focus, as well as areas of individual need, interest, or expertise. In addition, teachers and staff members participate regularly in collaboration focused on acquiring and studying best practices and strategies for the classroom. Staff members are increasingly becoming learning leaders in the area of their expertise, providing professional development with their peers .

Evaluation of teachers and other staff members contributes to the continued development of individuals, promoting ongoing improvement in instruction and structures that optimally support learning. Teacher evaluations are aligned with the California Standards for the Teaching Profession. Teaching staff annually assess professional competencies and craft annual individual goals to monitor and assess professional growth throughout the year. The principal meets with individual teachers throughout the year to discuss progress toward the goal, areas of strength and resources for support. In addition to formal observation, supervision includes informal visitations to support a cycle of feedback that communicates high expectations for effective teaching and learning.
