Parent Request for School Administer Medication

I understand that school district regulations require student medication to be maintained in a secure place, under the direction of an adult employee of the school district, and not carried on the person of a student (with the exception of inhalers/epinephrine auto-injectors/diabetic supplies accompanied by appropriate physician instructions).
All medication orders will be automatically discontinued at the end of the school year-summer school. New orders are required each school year

For **ALL MEDICATIONS KEPT IN THE SCHOOL HEALTH OFFICE** only: I hereby request that the staff of my student’s school administer medication to my student during school hours as stated in the physician instructions. I also give permission to contact the physician for consultation and exchange of information as needed.
